#### ***Fraud Alerts and Credit or Security Freezes:***

**Fraud Alerts:** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

**Credit or Security Freezes:** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

*How do I place a freeze on my credit reports?* There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

You'll need to supply your name, address, date of birth, Social Security number and other personal information.

After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

*How do I lift a freeze?* A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.

Under Massachusetts law, you have the right to file and obtain a copy of a police report. You also have the right to request a security freeze, as described above. You may contact and obtain information from your state attorney general at: *Office of the Massachusetts Attorney General*, One Ashburton Place, Boston, MA 02108, 1-617-727-8400, [www.mass.gov/ago/contact-us.html](http://www.mass.gov/ago/contact-us.html)

## Appendix

On August 5, 2021, Wallick & Volk, Inc. (“Wallick”) detected unauthorized access to certain devices in its network that resulted in the encryption of some of its systems. Upon identifying the malware, Wallick took steps to secure its network and launched an investigation with the assistance of a cybersecurity firm. Wallick also notified law enforcement and is assisting with their investigation. Through the investigation, Wallick identified unauthorized access to its systems between August 2-5, 2021.

On September 20, 2021, the investigation determined an unauthorized person accessed files and folders that contained personal information of three (3) Massachusetts residents, and the information included the individuals’ names, addresses, Social Security numbers, and other information related to accounts managed by Wallick. Wallick then worked to identify the individuals whose information was accessed as a result of the incident.

On October 12, 2021, Wallick started mailing notification letters to the three (3) Massachusetts residents via U.S. mail in accordance with M.G.L. c. 93H, § 3(b).<sup>1</sup> A copy of the notification letter is enclosed. Wallick is providing a telephone number for potentially affected individuals to call with any questions they may have about the incident. Wallick is offering notified individuals complimentary two-year memberships to identity monitoring services.

To help prevent this type of incident from happening again, Wallick is implementing additional security safeguards and further enhancing its already existing security protocols.

<sup>1</sup> This report is not, and does not constitute, a waiver of Wallick’s objection that Massachusetts lacks personal jurisdiction over the company related to this matter.
