Dear [REDACTED],

You are receiving this letter because you are a current or former patient of the Institute for Human Resources and Services, Inc. (the "Institute"). We recently discovered that a data security incident may have resulted in the possible unintentional exposure of your personal information. This letter contains additional information about the incident, our response to this incident, and steps you can take to protect yourself. Please be assured that the Institute takes the protection and proper use of your personal information very seriously, and we sincerely apologize for any inconvenience this may cause.

What Happened and What Information was Involved:

On December 26, 2022, we detected and stopped a ransomware attack, in which an unauthorized third party accessed some of the Institute's computer systems. We immediately engaged a third-party forensic firm to assist us with securing the network environment and investigating the extent of any unauthorized activity. That investigation identified a data set that may have been accessed by the unauthorized person. The Institute then performed an extensive and comprehensive review of the data set and identified individuals whose personal information was in that data set. That investigation concluded on April 25, 2023.

We found no evidence that your information has been specifically misused; however, it is possible that the following personal information could have been accessed by an unauthorized third party: first and last name, address, Social Security number, driver's license number, medical and treatment information, Medicaid identification number, and health insurance information. Notably, the types of information affected were different for each individual, and not every individual had all the above listed elements exposed.

What We Are Doing:

Data security is one of our highest priorities. Upon detecting this incident we moved quickly to initiate a response, which included retaining a leading forensic investigation firm who assisted in conducting an investigation along with the assistance of leading IT specialists to confirm the security of our network environment. Additionally, we are coordinating with the FBI. We have also deployed additional monitoring tools and will continue to enhance the security of our systems.

We value the safety of your personal information and are providing you with access to Single Bureau Credit Monitoring/Single Bureau Credit Report/Single Bureau Credit Score services at no charge. Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at <https://www.consumer.ftc.gov/articles/0155-free-credit-reports>) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 1-800-349-9960 https://www.equifax.com/personal/credit-report-services/credit-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 1-888-397-3742 www.experian.com/freeze/center.html	TransUnion Security Freeze P.O. Box 160 Woodlyn, PA 19094 1-888-909-8872 www.transunion.com/credit-freeze

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (<https://www.transunion.com/fraud-alerts>); or
- Experian (<https://www.experian.com/fraud/center.html>).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim.
