Notice of Data Security Incident

Dear <<First Name>> <<Last Name>>,

Supplylogic, LLC ("Supplylogic") is writing to notify you about a data security incident that may have impacted a limited amount of your personal information. Supplylogic provides business-to-business services and may have your personal information if your organization received services from Supplylogic. From our review, it appears that your name, credit or debit card number, CVV and expiration date may have been impacted.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

Massachusetts law also allows consumers to place a security freeze on their credit reports, and as of September 21, 2018, placing a freeze on your credit report is now free for all United States citizens. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

To place a security freeze on your credit report, consumers must contact each of the three major consumer credit reporting agencies. Each have a dedicated web page for security freezes and fraud alerts:

Equifax: <https://www.equifax.com/personal/credit-report-services/>

Experian: <https://www.experian.com/freeze/center.html>

TransUnion: <https://www.transunion.com/credit-freeze>

To request a security freeze by phone or mail, contact each of the three major consumer reporting agencies:

Equifax (www.equifax.com); Experian (www.experian.com) and TransUnion (www.transunion.com) by regular, certified or overnight mail at the addresses below:

P.O. Box 105788
Atlanta, GA 30348-5788

If a request is made online or by phone, then the credit reporting agency must put the freeze in place no later than the next business day. In order to request a security freeze, you may need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. The addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill, telephone bill, rental agreement, or deed;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, etc.);
7. Social Security Card, pay stub, or W2;
8. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

If the request is made online or by phone, a credit bureau must lift a freeze within one (1) hour. If the request is made by mail, the credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must go to the website provided above, call the toll-free number, or send a written request to the credit reporting agencies by mail. You will need proper identification (name, address, date of birth and social security number). Depending on the method you use, a PIN or password provided to you when you placed the security freeze may be required as well. You may also need to identify the entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available.

To remove the security freeze, you must go to the websites provided above, call the toll-free number, or send a written request to each of the three credit bureaus by mail. You will need proper identification (name, address, date of birth and social security number). Depending on the credit reporting agency and method you used to freeze your credit, a PIN or password provided to you when you placed the security freeze may be required or requested.
