Dear <<First Name>> <<Last Name>>,

We are writing to notify you that Venitt Financial Partners, LLC experienced a security incident that may have involved some of your personal information. Venitt Financial Partners, LLC is an entity not affiliated with FSC Securities Corporation (FSC) but whose financial professionals are registered with FSC for the sale of securities products and provision of financial advice. This letter explains the incident, measures we have taken and some steps you can take in response.

What Happened?

On October 4, 2021, we learned that an unauthorized person gained access to two employee email accounts. We immediately secured the accounts, began an investigation, and an outside forensic firm was hired to assist. The investigation determined that the two accounts were accessed on October 4, 2021 only.

What Information Was Involved?

The investigation was unable to determine whether the unauthorized person actually viewed any emails or attachments in the accounts. In an abundance of caution, we reviewed the emails and attachments in the accounts to identify individuals whose information may have been accessible to the unauthorized person, and on January 10, 2022, we determined that the accounts included your name <<Variable Text>> <<Last 4>>.

What We Are Doing.

We assure you that we take this incident very seriously. While we have no indication that your information was actually viewed by the unauthorized person, or that it was misused, we wanted to notify you of this incident. In an abundance of caution, we are offering identity theft protection services through IDX. IDX identity protection services include: 24 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. To help prevent a similar incident in the future, we have implemented additional security measures and controls to our email environment.

Securities and investment advisory services offered through FSC Securities Corporation (FSC), member FINRA/SIPC. FSC is separately owned and other entities and/or marketing names, products or services referenced here are independent of FSC.

We encourage you to remain vigilant by reviewing your account statements and credit reports for any unauthorized activity over the next 12 to 24 months. If you see charges or activity you did not authorize, please contact your financial professional immediately. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

Fraud Alerts and Credit or Security Freezes:

Fraud Alerts: There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years.

To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report.

For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

Credit or Security Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

How do I place a freeze on my credit reports? There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, www.experian.com
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, www.transunion.com
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, www.equifax.com

You'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

How do I lift a freeze? A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request.

If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.
