**RE: NOTICE OF DATA BREACH
PLEASE READ THIS ENTIRE LETTER.**

Dear [Original First Name] [Original Last Name]

We are contacting you regarding a data security incident that has occurred on May 30, 2023 at The Vitality Group, LLC ("Vitality"). Vitality assists AptarGroup, Inc. in connection with its employee wellness program. This incident involved your first and last name, address, Social Security Number and date of birth. As a result, your personal information may have been potentially exposed to others. Please be assured that we have taken every step necessary to address the incident. This letter explains the incident, the steps we have taken in response, and provides information on steps you may take to help protect your information, should you feel it is appropriate to do so.

What Happened

Vitality, hundreds of global companies, and state agencies use a third-party file transfer program called MOVEit to transfer data necessary for conducting their business. At the end of May 2023, MOVEit experienced a zero-day security vulnerability which allowed an unauthorized third party to access the Vitality server that utilizes the MOVEit software.

Vitality's internal security personnel identified this risk with the MOVEit software at approximately 11:30 a.m. Central Standard Time on June 1. Within minutes of becoming aware of the vulnerability, Vitality disconnected the MOVEit software server. This prevented all public access to the server and removed the known exploitable risk.

After reviewing the incident, Vitality identified a two-hour span in which the vulnerability allowed the unauthorized third party to access the server that utilizes the MOVEit software. Vitality took immediate action and temporarily disabled access to MOVEit to protect our members' data privacy and began forensic investigations to evaluate any impact.

What Information Was Involved

We reviewed the files contained on the server that utilized the MOVEit software to determine if they contained any personal information. Thereafter, Vitality determined that the files contained your first and last name, address, Social Security number and date of birth.

As a precautionary measure, we recommend that you remain vigilant to protect against potential fraud and/or identity theft by, among other things, reviewing your account statements and monitoring credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

You may wish to review the tips provided by the FTC on fraud alerts, security/credit freezes and steps you can take to avoid identity theft. For more information and to contact the FTC, please visit www.ftc.gov/idtheft or call 1-877-ID-THEFT (1-877-438-4338). You may also contact the FTC at Federal Trade Commission, 600 Pennsylvania Avenue, NW, Washington, DC 20580.

Box 105281, Atlanta, GA 30348. You can print a copy of the request form at <https://www.annualcreditreport.com/manualRequestForm.action>.

Alternatively, you may elect to purchase a copy of your credit report by contacting one of the three national credit reporting agencies. Fraud Alerts: You may want to consider placing a fraud alert on your credit report. A fraud alert is free and will stay on your credit report for one (1) year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any new accounts in your name. To place a fraud alert on your credit report, contact any of the three national credit reporting agencies using the contact information listed above. Additional information is available at www.annualcreditreport.com.

Credit and Security Freezes: You may have the right to place a credit freeze, also known as a security freeze, on your credit file, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A credit freeze can be placed without any charge and is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Unlike a fraud alert, you must separately place a credit freeze on your credit file at each credit reporting company. Since the instructions for how to establish a credit freeze differ from state to state, please contact the three major credit reporting companies as specified below to find out more information:

We encourage you to review your rights under the Fair Credit Reporting Act by visiting https://files.consumerfinance.gov/f/documents/bcftp_consumer-rights-summary_2018-09.pdf, or by requesting information in writing from the Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.

Massachusetts Residents: Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it. Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:
