RE: Notice of Data Breach
Please read this entire letter.

We write to inform you, as a customer of North American Rescue, LLC (“NAR”), of a data security incident potentially involving some of your personal information and/or your organization’s information. We take the protection of your information very seriously, and we are contacting you directly to explain the circumstances of the incident and the steps we and our vendor are taking in response.

What Happened?

On April 28, 2022, we discovered what appeared to be a malicious file on the e-commerce website used by NAR’s customers for purchases. We began an investigation to understand the scope of the incident and removed the malicious file. We discovered the malicious file appears to have allowed the capture of some credit card information from customers who purchased goods on NAR’s website from April 2, 2022 to April 28, 2022.

What Information Was Involved?

As of now, we believe the affected information that may have been obtained without authorization included customer names, credit card numbers and expiration dates, and contact information.

What We Are Doing To Protect Your Information:

Please be assured that we have taken numerous steps to address the incident. Upon discovery of the incident, our cybersecurity team immediately took a series of actions, including a forensic investigation to identify and remove the malicious file, to confirm that no other company systems were impacted, and to better understand the nature of the event.

Protecting your personal information is of utmost concern to us. What You Can Do:

- Be on the alert for suspicious activity related to your accounts, credit report and financial products. We cannot exclude the possibility that third parties may attempt to use some of your personal information for financial gain.
- If you suspect an incident of identity theft has occurred, find suspicious activity on your credit reports or have reason to believe your information is being misused, file a police report and/or contact a major credit bureau, other local law enforcement, your state attorney general, or the Federal Trade Commission. Get a copy of any report as you may need it to clear up any fraudulent debts.
- Call one of the major credit bureaus listed below to place a fraud alert on your credit file. A fraud alert tells creditors to contact you before they open any new accounts or change your existing accounts. As soon as one credit bureau confirms your fraud alert, the others are notified to place fraud alerts. The initial fraud alert stays on your credit report for 90 days. You can renew it after 90 days. You can obtain further information about fraud alerts and security freezes from the credit bureaus.
- You may also place a security freeze on your credit reports, free of charge. A security freeze generally requires submitting to the credit bureau your full name, address (including past addresses within the last five years), proof of current address, a legible photocopy of a government issued identification card, social security number, and date of birth. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze. You must place your request for a freeze with each of the three major consumer reporting agencies: Equifax (www.equifax.com); Experian (www.experian.com); and TransUnion (www.transunion.com). To place a security freeze on your credit report, you may send a written request by regular, certified or overnight mail at the addresses below. You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:
 - Equifax, P.O. Box 740241, Atlanta, GA 30348: equifax.com or 1-800-525-6285
 - Experian, P.O. Box 4500, Allen, TX 75013: experian.com or 1-888-397-3742
 - TransUnion, P.O. Box 2000 Chester, PA 19022: transunion.com or 1-800-680-7289
- We also recommend you periodically request that credit reports from all available major credit bureaus be sent to you, free of charge, for your review. Checking your credit reports periodically can help you spot problems and address them quickly. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting agencies. To order your annual free credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228.
- You can obtain additional information about preventing identify theft, fraud alerts and security freezes from the Federal Trade Commission ("FTC"), 600 Pennsylvania Avenue, NW, Washington, DC 20580: 877-382-4357, <https://www.consumer.ftc.gov/topics/identity-theft>. You also have rights under the federal Fair Credit Reporting Act, which promotes the accuracy, fairness, and privacy of information in the files of consumer reporting agencies. The FTC has published a list of the primary rights created by the FCRA at <https://www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf>.
