RE: <<b2b_text_1(Notice of Security Incident / Notice of Data Breach)>>

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

Lincare Holdings Inc. and its subsidiary companies (collectively, "Lincare") value and respect the privacy and security of personal information, which is why we are notifying you of a security incident that may have involved the disclosure of some of your personal information. This letter contains information regarding the incident, the measures Lincare has taken since the incident, and steps you can take to further protect your information, should you feel it appropriate to do so.

What Happened? On September 26, 2021, Lincare identified unusual activity on certain systems within its network. Lincare took immediate action after learning of the incident to secure its network and launched an investigation, including working with outside cybersecurity experts to determine the source of the activity and potential impact on Lincare's network. The investigation confirmed that certain systems may have first been accessed on September 10, 2021. The unauthorized access was blocked by September 29, 2021. Lincare promptly began a comprehensive review of all potentially impacted data to identify individuals who may have been affected by the incident. This review required customized protocols and programming in order to analyze the data and identify key information. This process, which also included a manual review of the data, was time intensive but necessary in order to ensure that appropriate notification occurred. On September 2, 2022, it was confirmed that your information was involved and an up-to-date mailing address was identified in order to provide you with notification of this incident.

What Information Was Involved? The investigation determined that the following types of information relating to you were involved in this incident: name and <<b2b_text_2(data elements)>><<b2b_text_3(data elements cont.)>>. We are also not aware of any misuse of your information as a result of this incident.

What We Are Doing. We are committed to protecting your information. Although we are not aware of any misuse of your information as a result of this incident, out of an abundance of caution, we are offering you complimentary credit monitoring through Kroll. These services will be available to you for two years at no cost to you in order to give you peace of mind. This letter contains additional information regarding these services and instructions on how you may enroll. You must complete the enrollment steps listed in this letter.

We take the protection and proper use of personal information very seriously. We took steps to launch an investigation immediately after identifying the incident, enlisted outside cybersecurity experts to assist in the investigation, and notified law enforcement of the incident. We also promptly reset all user passwords to block any unauthorized access and are implementing additional technological safeguards on our systems that contain personal information to minimize the possibility of an incident like this from occurring in the future. This letter also includes additional information and resources to assist you in protecting your personal information, should you feel it appropriate to do so.

What You Can Do. We recommend that you activate your complimentary credit monitoring services with Kroll. As a best practice, we encourage you to remain vigilant against incidents of identity theft and fraud, to review all claims information from your health insurance provider, and to monitor your credit reports and financial statements for suspicious activity. ADDITIONAL STEPS YOU CAN TAKE TO PROTECT YOUR INFORMATION

Below are additional actions you may take, if you feel it is necessary.

- **FREEZE YOUR CREDIT FILE.** You have a right to place a 'security freeze' on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Note that a security freeze generally does not apply to existing account relationships and when a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control or similar activities. There is no charge to place or lift a security freeze.

To place a security freeze on your credit report, contact each of the three major consumer reporting agencies using the contact information listed below:

To request a security freeze, you will need to provide the following:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

If you request a security freeze via toll-free telephone or other secure electronic means, the credit reporting agencies have one (1) business day after receiving the request to place the freeze. In the case of a request made by mail, the bureaus have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze. To lift the security freeze to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving a request to lift the security freeze for those identified entities or for the specified period of time. To remove the security freeze, you must send a written request to each of the three credit bureaus by mail and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have three (3) business days after receiving the request to remove the freeze.

- **PLACE FRAUD ALERTS ON YOUR CREDIT FILE.** As an alternative to a security freeze, you have the right to place an initial or extended fraud alert on your credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is an alert lasting 7 years. Contact the credit reporting agencies listed above to activate an alert.
- **REMAIN VIGILANT: REVIEW YOUR ACCOUNT STATEMENTS, & REPORT FRAUD.** As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, carefully reviewing your credit reports, debit/credit card, insurance policy, bank account and other account statements. Activate alerts on your bank accounts to notify you of suspicious activity. Report suspicious or fraudulent charges to your insurance statements, credit report, credit card or bank accounts to your insurance company, bank/credit card vendor and law enforcement. (For Oregon & Iowa residents: Report any suspected identity theft to law enforcement, Federal Trade Commission, and your State Attorney General.)
- **ORDER YOUR FREE ANNUAL CREDIT REPORTS.** Visit www.annualcreditreport.com or call 877-322-8228 to obtain one free copy of your credit report from each of the three major credit reporting bureaus annually. Periodically review a copy of your credit report for discrepancies and identify any accounts you did not open or inquiries you did not authorize. (For Colorado, Maine, Maryland, Massachusetts, New Jersey, Puerto Rico, and Vermont residents: You may obtain additional copies of your credit report, free of charge. You must contact each of the three credit reporting agencies directly to obtain such additional reports.)
- **FILE OR OBTAIN A POLICE REPORT.** You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. You can generally report incidents of identity theft to local law enforcement or to the Attorney General.
