Notice of Data Incident

Dear <<First Name>> <<Last Name>>:

Gresco Utility Supply recently experienced a data security incident which may have affected your personal information. We take the protection and proper use of your information seriously and sincerely apologize for any inconvenience this incident may cause. This letter contains additional information about the incident, our response to this incident and steps you can take to protect yourself.

What Happened

On or about July 5, 2022, Gresco Utility Supply experienced a ransomware incident. During a typical ransomware incident, cybercriminals try to “lock” an organization’s digital files in an attempt to get paid for a digital key to unlock the files. We promptly launched an investigation, engaged a national cybersecurity firm to assist in assessing the scope of the incident and took steps to mitigate the potential impact to our community. Unfortunately, these types of incidents are becoming increasingly common and even organizations with some of the most sophisticated IT infrastructure available are affected. We have worked diligently to determine what happened and what information was involved as a result of this incident.

What Information Was Involved

The elements of your personal information that may have been compromised may have included, and potentially were not limited to, your: name, address, <<data elements>>. Please note that there is no evidence at this time that any of your personal information has been misused as a result of the incident.

What We Are Doing

We are working with cybersecurity counsel to determine the actions to take in response to the incident. Together, we continue to investigate and closely monitor the situation. Further, we are taking steps to strengthen our security posture to prevent a similar event from occurring again in the future.

What You Can Do

At this time, we are not aware of anyone experiencing fraud as a result of this incident. We encourage you to remain vigilant, monitor your accounts, and immediately report any suspicious activity or suspected misuse of your personal information. Additionally, we recommend that you review the following page, which contains important additional information about steps you can take to safeguard your personal information, such as the implementation of fraud alerts and security freezes.

For More Information

Please know that the protection of your personal information is a top priority, and we sincerely apologize for any concern or inconvenience that this matter may cause you. If you have any questions, please do not hesitate to call 1-800-939-4170, Monday – Friday, from 9 a.m. to 9 p.m. Eastern Time.

Sincerely,

Gresco Utility Supply

For residents of all states:

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with Equifax ([https://assets.equifax.com/assets/personal/Fraud Alert Request Form.pdf](https://assets.equifax.com/assets/personal/Fraud%20Alert%20Request%20Form.pdf)); TransUnion (<https://www.transunion.com/fraud-alerts>); or Experian (<https://www.experian.com/fraud/center.html>). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:
