Sincerely,

A handwritten signature in blue ink that reads 'Dyann Roth'.

Security Freeze (also known as a Credit Freeze). Following is general information about how to request a security freeze from the three credit reporting agencies. While we believe this information is accurate, you should contact each agency for the most accurate and up-to-date information. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing, or other services. In addition, in some states, the agency cannot charge you to place, lift or remove a security freeze. There might be additional information required, and as such, to find out more information, please contact the three nationwide credit reporting agencies (contact information provided above).

Consider Placing a Fraud Alert on Your Credit Report. You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least twelve months. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you before establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three nationwide credit reporting agencies identified above. Additional information is available at
