Additional Actions To Help Reduce Chances Of Identity Theft

We recommend that you consider taking one or more of the following steps to avoid identity theft, obtain additional information, and protect your personal information:

1. Place a 90-day fraud alert on your credit file

An initial 90-day security alert indicates to anyone requesting your credit file that you suspect you are a victim of fraud. When you or someone else attempts to open a credit account in your name, increase the credit limit on an existing account, or obtain a new card on an existing account, the lender should take steps to verify that you have authorized the request. If the credit lender cannot verify that you have authorized this, the request should not be satisfied. You may contact one of the credit reporting companies below for assistance.

Experian: 1-888-397-3742; www.experian.com

TransUnion: 1-800-680-7289; www.transunion.com

Equifax: 1-800-525-6285; www.equifax.com

2. Place a security freeze on your credit

Massachusetts law allows consumers to place a security freeze on their credit reports, free of charge. If you are concerned about becoming a victim of security fraud or identity theft, a security freeze might be right for you. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

You must place your request for a freeze with each of the three major consumer reporting agencies: Equifax (www.equifax.com); Experian (www.experian.com); and TransUnion (www.transunion.com). To place a security freeze on your credit report, you may send a written request by regular, certified or overnight mail at the addresses below. You may also place a security freeze through each of the consumer reporting agencies' websites or over the phone, using the contact information below:

TransUnion Security Freeze
P.O. Box 160
Woodlyn, PA 19094
1-888-909-8872
<https://www.transunion.com/credit-freeze>

In order to request a security freeze, you will need to provide some or all of the following information to the credit reporting agency, depending on whether you do so online, by phone, or by mail:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five (5) years, the addresses where you have lived over the prior five years;
5. Proof of current address, such as a current utility bill, telephone bill, rental agreement, or deed;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.);
7. Social Security Card, pay stub, or W2;
8. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have one (1) to three (3) business days after receiving your request to place a security freeze on your credit report, based upon the method of your request. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password (or both) that can be used by you to authorize the removal or lifting of the security freeze. It is important to maintain this PIN/password in a secure place, as you will need it to lift or remove the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (including name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report. You may also temporarily lift a security freeze for a specified period of time rather than for a specific entity or individual, using the same contact information above. The credit bureaus have between one (1) hour (for requests made online) and three (3) business days (for request made by mail) after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have between one (1) hour (for requests made online) and three (3) business days (for requests made by mail) after receiving your request to remove the security freeze.

3. Order your free annual credit reports

To order a free annual credit report, visit www.annualcreditreport.com or call 877-322-8228. Once you receive your credit reports, review them for discrepancies, identify any accounts you did not open, or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice any incorrect information, contact the credit reporting company.

4. Use Tools from Credit Providers

Carefully review your credit reports and bank, credit card, and other account statements. Be proactive and create alerts on your credit cards and bank accounts for notice of activity. If you discover unauthorized or suspicious activity on your credit report or by any other means, file an identity theft report with your local police and contact a credit reporting company.

5. Report suspected identity fraud

You can report suspected incidents of identity theft to local law enforcement, your state Attorney General, or the Federal Trade Commission.

6. Obtain More Information about Identity Theft and Ways to Protect Yourself

If you suspect or know that you are the victim of identity theft, you can report this to the Fraud Department of the FTC, who will collect all information and make it available to law-enforcement agencies. The Federal Trade Commission hotline: 877-4364338, TTY 866-653-4261, www.ftc.gov/idtheft.
