Dear [REDACTED]:

U.S. Eagle Federal Credit Union ("U.S. Eagle") values and respects the privacy of personal information, which is why we are providing you written notice of a recent incident that may have involved some of your personal information. We have no reason to believe that your personal information has been misused for the purpose of committing fraud or identity theft, and we do not have confirmation that any of your information was actually viewed by an unauthorized party. Nonetheless, we are providing you this notice with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

**What Happened?** We recently learned that an unauthorized third party gained access to one U.S. Eagle employee's email account. Upon discovering the incident, we promptly secured the email account and began an internal investigation. We also engaged a forensic security firm to investigate and confirm the security of our email and computer systems. This investigation determined that the third party accessed the email account at various times between May 18, 2021 and July 14, 2021.

**What Information Was Involved?** We reviewed the contents of the account to determine if it contained any personal information. On October 7, 2021, we determined that the account contained personal information that included your name, Social Security number, driver's license number, and financial account information. While our review determined that your personal information was contained in the email account, our investigation did not find evidence confirming that the third party actually viewed or misused any of your personal information.

**What We Are Doing.** In addition to the actions described above, we have taken steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. Although we are not aware of any instances of fraud or identity theft involving your information, we are offering a complimentary two-year membership of Experian IdentityWorks<sup>SM</sup> Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.**

You can also find more information on steps to protect yourself against identity theft or fraud in the enclosed *Additional Important Information* sheet.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail or, if available, comply with the consumer reporting agencies' online procedures for lifting a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.
