Notice of Data Breach

Dear <<Name 1>>,

Unfortunately, we are writing to notify you of a recent incident that may have affected some of your personal information.

What Happened: In October 2021, the American Society of Echocardiography (ASE) became aware of unusual activity involving a company email account. We immediately began an investigation and worked quickly to assess the security of the affected account. Passwords were changed, the unauthorized access was blocked, and outside technical experts were also engaged to investigate the full nature and scope of the incident.

What Information Was Involved: During the investigation, we learned that there had been external unauthorized access to the affected email account. In response, we hired a company to undertake an extensive and thorough review of the contents of the potentially impacted emails. Through this review we determined that some of your information may have been affected by this incident, including your name, <<breached elements>>. **To date, we are unaware of any actual or attempted misuse of your information as a result of this incident and cannot verify that your information contained in our records was accurate or complete; however, we are notifying you out of an abundance of caution.**

What Are We Doing and What You Can Do: As a membership organization, information privacy and security are among our highest priorities. We have always had security measures in place to protect information in our custody. Upon learning of this criminal incident, we moved quickly to enhance our security by changing passwords and blocking the unauthorized access. We also conducted a thorough investigation, which involved hand-reviewing individual documents, with the assistance of third-party forensic specialists in order to determine whether sensitive information was present in the messages or attachments and took additional measures to ensure the security of the impacted email account. We take it seriously that you were personally affected and are notifying you so that you may take further steps to best protect your personal information, should you feel it appropriate to do so.

In an effort to ease your peace of mind, we are also offering you <<CM Length>> of **free** credit monitoring and \$1 million in identity theft insurance through Experian. **You must activate the Experian product by the activation date for it to be effective. The activation instructions are included with this notification.** We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements and explanation of benefits forms, and to monitor your free credit reports for suspicious activity and to detect errors. We also have included some additional steps that you can take to protect yourself, as you deem appropriate.

For more information about this incident, please call (919) 297-7207 between 9:00 a.m. - 5:00 p.m., Eastern Time, Monday - Friday (excluding major U.S. holidays). We take information privacy and security issues very seriously and are continuing to take steps to enhance security measures to help reduce the risk of something like this happening in the future. We are fully committed to protecting your personal information and sincerely apologize for any concern this incident may have caused.

Sincerely,

Robin Wiegerink

Robin Wiegerink
Executive Director

Additional Steps You May Wish to Take:

- **REMAIN VIGILANT: REVIEW YOUR ACCOUNT STATEMENTS & REPORT FRAUD. CHANGE PASSWORDS AND SECURITY VERIFICATION QUESTIONS & ANSWERS.** Carefully review your credit reports, debit/credit card, insurance policy, bank account and other account statements. Activate alerts on your bank accounts to notify you of suspicious activity, changing passwords/security verifications as needed – particularly if same password is used over multiple online accounts. If your medical information was involved, it is also advisable to review the billing statements you receive from your healthcare providers. Report suspicious or fraudulent charges to your insurance statements, provider billing statements, credit report, credit card or bank accounts to your insurance company, bank/credit card vendor, healthcare provider and law enforcement, including FTC and/or your State Attorney General.
- **ORDER YOUR FREE ANNUAL CREDIT REPORTS.** Visit www.annualcreditreport.com or call 877-322-8228 to obtain one free copy of your credit report annually. Periodically review a copy of your credit report for discrepancies and identify any accounts you did not open or inquiries you did not authorize.
- **FREEZE YOUR CREDIT FILE.** You have a right to place a 'security freeze' on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Note that a security freeze generally does not apply to existing account relationships and when a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control or similar activities. There is no charge to place or lift a security freeze. To place a security freeze on your credit report, contact each of the 3 major consumer reporting agencies -

¹ Offline members will be eligible to call for additional reports quarterly after enrolling.

² Identity theft insurance is underwritten by insurance company subsidiaries or affiliates of American International Group, Inc. (AIG). The description herein is a summary and intended for informational purposes only and does not include all terms, conditions and exclusions of the policies described. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

To request a freeze, you will need to provide the following:

- Your full name (including middle initial as well as Jr., Sr., II, III, etc.), Social Security Number, and Date of birth; and
- If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
- Proof of current address such as a current utility bill or telephone bill;
- A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
- If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

If you request a security freeze via toll-free telephone or other secure electronic means, the credit reporting agencies have 1 business day after receiving the request to place the freeze. In the case of a request made by mail, the bureaus have 3 business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within 5 business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze. To lift the security freeze to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have 3 business days after receiving a request to lift the security freeze for those identified entities or for the specified period of time. To remove the security freeze, you must send a written request to each of the three credit bureaus by mail and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have 3 business days after receiving the request to remove the freeze.

➤ **PLACE FRAUD ALERTS ON YOUR CREDIT FILE.** As an alternative to a security freeze, you have the right to place an initial or extended fraud alert on your credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is an alert lasting 7 years. Contact the credit reporting agencies listed above to activate an alert.

➤ **OBTAIN INFORMATION ABOUT PREVENTING IDENTITY THEFT FROM FTC.** You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies or the Federal Trade Commission. Go to <http://www.experian.com/credit-advice/topic-fraud-and-identity-theft.html>. Federal Trade Commission also provides information at www.ftc.gov/idtheft. FTC hotline is 877-438-4338; TTY: 1-866-653-4261 or write to FTC, 600 Pennsylvania Ave., NW, Washington, D.C. 20580.

➤ **POLICE REPORT:** You have a right to a police report about this incident (if any exists). If you're an identity theft victim, you have the right to file a police report and obtain a copy of it. Notification of this incident has not been delayed as a result of a law enforcement investigation.

➤ **FILE YOUR TAXES QUICKLY AND SUBMIT IRS FORM 14039.** If you believe you are at risk for taxpayer refund fraud, the IRS suggests you file your income taxes quickly. Additionally, if you are an actual or potential victim of identity theft, the IRS suggests you give them notice by submitting IRS Form 14039 (Identity Theft Affidavit). This form will allow the IRS to flag your taxpayer account to alert them of any suspicious activity. Form 14039 may be found at <https://www.irs.gov/pub/irs-pdf/f14039.pdf>.

➤ **FAIR CREDIT REPORTING ACT:** You also have rights under the federal Fair Credit Reporting Act, which promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. The FTC has published a list of the primary rights created by the FCRA (<https://www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf>), and that article refers individuals seeking more information to visit www.ftc.gov/credit. The FTC's list includes the following FCRA rights: (1) To receive a copy of your credit report, which must contain all the information in your file at the time of your request; (2) To receive a free copy of your credit report, at your request, once every 12 months from each of the nationwide credit reporting companies – Equifax, Experian, and TransUnion; (3) To receive a free credit report if a company takes adverse action against you (e.g. denying your application for credit, insurance, or employment), and you ask for your report within 60 days of receiving notice of the action. The notice will give you the name, address, and phone number of the credit reporting company. You are also entitled to one free report a year if you're unemployed and plan to look for a job within 60 days; if you are on welfare; or if your report is inaccurate because of fraud, including identity theft; (4) To ask for a credit score; (5) To dispute incomplete or inaccurate information; (6) To obtain corrections to your report or delete inaccurate, incomplete, or unverifiable information; (7) Consumer reporting agencies may not report outdated negative information; (8) To restrict access to your file and to require consent from you for reports to be provided to employer; (9) To limit "prescreened" offers of credit and insurance you receive based on information in your credit report; and (10) To seek damages from violators. Note - Identity theft victims and active-duty military personnel have additional rights.
