NOTICE TO CONSUMER OF DATA BREACH

Ch. 93H Mass. Gen. Law Section 3A

[REDACTED]

APC Workforce Solutions II, LLC dba Workforce Logiq (the “Company”) is contacting you regarding a data security incident that has occurred on November 5, 2021. This incident involved your first and last name, your address, your social security number, and compensation information. As a result, your personal information may have been potentially exposed to unauthorized third parties.

What Are We Doing?

Please be assured that we have taken every step necessary to address the incident, including contacting the unauthorized recipient to demand deletion of your personal data. We have also notified the proper state authorities regarding this data breach pursuant to all applicable law.

What Are Your Rights?

To help protect your identity, we are offering a complimentary 24-month membership of Experian’s® IdentityWorksSM. You will receive a letter detailing how to activate your membership for credit monitoring separately. This service will allow you to request a security freeze on your accounts. We recommend you be on the alert for suspicious activity related to your financial accounts and credit reports. We encourage you to regularly monitor your bank/financial statements and to ensure there are no transactions or other activities you did not initiate or authorize.

You also have the right to obtain a police report from your local authorities.

For More Information

Please be assured that we are committed to helping you protect your credit and identity and ensuring that your information is safe and secure. We regret this incident and apologize for any concern it may have caused you. If there is anything else that we can do to assist you, please email privacy@prounlimited.com.

Sincerely,

Christine Torres
