Dear Sample A. Sample,

Emerson College is writing to notify you of a recent incident that occurred at a third-party vendor (“Vendor”) that may impact the privacy of some of your personal information. The Vendor provides software used by Emerson College and stores Emerson College student data, and employee data, and data concerning other individuals. **Please note this event did not occur at Emerson College, nor did it impact the security of Emerson College’s network in any way.** Emerson College is unaware of any misuse of your information, but we are providing you with details about the incident, Emerson College’s response, and steps you may take to protect your information should you feel it necessary to do so.

On August 16, 2022, Vendor notified Emerson College that data related to Emerson College was inadvertently exposed to the internet and downloaded by a single IP address a few times. The Emerson College data was accessed between August 23, 2021, and May 8, 2022. Emerson College immediately began working with Vendor to determine the nature and scope of the error, and also launched its own internal review of the data at issue. As a result of this investigation, on September 6, 2022 Emerson College determined information related to you could be affected.

The information related to you that was present in the data determined to be at risk includes: [data elements]. Please understand, we have no evidence to suggest there was any actual or attempted misuse of this information.

Emerson College takes the confidentiality, privacy, and security of information in our care very seriously. Upon learning of this incident, we worked with Vendor to ensure the data was no longer at risk and to identify who could have been affected. We also are evaluating our relationships with third-party vendors and our policies and procedures related to data privacy and security.

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

\* Offline members will be eligible to call for additional reports quarterly after enrolling

\*\* The Identity Theft Insurance is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you may need to provide the following information, depending on whether you make the request online, by phone, or by mail:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.);
7. Social Security Card, pay stub, or W2;
8. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:
