Subject: Notice of Third-Party Data <<Variable Text 1 – Breach or Security Incident>>

Dear <<First Name>> <<Last Name>>,

Primis Bank (“Primis”) is writing to inform you of a recent third-party data security incident that may have affected your personal information. Please read this letter carefully as it contains information regarding the incident and steps you can take to help protect your personal information.

On July 24, 2023, Darling Consulting Group (“Darling”) advised Primis that it was recently affected by the MOVEit software vulnerability. Darling provides analytical services for various companies and organizations, including Primis, and utilizes the MOVEit tool to transfer data to and from its clients. The MOVEit vulnerability has impacted an estimated 2,500 companies and other organizations worldwide, including universities and government agencies, and resulted in the exposure of personal information of millions of customers.

Primis’ systems were not compromised. Per Darling, the MOVEit vulnerability resulted in files pertaining to Primis being downloaded from Darling’s systems by an unauthorized actor between May 30 and May 31, 2023. Primis thereafter undertook a review of the potentially affected files and identified personal information for certain individuals therein.

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

Massachusetts law also allows consumers to place a security freeze on their credit reports. A security freeze prohibits a consumer reporting agency from releasing any information from a consumer’s credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit, mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to **each** of the three major consumer reporting agencies:

Equifax Security Freeze
P.O. Box 105788
Atlanta, GA 30348
1-800-349-9960
www.equifax.com

Experian Security Freeze
P.O. Box 9554
Allen, TX 75013
1-888-397-3742

TransUnion Security Freeze
P.O. Box 2000
Chester, PA 19016
1-888-909-8872
www.transunion.com/credit-freeze

To request a security freeze, you will need to provide the following information:

1. Full name and any suffixes;
2. Social Security Number;
3. Date of birth;
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years;
5. Proof of current address such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.);
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft;

The consumer reporting agencies have three (3) business days after receiving your request to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze to allow a specific entity or individual access to your credit report, you must call or send a request to the consumer reporting agencies and include proper identification (name, address, and Social Security Number) and the PIN or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The consumer reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must send a request to each of the three consumer reporting agencies and include proper identification (name, address, and Social Security Number) and the PIN or password provided to you when you placed the security freeze. The consumer reporting agencies have three (3) business days after receiving your request to remove the security freeze. No fee is required to be paid to any of the consumer reporting agencies to place, lift or remove a security freeze.

To determine whether any unauthorized credit was obtained with your information, you may obtain a copy of your credit report at www.annualcreditreport.com or 1-877-322-8228. You may also request information on how to place a fraud alert by contacting any of the above consumer reporting agencies. A fraud alert is intended to alert you if someone attempts to obtain credit in your name without your consent. It is recommended that you remain vigilant for any incidents of fraud or identity theft by reviewing credit card account statements and your credit report for unauthorized activity. You may also contact the Federal Trade Commission (FTC) to learn more about how to prevent identity theft:

STEPS YOU CAN TAKE TO HELP PROTECT YOUR INFORMATION

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

Equifax

P.O. Box 105851
Atlanta, GA 30348
1-800-525-6285

Experian

P.O. Box 9532
Allen, TX 75013
1-888-397-3742

TransUnion

P.O. Box 1000
Chester, PA 19016
1-800-916-8800

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

Additional Free Resources: You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
