TAXSQUAD

Dear [REDACTED]:

October 28, 2022

RE: NOTICE OF DATA BREACH

We are notifying you of a recent data security incident that could have involved your personal information.

What Happened? On August 22, 2022, we identified suspicious activity involving a TaxSquad employee email account. Upon learning of the issue, we quickly began an investigation and took steps to secure our systems. As part of that investigation, on September 16, 2022, we determined that someone may have accessed certain TaxSquad email accounts without authorization. We are unable to determine what, if any, emails in the accounts were viewed without authorization, so in an abundance of caution, we have decided to provide notice of the incident to all our clients.

What Information Was Involved? You are receiving this notice because some of your personal information could have been in the email accounts, including your name, date of birth, address, Social Security number, and tax related information.

What We Are Doing. We are taking a broad approach to notification and providing notice to anyone whose information could have been in the email accounts. We have also taken additional steps to secure our email systems to help prevent this type of incident from happening in the future.

What You Can Do. Although we are not aware of any instances of fraud or identity theft, we are offering a complimentary two-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not hurt your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.**

Get An IRS Identity Protection PIN (IP PIN). You can obtain an Identity Protection PIN (IP PIN) at www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin. An IP PIN is a six-digit number that prevents someone else from filing a tax return using your Social Security number or Individual Taxpayer Identification Number. The IP PIN is known only to you and the IRS. It helps us verify your identity when you file your electronic or paper tax return. Even though you may not have a filing requirement, an IP PIN still protects your account. If you set up a pin, you will need it to file your future tax returns. As a precautionary measure, we also recommend that you set up and monitor accounts at the IRS and your state tax departments. Information can be found at www.irs.gov/payments/your-online-account and www.ftb.ca.gov/myftb/index.asp. Residents of other states can go to their state Department of Taxation or Revenue Department and register.

Other Important Information. You can find further information on tax-related identity theft prevention at <https://www.irs.gov/newsroom/taxpayer-guide-to-identity-theft>. Additional information on steps that you can take to protect against the misuse of your information can be found in the enclosed *Additional Important Information sheet*.

For More Information. We take our responsibility to protect your information seriously, and we apologize for any concern this incident might cause. If you have questions, please call 1-877-420-0507 from 8 a.m. – 5 p.m. Pacific, Monday through Friday.

Sincerely,

TaxSquad

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

The District of Columbia and Massachusetts law also allow consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:

Trans Union Security Freeze

In order to request a security freeze, you may need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years;
5. Proof of current address such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.); and
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail or, if available, comply with the consumer reporting agencies' online procedures for lifting a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must send a written request to each of the three credit bureaus by mail or, if available, comply with the consumer reporting agencies' online procedures for removing a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze.
