Re: Notice of Data Security Incident

To Whom It May Concern:

I am writing on behalf of our client Fundera Inc. (“Fundera”), to inform you of a data security incident involving the personal information of residents of Massachusetts.

On or around January 25, 2024, Fundera became aware of unusual activity related to some of Fundera’s customers who went through its business loan application process. Fundera immediately launched an investigation and determined that, between January 20 and February 10, 2024, an unidentified party gained access to and acquired information that was provided to Fundera as part of the loan process. Fundera promptly conducted a diligent review of its records to determine what personal information may have been accessed. On April 26, 2024, Fundera identified 60 residents of Massachusetts whose personal information was accessed.

Based upon Fundera’s investigation to date, Fundera has determined that personal information involved in the incident may have included individual’s names and one or more of the following: address, phone number, email address, social security number, date of birth, taxpayer identification number/EIN, driver’s license or other government identification. The investigation identified no indication that PINS or other codes necessary to access financial accounts were impacted.

Upon discovery of this incident, Fundera immediately disabled access to the information. It also implemented safeguards to augment security controls to reduce the chance of a similar event occurring in the future. While there is no indication of any identity theft or fraud occurring as a result of this incident, Fundera also is offering notice recipients the opportunity to enroll in two years of complimentary credit monitoring services.

Attached is a sample of the letter that Fundera is providing to Massachusetts residents by U.S. mail. Fundera’s corporate headquarters is located at 55 Hawthorne Street, 10th Floor, Suite 1, San Francisco, California 94105.
