**IMPORTANT INFORMATION  
PLEASE REVIEW CAREFULLY**

Dear 

The privacy and security of the personal information we maintain is of the utmost importance to GBS Corp. ("GBS"). I am writing with important information regarding a recent incident that may have involved some of your information. I want to provide you with information about the incident and let you know that we continue to take significant measures to protect your personal information.

On or around August 28, 2021, GBS learned that an unauthorized individual gained access to our network. Upon learning of this issue, we contained and secured the threat and notified law enforcement. We immediately launched an investigation in consultation with outside cybersecurity professionals who regularly investigate and analyze these types of situations to help determine whether any sensitive data had been compromised because of the incident. Our investigation confirmed that the unauthorized individual(s) potentially removed certain files and folders from portions of our network between August 28, 2021 and August 29, 2021.

On October 19, 2021, following an extensive review and analysis of the data at issue, we determined that certain files and folders potentially removed from our network contained your first and last name, along with your Social Security number. Given the unauthorized network access, potential acquisition of certain files and the value we place on our relationship with you, we wanted to notify you about this incident.

To date, we are not aware that any information has been misused. Nevertheless, out of an abundance of caution, we want to make you aware of the incident. To protect you and your information, we are providing you with 24 months of free credit monitoring and identity theft protection services through TransUnion. This service helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. This service is completely free to you and enrolling in this program will not hurt your credit score. For more information on identity theft prevention, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.

This letter also provides other precautionary measures you can take to protect your personal information, including placing a Fraud Alert and Security Freeze on your credit files, and obtaining a free credit report. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis.

Please accept our apologies that this incident occurred. We remain fully committed to maintaining the privacy of personal information in our possession and have taken many precautions to safeguard it. We continually evaluate and modify our practices to enhance the security and privacy of your personal information.

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online credit monitoring service (*myTrueIdentity*) for two years provided by TransUnion Interactive, a subsidiary of TransUnion®, one of the three nationwide credit reporting companies.

To enroll in this service, go to the myTrueIdentity website at **www.mytrueidentity.com** and in the space referenced as “Enter Activation Code”, enter the following 12-letter Activation Code [REDACTED] and follow the three steps to receive your credit monitoring service online within minutes.

If you do not have access to the Internet and wish to enroll in a similar offline, paper based, credit monitoring service, via U.S. Mail delivery, please call the TransUnion Fraud Response Services toll-free hotline at **1-855-288-5422**. When prompted, enter the following 6-digit telephone pass code [REDACTED] and follow the steps to enroll in the offline credit monitoring service, add an initial fraud alert to your credit file, or to speak to a TransUnion representative if you believe you may be a victim of identity theft.

You can sign up for the online or offline credit monitoring service anytime between now and [REDACTED]. Due to privacy laws, we cannot register you directly. Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion, or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score.

Once you are enrolled, you will be able to obtain one year of unlimited access to your TransUnion credit report and credit score. The daily credit monitoring service will notify you if there are any critical changes to your credit files at TransUnion®, including fraud alerts, new inquiries, new accounts, new public records, late payments, change of address and more.

The service also includes access to an identity restoration program that provides assistance in the event that your identity is compromised to help you restore your identity and up to \$1,000,000 in identity theft insurance with no deductible. (Policy limitations and exclusions may apply.)

**2. Placing a Fraud Alert on Your Credit File.**

Whether or not you choose to use the complimentary credit monitoring services, we recommend that you place an initial 1-year “fraud alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

**3. Placing a Security Freeze on Your Credit File.**

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “security freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by sending a request in writing or by mail, to all three nationwide credit reporting companies. To find out more about how to place a security freeze, you can use the following contact information:

**Equifax Security Freeze**

P.O. Box 105788  
Atlanta, GA 30348  
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>  
(800) 349-9960

**Experian Security Freeze**

P.O. Box 9554  
Allen, TX 75013  
<http://experian.com/freeze>  
(888) 397-3742

**TransUnion Security Freeze**

P.O. Box 2000  
Chester, PA 19016  
<http://www.transunion.com/securityfreeze>  
(888) 909-8872

In order to place the security freeze, you'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit monitoring company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

**4. Obtaining a Free Credit Report.**

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **[www.annualcreditreport.com](http://www.annualcreditreport.com)**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

**5. Additional Helpful Resources.**

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft), by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

**Massachusetts Residents:** Under Massachusetts law, you have the right to obtain a police report in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.
