Re: Notice of Data Security Incident. Important information regarding your account ending in XXXX.

Dear Customer,

We are writing to notify you about a recent cyber incident that impacted numerous companies around the world, including one of our vendors that processes bill pay transactions for Rockland Trust Online Banking. This letter is to provide you with details of what happened, the measures taken in response, and to provide you with information on steps you may consider taking to help protect your personal information.

What Happened?

On May 31, 2023, Progress Software Corporation announced a previously unknown vulnerability affecting its MOVEit Transfer application. MOVEit is a file transfer software used worldwide to transfer data amongst businesses. Our vendor that processes online banking bill pay transactions initiated by Rockland Trust customers was impacted by this incident. Upon learning this on June 13, 2023, we immediately began working with the vendor to obtain additional information about the incident and verified that the issue had been contained. We have received assurances from the vendor that they have remediated the vulnerability.

What Information Was Involved?

According to the vendor, their investigation determined there was unauthorized activity on their MOVEit system between May 27 and May 31, 2023, that impacted files relating to Rockland Trust. We have determined that some of your banking information was contained in the affected files, including your name, address, account number, email address, bill payment amount, and the payee's name and address details. No additional information about you or your account was affected.

What We Are Doing?

As a precautionary measure, we will be offering a complimentary two-year membership of Experian's® IdentityWorksSM. This product provides you with superior identity protection and resolution of identity theft. IdentityWorksSM is completely free to you and enrolling in this program will not hurt your credit score.

ADDITIONAL STEPS YOU CAN TAKE

<u>Free Credit Report.</u> Regardless of whether you choose to take advantage of the complimentary identity monitoring, it is always advisable to be vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. If you identify any unauthorized charges on your financial account statements, you should immediately report any such charges to your financial institution. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit www.annualcreditreport. com or call toll free at 1.877.322.8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Contact information for the three nationwide credit reporting companies is as follows:

Equifax	<u>Experian</u>	<u>TransUnion</u>

Security Freeze. Security freezes, also known as credit freezes, restrict access to your credit file, making it harder for identity thieves to open new accounts in your name. You can freeze and unfreeze your credit file for free. You also can get a free freeze for your children who are under 16. And if you are someone's guardian, conservator, or have a valid power of attorney, you can get a free freeze for that person, too.

How will these freezes work? Contact all three of the nationwide credit reporting agencies – Equifax, Experian, and TransUnion. If you request a freeze online or by phone, the agency must place the freeze within one business day. If you request a lift of the freeze, the agency must lift it within one hour. If you make your request by mail, the agency must place or lift the freeze within three business days after it gets your request. You also can lift the freeze temporarily without a fee.

Don't confuse freezes with locks. They work in a similar way, but locks may have monthly fees. If you want a free freeze guaranteed by federal law, then opt for a freeze, not a lock.

The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse, this information must be provided for them as well): (1) full name, with middle initial and any suffixes; (2) Social Security Number; (3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name, current mailing address, and the date of issue. You may obtain information from the credit reporting agencies and the FTC about security freezes.

For New Mexico residents: You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You may submit a declaration of removal to remove information placed in your credit report as a result of being a victim of identity theft. You have a right to place a security freeze on your credit report or submit a declaration of removal pursuant to the Fair Credit Reporting and Identity Security Act. For more information, including information about additional rights, go to www.consumerfinance.gov/learnmore or write to: Consumer Financial Protection Bureau, 1700 G Street N.W., Washington, DC 20552.

Fraud Alerts. A fraud alert tells businesses that check your credit that they should check with you before opening a new account. An initial fraud alert stays on your credit report for one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. To place a fraud alert on your credit reports, contact one of the nationwide credit bureaus. A fraud alert is free. The credit bureau you contact must tell the other two, and all three will place an alert on their versions of your report. You may obtain additional information from the credit reporting agencies and the FTC about fraud alerts.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for information on how to prevent or avoid identity theft.
