*RE: Important Security Notification  
Please read this entire letter.*

Dear Ms. [REDACTED]:

Brigham and Women's Hospital (BWH), a member of Mass General Brigham, is committed to protecting the security and confidentiality of our patients' information. Regrettably, we are writing to inform you of an incident involving some of that information and apologize for any concern this may cause.

On 4/8/2021, we learned that on 3/24/2021 some of your protected health information pertaining to your December 2020 telemedicine visit was inadvertently faxed to what was thought to be a pharmacy. However, workforce members later discovered that it was not a legitimate request for patient information. The information disclosed included your demographics, emergency contact's name & number, insurance name and subscriber number, PCP, date of service, location of service, referring physician, past medical history, diagnosis, lab results, medications, allergies, and care team. To date, we have no knowledge that any of your information has been used improperly. As a Massachusetts resident, you have the following rights:

- Right to obtain any police report filed regarding this incident.
- Right to file and obtain a copy of a police report if you are the victim of identity theft.
- Right to request that the credit bureaus place a security freeze on your file. Please refer to the enclosed information sheet for instructions on placing a security freeze on your credit report and additional steps you can take to further reduce any potential risk to you.

Additionally, we are offering you 24 months of free of credit monitoring and other services through Experian's IdentityWorks<sup>SM</sup>. More information on these Experian services, including instructions on how to activate the credit monitoring, is enclosed with this letter.

We sincerely regret any concern this may cause. BWH takes the privacy and security of our patients' information very seriously. We want to assure you that this matter was appropriately addressed. To help prevent something like this from happening again, we continue to improve safeguards in place to protect your information (or to improve our business processes) and promote training and education of our employees.

If you have any questions, please call please contact the Brigham Health Privacy Office toll free at 617-582-5201 during the hours of 8:00 a.m. to 4:00 p.m. Monday through Friday, or by email at

## STEPS YOU CAN TAKE TO PROTECT YOUR IDENTITY

**Security Freeze.** A security freeze prevents credit reporting bureaus from releasing information in your credit file. This can make it harder for identify thieves to open new accounts in your name. Please be aware, however, that placing a security freeze on your credit report may delay approval of any requests you make for new loans, credit, mortgages, or other services.

You have the right to request a security freeze for free. To place a security freeze on your file, you must contact each of the three national credit reporting bureaus. You can contact them by phone, online submission, or mail.

<b>Equifax Information Services</b> P.O. Box 105788 Atlanta, GA 30348 1-800-685-1111  <a href="http://www.equifax.com/personal/credit-report-services/">www.equifax.com/ personal/credit-report-services/</a>	<b>Experian</b> P.O. Box 9554 Allen, TX 75013 1-888-397-3742  <a href="http://www.experian.com/help">www.experian.com/help</a>	<b>TransUnion</b> P.O. Box 2000 Chester, PA 19016 1-888-909-8872  <a href="http://www.transunion.com/credit-help">www.transunion.com/ credit-help</a>
--	---	--

When requesting a security freeze, you will need to provide information to confirm your identity, such as your name, proof of your current address, your prior address if you've moved in the last five years, your date of birth, Social Security number, and other personal information.

A security freeze request made by phone or online will be effective within one hour. Requests by mail take up to three business days from when the bureau gets it to be effective. After requesting a freeze, you will be given a unique personal identification number (PIN) and/or a password. Keep this in a safe place as you will need it to temporarily lift or fully remove the security freeze.

The freeze will remain until you ask the credit bureau to temporarily lift or fully remove it. If the request is made online or by phone, a credit bureau must lift security freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request. There is no charge for placing, lifting, or removing a security freeze.

**Review Your Account Statements.** Carefully review your bank, credit card, and other account statements every month to ensure that your account activity is valid. Report any questionable charges promptly and in writing to the card or account issuer.

**Check Your Credit Report.** Check your credit report to ensure that all your information is correct. You can obtain a free credit report once per year by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com) or by calling 877-322-8228. If you notice any inaccuracies, report the dispute right away to the relevant credit reporting bureau. You can file a dispute on the relevant bureau's website or by contacting them at the number listed on your credit report. You can also report any suspicious activity to your local law enforcement, in which case you should request a copy of the police report and retain it for your records.

**Fraud Alert.** You have the right to request that the credit bureaus place a fraud alert on your file. A fraud alert tells creditors to contact you before opening any new accounts or increasing credit limits on your existing accounts. A fraud alert lasts for one year and is free of charge.

## Experian IdentityWorks<sup>SM</sup>

To help you detect the possible misuse of your personal information, we are providing you with a complimentary 24 month membership in Experian's IdentityWorks credit monitoring product at no cost to you.

This product helps detect possible misuse of your personal information and provides you with superior identity protection services focused on immediate identification and resolution of identity theft.
