**What Happened?** On or around May 31, 2023, Progress Software, the provider of MOVEit Transfer software disclosed a vulnerability in their software that had been exploited by an unauthorized third party. ### Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);

---

<sup>3</sup> Kroll’s activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:

On June 28, 2023, Milliman, Inc. (“Milliman”), a third-party vendor conducting business on behalf of New England Life Insurance Company (“NELICO,” “we,” or “us”), made us aware that it had been impacted by the security incident involving the file transfer software MOVEit that occurred between May 29, 2023, and May 30, 2023.

Milliman provides recordkeeping and plan administration services for one of NELICO’s retirement plans. As part of this service, Milliman utilizes a third-party vendor, Pension Benefit Information, LLC (“PBI”), to conduct research on whether plan participants have passed away. PBI disclosed that it utilized MOVEit for its secure file transfer protocol (“SFTP”) servers. PBI also indicated that it stored Milliman’s clients’ data on PBI’s SFTP servers utilizing MOVEit.

On July 27, 2023, Milliman informed NELICO that the vulnerability allowed unauthorized users to access and/or acquire data containing the following data elements of eight NELICO customers who are Massachusetts residents: first name, last name, Social Security number, and date of birth.

PBI has advised Milliman that it immediately took the steps recommended by Progress Software, the manufacturer of MOVEit, to patch the vulnerability in its instance of the MOVEit file transfer software, and PBI is reviewing and enhancing its information security policies and procedures. Milliman has stopped transferring data to PBI pending further evaluation of PBI’s information security practices. We are in the process of notifying the impacted individuals of the incident and will include an offer for twenty-four months of free credit monitoring.

NELICO has experienced no impact to its operations due to this cybersecurity event.
