Dear _____ :

Baystate Health takes patient privacy very seriously. We want to make you fully aware of a privacy issue involving your information.

What Happened? On December 12, 2022, we received a report that a Baystate employee may have emailed certain documents containing patient information to their personal email address. This is against Baystate policy. We began a review as soon as we learned of this concern.

As part of our review, we audited the individual's email account. We learned that on November 23, 2022, one of the emails that the employee sent themselves contained some information about you. As of December 2, 2022, the individual is no longer employed at Baystate.

What Information Was Involved? The email included your name, address, date of birth, sex, and license number. It did not include your social security number or any billing or financial information.

What We Are Doing. We are taking the following actions in response:

- We confirmed that this individual no longer has access to Baystate Health's systems.
- We are taking appropriate legal action to recover the documents and make sure that all copies are destroyed.

What You Can Do. Although no financial information was taken, it is always a good idea to carefully review any bills and to monitor credit reports regularly. We have included information about how to obtain a free credit report with this letter.

Additionally, as a precaution, we are offering you a complimentary two-year membership of Experian's® *IdentityWorks Credit 3B*. This product helps detect possible misuse of your personal information and provides you with superior identity protection support focused on immediate identification and resolution of identity theft. Unfortunately, due to privacy laws, we are not able to enroll you directly. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter. Please note that you will be required to give your SSN to Experian for them to enroll you in the program.**

For More Information. The privacy of your information is very important to us. If you have any questions, please do not hesitate to call our office at (413) 794-7955. You can also email me at: complianceoffice@baystatehealth.org.

Sincerely,

Audrey St. John, JD, CHPC
