VIA FIRST CLASS MAILDear Ms. I am writing to notify you of an incident involving the possible unauthorized access of your personal information, in particular your name in connection with your social security number. This information was contained in a web-accessible PDF form (Dependent Care Reimbursement Form) included in the Athena locker of Professor . Although MIT has no evidence indicating that your personal information was actually accessed by an unauthorized person, we are sending you this notice out of an abundance of caution.Please find attached an information sheet that provides information to help protect you against fraud or identity theft. If you have any questions or concerns, please do not hesitate to contact MIT's information security team at infoprotect@mit.edu.

We regret this incident occurred and any inconvenience or worries it may cause you. We have acted as quickly as possible to limit any potential risk to you associated with this incident and are doing our utmost to ensure the future security of your personal information.

Sincerely,

A handwritten signature in blue ink, appearing to read 'SJB'.

**Information Sheet Concerning Possible
Unauthorized Access of Your Personal Information**

Pursuant to Massachusetts General Laws Chapter 93H, Section 3(b), MIT is providing you with the following additional information concerning the possible unauthorized access of your personal information.

Should any police reports be filed relating to this incident, you have the right to obtain those reports. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. You may also place a security freeze on your credit reports. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing, or other services.

If you have been a victim of identity theft, and you provide the credit reporting agency with a valid police report, it cannot charge you to place, lift, or remove a security freeze. In all other cases, a credit reporting agency may charge you up to \$5.00 each to place, temporarily lift, or permanently remove a security freeze.

To place a security freeze on your credit report, you must contact each of the three major consumer reporting agencies: Equifax; Experian; and TransUnion:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
(800) 525-6285
www.equifax.com

Experian Security Freeze
P.O. Box 9554
Allen, TX 75013
(888) 397-3742
www.experian.com

Trans Union Security Freeze
Fraud Victim Assistance Department
P.O. Box 6790
Fullerton, CA 92834
(800) 680-7289
www.transunion.com

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;

5. Proof of current address such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft;
8. If you are not a victim of identity theft, include payment by check, money order, or credit card (Visa, MasterCard, American Express or Discover only). Do not send cash through the mail.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail and include proper identification (name, address, and social security number) **and** the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

Additionally, as an added precaution, we are offering you a 24-month membership to Equifax's Complete Premier credit monitoring and identity restoration service at no cost to you. This product provides you with premier credit monitoring and identity theft resolution, including up to \$1 million of identity theft insurance coverage. ¹The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

²Credit monitoring from Experian and TransUnion will take several days to begin.

³WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers.

⁴WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded.

⁵The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC.

⁶Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com

⁶The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.
