Dear <<first\_name>> <<middle\_name>> <<last\_name>> <<suffix>>,

Monongalia Health System, Inc., including our affiliated hospitals, Monongalia County General Hospital Company, Stonewall Jackson Memorial Hospital Company and Preston Memorial Hospital Corporation (collectively, “Mon Health”) exists to enhance the health of the communities we serve, one person at a time, and is dedicated to protecting the privacy and security of the information in our care. We are writing to notify you of a data security incident that may have involved some of your information. This notice explains the incident, measures we have taken, and steps you can take in response.

On December 30, 2021, Mon Health determined that a data security incident resulted in unauthorized access to information pertaining to Mon Health patients, providers, employees, and contractors. Mon Health first learned of the incident on December 18, 2021, when we were alerted to unusual activity in our IT network that disrupted the operations of some of our IT systems. Upon learning of this, to protect our patients and secure our systems, we immediately took a significant portion of our IT network and systems offline and initiated downtime procedures. We also conducted an enterprise wide-password reset, implemented network hardening measures, notified law enforcement and launched a comprehensive investigation with the assistance of a third-party forensic firm.

Through our investigation, we determined that unauthorized parties accessed our IT network between December 8, 2021 and December 19, 2021, and we confirmed that this incident did **not** involve unauthorized access to Mon Health’s electronic health records systems. Our investigation cannot rule out the possibility that, while in Mon Health’s IT network, the unauthorized parties accessed files on IT systems that contain your information. This information may have included your name, address, date of birth, medical record number, patient account number, health insurance plan member ID number, dates of service, provider names, claims information, medical and clinical treatment information, and/or status as a current or former Mon Health patient or member of Mon Health’s Group Health Plan. Additionally, the information may have also contained your Social Security number, or your Medicare Health Insurance Claim Number (HICN), which may contain your Social Security number.

Although, to date, we are unaware of any misuse of personal information as a result of this incident, we recommend that you remain vigilant by reviewing your financial account statements for any unauthorized activity. If you see charges or activity you did not authorize, you should contact your financial institution immediately. Additionally, we encourage you to review the statements you receive from your healthcare providers and health insurance plan. If you see any services that were not received, you should contact the relevant provider or health plan immediately. As a precaution, we are also offering you a complimentary two-year membership to Experian’s® IdentityWorks<sup>SM</sup>. This product helps detect potential misuse of your information and provides you with identity protection support focused on immediate identification and resolution of identity theft. IdentityWorks is completely free and it is our understanding that enrolling in this program will not hurt your credit score. **For more information on IdentityWorks, including instructions on how to activate your complimentary two-year membership, as well as some additional steps you can take to protect your information, please see the pages that follow this letter.**

We deeply regret any inconvenience or concern this incident may cause. To help prevent something like this from happening again, we have implemented, and will continue to adopt, additional safeguards and technical security measures to further protect and monitor our systems.

If you have any questions, please call our dedicated assistance line at (855) 568-2163, Monday through Friday, between 9:00 a.m. and 6:30 p.m., Eastern Time (except on major U.S. holidays).

Sincerely,

*David S. Goldberg*

David S. Goldberg  
 President and CEO, Monongalia Health System, Inc.

#### ADDITIONAL STEPS YOU CAN TAKE

We remind you it is always advisable to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll free at 1-877-322-8228. Contact information for the three nationwide credit reporting companies is as follows:

*Equifax*, PO Box 740241, Atlanta, GA 30374, [www.equifax.com](http://www.equifax.com), 1-800-685-1111

*Experian*, PO Box 2002, Allen, TX 75013, [www.experian.com](http://www.experian.com), 1-888-397-3742

*TransUnion*, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com), 1-800-916-8800

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

*Federal Trade Commission*, Consumer Response Center, 600 Pennsylvania Avenue NW, Washington, DC 20580, 1-877-IDTHEFT (438-4338), [www.ftc.gov/idtheft](http://www.ftc.gov/idtheft)

**Fraud Alerts:** There are two types of general fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report. For those in the military who want to protect their credit while deployed, an Active Duty Military Fraud Alert lasts for one year and can be renewed for the length of your deployment. The credit bureaus will also take you off their marketing lists for pre-screened credit card offers for two years, unless you ask them not to.

**Credit or Security Freezes:** You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, which makes it more difficult for identity thieves to open new accounts in your name. That's because most creditors need to see your credit report before they approve a new account. If they can't see your report, they may not extend the credit.

*How do I place a freeze on my credit reports?* There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

- **Experian Security Freeze**, PO Box 9554, Allen, TX 75013, [www.experian.com](http://www.experian.com)
- **TransUnion Security Freeze**, PO Box 2000, Chester, PA 19016, [www.transunion.com](http://www.transunion.com)
- **Equifax Security Freeze**, PO Box 105788, Atlanta, GA 30348, [www.equifax.com](http://www.equifax.com)

You'll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit bureau will provide you with a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

*How do I lift a freeze?* A freeze remains in place until you ask the credit bureau to temporarily lift it or remove it altogether. If the request is made online or by phone, a credit bureau must lift a freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request. If you opt for a temporary lift because you are applying for credit or a job, and you can find out which credit bureau the business will contact for your file, you can save some time by lifting the freeze only at that particular credit bureau. Otherwise, you need to make the request with all three credit bureaus.

Monongalia Health System, Inc.'s mailing address is 1200 JD Anderson Dr., Morgantown, WV 26505 and its phone number is 304-598-1560.
