Dear <<Name 1>>:

Thornburg Investment Management, Inc. (“Thornburg” or “we”) is writing on behalf of <<ENTITY>> to inform you of an incident that potentially impacted the security of your information. While Thornburg does not have evidence that your information has or will be misused, we are writing to provide you with information and access to resources so you can take steps to better protect yourself against the possibility of identity theft and fraud, should you feel it is appropriate to do so.

The confidentiality, privacy, and security of the information in our care is one of our highest priorities. We are reviewing our existing policies and procedures and implementing additional safeguards to further secure the information in our systems. We reported this event to federal law enforcement and notified appropriate state regulators. We are also offering you access to twenty-four (24) months of complimentary of credit monitoring and identity restoration services through Equifax. Individuals who wish to receive these services must enroll by following the below enrollment instructions.

Enroll in Complimentary Credit Monitoring

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online credit monitoring service for twenty-four (24) months provided by Equifax. The deadline to enroll in these services is <<Enrollment Date>>.

Key Features of the Monitoring Product

- Credit monitoring with email notifications of key changes to your Equifax credit report
- Daily access to your Equifax credit report
- WebScan notifications¹ when your personal information, such as Social Security Number, credit/debit card or bank account numbers are found on fraudulent Internet trading sites
- Automatic fraud alerts², which encourages potential lenders to take extra steps to verify your identity before extending credit, plus blocked inquiry alerts and Equifax credit report lock³

¹WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers’ personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers’ personal information is at risk of being traded.

²The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC.

³Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer’s identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com.

- Identity Restoration to help restore your identity should you become a victim of identity theft, and a dedicated Identity Restoration Specialist to work on your behalf
- Up to \$1,000,000 of identity theft insurance coverage for certain out of pocket expenses resulting from identity theft⁴

We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports over the next 12 – 24 months for suspicious activity and to detect errors. Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

⁴The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Should you wish to place a fraud alert or credit freeze, please contact the three major credit reporting bureaus listed below:
