Notice of Data Security Incident

Dear Sample A. Sample:

Pear Tree Advisors, Inc. (“PTA”), the transfer agent of Pear Tree Funds (“PTF”), values the privacy and confidentiality of PTF shareholders’ personal information and takes the protection of that information very seriously. Regrettably, this letter is to inform you about a recent data security incident that involved some of your personal information. This letter contains information about steps you can take to protect your information, and resources we are making available to help you.

What Happened? PTA recently received notification from Envision Financial Systems, Inc. (“Envision”), the provider of PTA’s investor management software, that a private cloud environment managed by Envision’s subcontractor Integrated Systems Corporation (“ISCorp”) experienced a data security incident that compromised certain PTF shareholder information. ISCorp utilizes a widely used file transfer software application called MOVEit, which is provided by Progress Software Corporation, to move files within the ISCorp environment. We now understand that one or more unauthorized individuals exploited a vulnerability in the MOVEit application and were able to access the data of hundreds of government agencies and businesses, including PTA’s. We have been advised that upon becoming aware of the incident, ISCorp immediately took steps to secure its cloud environment, began an internal investigation, and hired a leading computer forensic firm to assist. We also have been informed that ISCorp’s internal investigation showed that a limited number of PTA files containing PTF shareholder information were accessed for approximately eight (8) minutes on May 31, 2023 without authorization through the MOVEit vulnerability. At this time, neither ISCorp, Envision, nor PTA is aware of any fraudulent activity against those PTF shareholders as a result of this incident, however, we cannot rule out such activities and therefore wanted to inform you of this incident out of an abundance of caution.

Please note that, although investigation of this incident is still ongoing, based on a forensics analysis conducted by ISCorp, it is our understanding that this incident did not involve or affect any of the internal systems of Envision or PTA. Accordingly, we believe that the only information compromised by the incident was limited to PTF shareholder information queued for transmission from Envision to PTA at the time of unauthorized access.

What Information Was Involved? The compromised files included shareholder names, addresses, dates of birth, account numbers, and social security numbers.

What Are We Doing? We take the protection of your personal information seriously and are taking steps to prevent a similar occurrence. Envision has assured us that both it and ISCorp are enhancing their data security practices with respect to data held within ISCorp’s private cloud environment, including by implementing additional technical safeguards. In addition, PTA has adopted certain data protection measures recommended by Envision to further protect shareholder personal information processed using Envision’s software and has instituted new shareholder-verification procedures intended to prevent unauthorized individuals from making changes to shareholders’ PTF accounts.

Additionally, to help protect your identity, we are offering complimentary access to Experian IdentityWorksSM for 24 months.

If you believe there was fraudulent use of your information as a result of this incident and would like to discuss how you may be able to resolve those issues, please reach out to an Experian agent. If, after discussing your situation with an agent, it is determined that identity restoration support is needed then an Experian Identity Restoration agent is available to work with you to investigate and resolve each incident of fraud that occurred from the date of the incident (including, as appropriate, helping you with contacting credit grantors to dispute charges and close accounts; assisting you in placing a freeze on your credit file with the three major credit bureaus; and assisting you with contacting government agencies to help restore your identity to its proper condition).

Please note that Identity Restoration is available to you for 24 months from the date of this letter and does not require any action on your part at this time. The Terms and Conditions for this offer are located at www.ExperianIDWorks.com/restoration.

While identity restoration assistance is immediately available to you, we also encourage you to activate the fraud detection tools available through Experian IdentityWorks as a complimentary 24-month membership. Additional Steps You Can Take to Further Protect Your Information

1. Review your account statements and credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, including your state attorney general and the Federal Trade Commission (“FTC”).

To file a complaint with the FTC, go to IdentityTheft.gov or call 1-877-ID-THEFT (877-438-4338). Complaints filed with the FTC will be added to the FTC's Identity Theft Data Clearinghouse, which is a database made available to law enforcement agencies.

2. Obtain and Monitor your Credit Report. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the FTC's website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

3. Consider Placing a Fraud Alert on Your Credit Report. If you choose to place a fraud alert on your credit report, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by contacting them using the information below. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. Additional information is available at www.annualcreditreport.com. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

4. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files. The following information must be included when requesting a security freeze (note that if you are requesting a credit freeze for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. You may obtain information from the credit reporting agencies and the FTC about security freezes.

5. Take Advantage of Additional Free Resources on Identity Theft. We recommend that you review the tips provided by the Federal Trade Commission's Consumer Information website, a valuable resource with some helpful tips on how to protect your information. For more information, please visit <https://consumer.ftc.gov/identity-theft-and-online-security>, IdentityTheft.gov, or call 1-877-ID-THEFT (877-438-4338).
