Re: Notice of Data Security Incident

Dear «firstname» «lastname»:

We are writing to inform you of a data security incident affecting one of our benefits administrators, The Hartford, that may have involved your personal information. Kansas City Life Insurance Company values your business and takes the privacy and security of your personal information seriously. We are contacting you directly to explain the circumstances of the incident, the actions we have taken in response, and the steps you can take to help protect your personal information.

What Happened?

Kansas City Life contracts with The Hartford to provide claims administration services for group disability insurance claims. As part of its services, The Hartford uses vendor Pension Benefit Information, LLC (“PBI”) to provide audit and research services. PBI utilizes MOVEit file transfer software and experienced a security breach resulting from a global cyberattack on MOVEit that exploited a vulnerability in the software. During the first week of June 2023, PBI notified The Hartford that the MOVEit cyberattack had impacted data shared by The Hartford.

On July 10, 2023, The Hartford notified Kansas City Life that personal information of some of our customers was likely accessed due to the PBI security breach. On July 21, 2023, The Hartford provided detailed information about the identity of the customers affected and the specific personal information exposed.

What Information Was Involved?

The personal information involved may have included your full name, date of birth, Social Security number, and resident state/zip code. No medical or financial information was involved, and this incident in no way affects the determination of your claim. To date, we have no indication that your information has been subject to actual or attempted misuse in relation to this incident.

What We Are Doing

Upon learning of this incident, Kansas City Life moved quickly to investigate and gather complete information from The Hartford regarding the customers affected by the PBI breach. Kansas City Life does not use MOVEit software, and all of our internal information systems remain secure.

As a precaution, PBI will be providing 24 months of free credit monitoring services through Kroll to all affected customers. You will be receiving a separate letter directly from PBI with more information about Kroll credit monitoring services and how to enroll.

What You Can Do

In addition to enrolling in the credit monitoring being offered, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission.

You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting agencies – Equifax, Experian, and TransUnion. To order your free annual credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228.

In addition, you may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 12 months. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. You may also place a security freeze, which prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. To place a fraud alert or security freeze on your credit report, contact any of the three credit reporting agencies using the contact information below:

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

¹ Kroll’s activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.
