Dear <<First Name>> <<Last Name>>:

The Urology Center of Colorado writes to notify you of a recent incident that may impact the privacy of certain information provided to us. We take this incident very seriously and are providing you information about the incident, our response, and steps you can take to protect your information.

On September 8, 2021, we discovered that certain parts of our network may have been accessed by an unauthorized individual. We immediately began an investigation, which included working with third-party specialists to determine the nature and scope of the activity. The investigation determined that an individual may have accessed the network for a brief period of time between September 7th and September 8th of 2021. We reviewed the contents of the network to determine who and what information was impacted. On November 1, 2021, we completed our review and confirmed address information for potentially impacted individuals. The type of information contained on the network varies by individual but may include your name and the following data elements: date of birth, address, phone number, email address, medical record number, treating physician, treatment cost, diagnosis, <<Variable1>> and health insurance information.

In response to this incident, we changed account passwords and updated our policies and procedures related to data protection. Additionally, we are providing you access to <<12/24>> months of credit monitoring and identity protection services at no cost to you. Instructions about how to enroll in these services and additional resources available to you are included in the enclosed "*Steps You Can Take to Protect Your Information*".

We understand you may have questions about this incident. You may contact our dedicated assistance line at (833) 513-2598, Monday through Friday from 7 am- 7 pm Mountain Time (excluding major U.S. holidays), or write to us at 2777 Mile High Stadium Circle, Denver, Colorado 80211.

We sincerely regret any concern this incident may cause you. The privacy and security of information is important to us, and we will continue to take steps to protect information in our care.

Sincerely,

Zachary Maher, Chief Executive Officer
The Urology Center of Colorado

STEPS YOU CAN TAKE TO PROTECT YOUR INFORMATION

Enroll in Credit Monitoring / Identity Protection

- 1. Website and Enrollment.** Go to <https://response.idx.us/tucc> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter. Please note the deadline to enroll is February 10, 2022.
- 2. Activate the credit monitoring** provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.
- 3. Telephone.** Contact IDX at (833) 513-2598 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.
- 4. Review your credit reports.** We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of the IDX ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit.

Monitor Your Accounts

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your credit reports/account statements and explanation of benefits forms for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

You have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

As an alternative to a fraud alert, you have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver's license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.
