This notification is sent to you the same day that the change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout through Identity Force, a TransUnion company. Additionally, you should always remain vigilant in reviewing your financial account statements and credit reports for fraudulent or irregular activity on a regular basis.

If your tax return was rejected **or** you received a tax notice from a government agency (such as a notice from the IRS indicating someone was otherwise using your Social Security number), we recommend that you follow the below guidance:

- Respond immediately to any IRS notice you receive, and call the number provided and/or follow the instructions contained in the notice;
- **File an Identity Theft Affidavit (Form 14039) with the IRS (the form can be downloaded at: <https://www.irs.gov/pub/irs-pdf/f14039.pdf>).**
 - *Additional instructions for filing the Affidavit are included on the following pages.*
- You may choose to opt-in to the IRS Identity Protection (IP) PIN Program. An IP PIN is a six-digit number that prevents someone else from filing a tax return using your Social Security number. The IP PIN is known only to you and the IRS and helps the IRS verify your identity when you file your electronic or paper tax return. To opt-in, you should use the online "Get an IP PIN" tool (which can be found here: <https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin>). If you don't already have an account on IRS.gov, you must register to validate your identity. An IP PIN is valid for

one calendar year. You must obtain a new IP PIN each year. The IP PIN tool is generally unavailable mid-November through mid-January each year.

- If you are filing Form 14039, you should also check with your local state tax agency to see if there are any additional steps to take at the state level for reporting tax-related identity theft;
 - A complete listing of each state tax agency's website can be found at: <https://www.taxadmin.org/state-tax-agencies>. ***Additional information for reporting tax-related identity fraud to state tax agencies can be found on the following pages.***
- Review guidance from the IRS about tax-related identity theft at: <https://www.irs.gov/uac/taxpayer-guide-to-identity-theft> (*Taxpayer Guide to Identity Theft*) and <https://www.irs.gov/pub/irs-pdf/p5027.pdf> (*IRS Publication 5027, Identity Theft Information for Taxpayers*); and/or
- Call or visit your local law enforcement agency and file a police report.

Keep in mind that if you have an open identity theft case that is being worked on by the IRS, you need to continue to file your tax returns while the investigation is ongoing. Additional information regarding preventing tax related identity theft can be found at: <http://www.irs.gov/uac/Identity-Protection>. In addition to the above, we also recommend that you take additional steps with agencies outside of the IRS, and report incidents of identity theft to the Federal Trade Commission and contact the fraud departments of the three major credit bureaus. More information, including contact information, for these agencies can be found in the attachment.

2. Placing a Fraud Alert on Your Credit File.

Whether or not you choose to use the complimentary 24-month credit monitoring services, we recommend that you place an initial one (1) year “fraud alert” on your credit files, at no charge. As soon as one credit bureau confirms your fraud alert, they will notify the others.

3. Placing a Security Freeze on Your Credit File.

If you are very concerned about becoming a victim of fraud or identity theft, you may request a “security freeze” be placed on your credit file, at no charge. A security freeze prohibits, with certain specific exceptions, the consumer reporting agencies from releasing your credit report or any information from it without your express authorization. You may place a security freeze on your credit report by contacting all three nationwide credit reporting companies at the numbers below and following the stated directions or by sending a request in writing, by mail, to all three credit reporting companies:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
<https://www.equifax.com/personal/credit-report-services/credit-freeze/>
(888) 298-0045

TransUnion Security Freeze

P.O. Box 160

<https://www.transunion.com/credit-freeze>

In order to place the security freeze, you’ll need to supply your name, address, date of birth, Social Security number and other personal information. After receiving your freeze request, each credit reporting company will

send you a confirmation letter containing a unique PIN (personal identification number) or password. Keep the PIN or password in a safe place. You will need it if you choose to lift the freeze.

If you do place a security freeze *prior* to enrolling in the credit monitoring service as described above, you will need to remove the freeze in order to sign up for the credit monitoring service. After you sign up for the credit monitoring service, you may refreeze your credit file.

4. Obtaining a Free Credit Report.

Under federal law, you are entitled to one free credit report every 12 months from each of the above three major nationwide credit reporting companies. Call **1-877-322-8228** or request your free credit reports online at **www.annualcreditreport.com**. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

5. Additional Helpful Resources.

Even if you do not find any suspicious activity on your initial credit reports, the Federal Trade Commission (FTC) recommends that you check your credit reports periodically. Checking your credit report periodically can help you spot problems and address them quickly.

If you find suspicious activity on your credit reports or have reason to believe your information is being misused, call your local law enforcement agency and file a police report. Be sure to obtain a copy of the police report, as many creditors will want the information it contains to absolve you of the fraudulent debts. You may also file a complaint with the FTC by contacting them on the web at www.ftc.gov/idtheft, by phone at 1-877-IDTHEFT (1-877-438-4338), or by mail at Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW, Washington, DC 20580. Your complaint will be added to the FTC's Identity Theft Data Clearinghouse, where it will be accessible to law enforcement for their investigations. In addition, you may obtain information from the FTC about fraud alerts and security freezes.

If your personal information has been used to file a false tax return, to open an account or to attempt to open an account in your name, or to commit fraud or other crimes against you, you may file a police report in the city in which you currently reside.

6. Obtaining a Police Report.

Under Massachusetts law, you have the right to obtain a police report in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

7. Reporting Identity Fraud to the IRS.

As noted above, if you believe that you are a victim of identity fraud AND it is affecting your federal tax records (*or may affect* them at some time in the future), it is recommended that you do the following:
