RE: Notice of Data Breach
Please read this entire letter.

On behalf of Peter Brasseler Holdings, LLC and/or its subsidiaries, Brasseler U.S.A. Dental, LLC and Brasseler U.S.A. Medical, LLC (together, “Brasseler”), we write to inform you of a data security incident potentially involving some of your personal information. We take the protection of your information very seriously, and we are contacting you directly to explain the circumstances of the incident and the steps we are taking in response.

What Happened?

Last summer, we were targeted in a ransomware cyber-attack. We began an investigation to understand the scope of the incident with an outside forensic firm, secured our information technology systems, and contacted law enforcement. As part of our investigation, in early 2023, we discovered that certain files containing information related to you may have been obtained without authorization. While we know the files were compromised, as of this time, we do not have any evidence that the information in those files has been made public, or that any identity theft or fraud has been committed to date.

What Information Was Involved?

The investigation is ongoing, but, as of now, we believe the affected information that may have been obtained without authorization included government issued identification numbers, such as social security numbers, driver’s license numbers and passport numbers; financial account information, such as debit card and credit card numbers; medical and insurance information; and other information, such as dates of birth.

What We Are Doing To Protect Your Information:

Please be assured that we have taken numerous steps to address the incident. Upon discovery of the incident, our cybersecurity team immediately took a series of actions, including conducting an investigation to identify and remove any malicious files, to confirm that no other company systems were impacted, and to better understand the nature of the event, as well as to identify any potentially impacted individuals. We also implemented increased security measures to further protect our systems.

Protecting your personal information is of the utmost concern to us. To help protect your personal information, we are providing you with identity detection and resolution tools through Experian,

one of the leading credit and identity monitoring companies, through a complimentary 24-month membership to Experian's® IdentityWorksSM.

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.

Monitor Your Personal Health Information

If applicable to your situation, we recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive the regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number.

You may want to order copies of your credit reports and check for any medical bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your medical records. You may also want to request a copy of your medical records from your provider, to serve as a baseline. If you are a California resident, we suggest that you visit the website of the California Office of Privacy Protection at www.privacy.ca.gov to find more information about your medical privacy.

Additional Information

You can further educate yourself regarding identity theft and the steps you can take to protect yourself, by contacting your state Attorney General or the Federal Trade Commission.
