– OTHER IMPORTANT INFORMATION –

1. Enrolling in Complimentary 24-Month Credit Monitoring.

As a safeguard, we have arranged for you to enroll, at no cost to you, in an online credit monitoring service (*myTrueIdentity*) for two years provided by TransUnion Interactive, a subsidiary of TransUnion®, one of the three nationwide credit reporting companies.

To enroll in this service, go to the myTrueIdentity website at www.mytrueidentity.com and in the space referenced as “Enter Activation Code”, enter the following 12-letter Activation Code [REDACTED] and follow the three steps to receive your credit monitoring service online within minutes.

If you do not have access to the Internet and wish to enroll in a similar offline, paper based, credit monitoring service, via U.S. Mail delivery, please call the TransUnion Fraud Response Services toll-free hotline at [REDACTED]. When prompted, enter the following 6-digit telephone pass code [REDACTED] and follow the steps to enroll in the offline credit monitoring service, add an initial fraud alert to your credit file, or to speak to a TransUnion representative if you believe you may be a victim of identity theft.

You can sign up for the online or offline credit monitoring service anytime between now and [REDACTED]. Due to privacy laws, we cannot register you directly. Please note that credit monitoring services might not be available for individuals who do not have a credit file with TransUnion, or an address in the United States (or its territories) and a valid Social Security number. Enrolling in this service will not affect your credit score.

Once you are enrolled, you will be able to obtain one year of unlimited access to your TransUnion credit report and credit score. The daily credit monitoring service will notify you if there are any critical changes to your credit files at TransUnion®, including fraud alerts, new inquiries, new accounts, new public records, late payments, change of address and more.

The service also includes access to an identity restoration program that provides assistance in the event that your identity is compromised to help you restore your identity and up to \$1,000,000 in identity theft insurance with no deductible. (Policy limitations and exclusions may apply.)

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 24-month credit monitoring services, we recommend that you place an initial one-year “Fraud Alert” on your credit files, at no charge. A fraud alert tells creditors to contact you personally before they open any new accounts. To place a fraud alert, call any one of the three major credit bureaus at the numbers listed below. As soon as one credit bureau confirms your fraud alert, they will notify the others.

3. Consider Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “Security Freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>
1-800-349-9960

Experian Security Freeze
P.O. Box 9554
Allen, TX 75013
<http://experian.com/freeze>
1-888-397-3742

TransUnion Security Freeze
P.O. Box 2000
Woodlyn, PA 19094
<https://www.transunion.com/credit-freeze>
1-888-909-8872

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name or to commit fraud or other crimes against you, you may file a police report in the City in which you currently reside.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If this notice letter states that your financial account information and/or credit or debit card information was impacted, we recommend that you contact your financial institution to inquire about steps to take to protect your account, including whether you should close your account or obtain a new account number.

6. Protecting Your Medical Information.

In the event that your medical information was included in the accessed accounts, we have no information to date indicating that it was or will be used for any unintended purposes. As a general matter, however, the following practices can help to protect you from medical identity theft.

- Only share your health insurance cards with your health care providers and other family members who are covered under your insurance plan or who help you with your medical care.
- Review your "explanation of benefits statement" which you receive from your health insurance company. Follow up with your insurance company or care provider for any items you do not recognize. If necessary, contact the care provider on the explanation of benefits statement and ask for copies of medical records from the date of the potential access (noted above) to current date.
- Ask your insurance company for a current year-to-date report of all services paid for you as a beneficiary. Follow up with your insurance company or the care provider for any items you do not recognize.

Massachusetts Residents: Under Massachusetts law, you have the right to obtain a police report in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.
