Dear [REDACTED]:

We are writing to advise you of a data security incident involving a company called Prosper Solutions ("Prosper"). The Arc of the South Shore, Inc. (the "Arc") contracts with Prosper to provide the Arc with IT support.

On October 22, 2021, Prosper notified us, as well as other organizations that use its IT services, that it was impacted by a ransomware event. According to Prosper, on September 28, 2021, an unauthorized third party attempted to deploy ransomware within Prosper's environment, and also exfiltrated a small amount of data from Prosper's systems. As a result, the third party who gained access to Prosper's network could have accessed your name, Social security number, and certain limited Protected Health Information, such as medical notes and/or health insurance code numbers. The incident **did not** impact payment card data or financial account information.

Upon learning of the incident, we reviewed our internal records to identify who may have been affected. We also worked with Prosper to obtain additional information about the nature of the event to determine the risk to your personal information. **We are not aware or have reason to believe that your personal information has been misused for the purpose of committing fraud or identity theft.** Nonetheless, we are writing to advise you about the incident out of abundance of caution.

In addition to the actions described above, we have taken steps to reduce the risk of this type of incident occurring in the future. Although we are not aware of any instances of fraud or identity theft involving your information, we are offering a complimentary two-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.**

We seriously consider vendors with whom we share your personal information, and we are reviewing our relationship with Prosper. For further assistance, please call [REDACTED] from 8 a.m. to 5 p.m. EST, Monday – Friday.

Sincerely,

A handwritten signature in black ink that reads 'Daryl Cook-Ivan'.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:

The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail or, if available, comply with the consumer reporting agencies' online procedures for lifting a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available.
