We encourage you to remain vigilant against identity theft and fraud over the next 12 to 24 months by reviewing all account statements and monitoring free credit reports. If you discover or suspect fraudulent activity involving your account, credit or debit card, we encourage you to promptly contact the issuing bank or relevant financial institution. The number to call for assistance is usually on the back of the card. Under U.S. law you are entitled to one free credit report annually from each of the three major credit reporting bureaus. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus listed below directly to request a free copy of your credit report. This notice has not been delayed by law enforcement.

You have the right to place a “security freeze” on your credit report, which will prohibit a consumer reporting agency from releasing information in your credit report without your express authorization. The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a security freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a security freeze on your credit report. Should you wish to place a security freeze, please contact the major consumer reporting agencies listed below.

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five (5) years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have one (1) to three (3) business days after receiving your request to place a security freeze on your credit file report, based upon the method of the request. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with the process by which you may remove the security freeze, including an authentication mechanism. Upon receiving a direct request from you to remove a security freeze and upon receiving proper identification from you, the consumer reporting agency shall remove a security freeze within one (1) hour after receiving the request by telephone for removal or within three (3) business days after receiving the request by mail for removal.

As an alternative to a security freeze, you have the right to place an initial or extended “fraud alert” on your file at no cost. An initial fraud alert is a one (1) year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the agencies listed below.
