Notice of Data Breach

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>,

We are writing with important information regarding a data security incident that may have included some of your personal information. We take the security of your information very seriously and sincerely apologize for any concern this incident may cause. This letter contains information about what happened and steps you can take to help protect your information.

What happened?

As you are aware, Growers Express was a grower-shipper of fresh produce and the manufacturer of frozen vegetable products and closed operations in 2022. We were recently the target of a sophisticated computer attack whereby the attacker was able to access some employee data files with the goal of extorting money to prevent disclosure of personal information. We took immediate action to isolate the attack, investigate, and secure our IT environment. We also reported the attack to law enforcement. Our investigation revealed that the personal information of former employees was accessed by the attackers. We believe it is likely the attacker only wanted money and not the information on our computers but, in an abundance of caution, we are letting you know that your information may have been accessed by the attackers.

What information was involved?

On October 9, 2023, we discovered that data containing personal information was exfiltrated from our IT environment. While we have no reports of misuse of anyone's information, our investigation revealed that the system contained HR records which may have included your name, address, date of birth, Social Security number, direct deposit information, driver's license, and passport, if provided.

What we are doing.

We take the security of your information seriously and have taken measures to reduce the likelihood of a future cyber-attack, including increasing threat detection and further restricting remote access to meet the continually evolving cyber threat as we wind down operations.

In an abundance of caution, we are offering the services of Kroll to provide identity monitoring at no cost to you for two years. Massachusetts and Rhode Island residents: You have the right to obtain or file a police report.

For residents of all states:

You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at www.consumer.ftc.gov/articles/0155-free-credit-reports) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf), Experian (www.experian.com/fraud/center.html) or Transunion (www.transunion.com/fraud-victim-resource/place-fraud-alert). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. Initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant for incidents of fraud and identity theft by reviewing payment card account statements and monitoring your credit reports for suspicious or unusual activity and immediately report any suspicious activity or incidents of identity theft.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency by visiting their websites below or by mail. In order to place the security freeze for yourself, your spouse, or a minor under the age of 16, you will need to provide your name, address for the past two years, date of birth, Social Security number, proof of identity and proof of address as requested by the credit reporting company. After receiving your freeze request, each credit reporting company will send you a confirmation letter containing a unique PIN (personal identification number) or password, which will be required to lift the freeze, which you can do either temporarily or permanently. It is free to place, lift, or remove a security freeze.
