Notice of Data Incident

Dear <<First name>> <<Middle name>> <<Last name>> <<Sufx>>:

Aiphone Corporation recently experienced a data security incident between July 22, 2023 and July 25, 2023 which may have affected your personal information. Based on our current review, we have no indication that your personal information has been or will be used inappropriately, but we wanted to make you aware of the incident, the measures we have taken in response, and to provide details on the steps you can take to help protect your information. We take the protection and proper use of your information seriously and are working to prevent a similar incident from occurring again in the future.

What Information Was Involved

The elements of your personal information that may have been impacted may have included, and potentially were not limited to, your: name, address, <<Data Elements>>. Please note that we have no evidence at this time that any of your personal information has been or will be misused as a result of the incident.

What We Are Doing

We are taking this incident seriously and are committed to strengthening our systems' security to prevent a similar event from occurring again in the future. Additionally, out of an abundance of caution, we are providing you with access to Single Bureau Credit Monitoring, Credit Report and Credit Score services at no charge. These services provide you with alerts for <<eighteen (18)>> months from the date of enrollment when changes occur to your credit file. With this service, notification will be sent to you the same day that a change or update takes place with the bureau. Finally, we are providing you with proactive fraud assistance to help with any questions that you might have or in event that you become a victim of fraud. These services will be provided by Cyberscout through Identity Force, a TransUnion company specializing in fraud assistance and remediation services.

What You Can Do

To enroll in the complimentary services we are offering you, please visit **URL** and follow the instructions provided. When prompted please provide the following unique code to receive services: **<<Unique Code>>**. In order for you to receive the monitoring services described above, you must enroll within ninety (90) days from the date of this letter.

Please note that to activate monitoring services, you will need an internet connection and e-mail account and may not be available to minors under 18 years old. Additionally, you may be required to provide your name, date of birth, and Social Security number to confirm your identity. Due to privacy laws, we cannot register you directly. Please note that the certain services might not be available for individuals who do not have a credit file with the credit bureaus or an address in the United States (or its territories) and a valid Social Security number. Activating this service will not affect your credit score.

At this time, we are not aware of anyone experiencing fraud as a result of this incident. As data incidents are increasingly common, we encourage you to always remain vigilant, monitor your accounts, and immediately report any suspicious activity or suspected misuse of your personal information. Additionally, we recommend that you review the following pages, which contain important additional information about steps you can take to safeguard your personal information, such as the implementation of fraud alerts and security freezes.

For More Information

Please know that the protection of your personal information is a top priority, and we understand the inconvenience and concern this incident may cause. Representatives can be reached at **1-800-xxx-xxxx** and are available for 90 days from the date of this letter to assist you with questions regarding this incident, between the hours of 8:00 a.m. to 8:00 p.m. Eastern time, Monday through Friday, excluding holidays.

Sincerely,

Aiphone Corporation

Additional Important Information

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

Massachusetts law also allows consumers to place a security freeze on their credit reports, free of charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

To place a security freeze on your credit report, you must make a direct request by telephone, secure electronic means (website), or written request to each of the three major consumer reporting agencies: Equifax; Experian; and TransUnion at the addresses and/or numbers below:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
equifax.com/personal/credit-report-
services/
(800) 349-9960

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013
experian.com/freeze/center.ht
ml
(888) 397-3742

TransUnion Security Freeze

P.O. Box 160
Woodlyn, PA 19094
transunion.com/credit-
freeze
(888) 909-8872

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five (5) years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have one (1) business day after receiving a telephone or secure electronic request, or three (3) business days after receiving your written request, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (including name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report. You may also temporarily lift a security freeze for a specified period of time rather than for a specific entity or individual, using the same contact information above. The credit bureaus have between one (1) hour (for requests made online) and three (3) business days (for request made by mail) after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have between one (1) hour (for requests made online) and three (3) business days (for requests made by mail) after receiving your request to remove the security freeze.

Implementing an Identity Protection PIN (IP PIN) with the IRS:

To help protect against a fraudulent tax return being filed under your name, we recommend Implementing an Identity Protection PIN (IP PIN) with the IRS. An IP PIN is a six-digit number that prevents someone else from filing a tax return using your Social Security number or Individual Taxpayer Identification Number. The IP PIN is known only to you and the IRS. It helps the IRS verify your identity when you file your electronic or paper tax return. Even though you may not have a filing requirement, an IP PIN still protects your account.

If you don't already have an IP PIN, you may get an IP PIN as a proactive step to protect yourself from tax-related identity theft. If you want to request an IP PIN, please note: you must pass an identity verification process; and Spouses and dependents are eligible for an IP PIN if they can pass the identity verification process. The fastest way to receive an IP PIN is by using the online Get an IP PIN tool found at: <https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin>. If you wish to get an IP PIN and you don't already have an account on IRS.gov, you must register to validate your identity.

Some items to consider when obtaining an IP PIN with the IRS:

- An IP PIN is valid for one calendar year.
- A new IP PIN is generated each year for your account.
- Logging back into the Get an IP PIN tool, will display your current IP PIN.
- An IP PIN must be used when filing any federal tax returns during the year including prior year returns.

Notice of Data Incident

To the Parent or Guardian of <<First name>> <<Middle name>> <<Last name>> <<Sufx>>:

Aiphone Corporation recently experienced a data security incident between July 22, 2023 and July 25, 2023 which may have affected your child's personal information. Based on our current review, we have no indication that your child's personal information has been or will be used inappropriately, but we wanted to make you aware of the incident, the measures we have taken in response, and to provide details on the steps you can take to help protect your child's information. We take the protection and proper use of your child's information seriously and are working to prevent a similar incident from occurring again in the future.

What Information Was Involved

The elements of your child's personal information that may have been impacted may have included, and potentially were not limited to, your child's: name, address, <<Data Elements>>. Please note that we have no evidence at this time that any of your child's personal information has been or will be misused as a result of the incident.

What We Are Doing

We are taking this incident seriously and are committed to strengthening our systems' security to prevent a similar event from occurring again in the future. Additionally, out of an abundance of caution, we are providing the parents of impacted minor dependents with access to Cyber Monitoring services for you and your minor child for eighteen (18) months at no charge. Cyber monitoring will look out for yours and your child's personal data on the dark web and alert you if your personally identifiable information or your child's is found online. These services will be provided by Cyberscout through Identity Force, a TransUnion company specializing in fraud assistance and remediation services.

What You Can Do

To enroll in the complimentary services we are offering your child, please visit **URL** and follow the instructions provided. When prompted please provide the following unique code to receive

services: <<Unique Code>>. In order for your child to receive the monitoring services described above, you must enroll within ninety (90) days from the date of this letter.

Once you have enrolled yourself, click on your name in the top right of your dashboard and select “Manage Family Protection” then “Add Family Member” to enroll your child. In order for you to receive the monitoring services described above, you must enroll within 90 days from the date of this letter. The enrollment requires an internet connection and an email account and will require enrollment by parent or guardian first. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity. Due to privacy laws, we cannot register your child directly.

At this time, we are not aware of anyone experiencing fraud as a result of this incident. As data incidents are increasingly common, we encourage you to always remain vigilant, monitor your child’s accounts, and immediately report any suspicious activity or suspected misuse of your child’s personal information. Additionally, we recommend that you review the following pages, which contain important additional information about steps you can take to safeguard your child’s personal information, such as the implementation of fraud alerts and security freezes.

For More Information

Please know that the protection of your child’s personal information is a top priority, and we understand the inconvenience and concern this incident may cause. Representatives can be reached at 1-800-xxx-xxxx and are available for 90 days from the date of this letter to assist you with questions regarding this incident, between the hours of 8:00 a.m. to 8:00 p.m. Eastern time, Monday through Friday, excluding holidays.

Sincerely,

Aiphone Corporation

Additional Important Information

Under Massachusetts law, you have the right to obtain any police report filed in regard to this incident. If you are the victim of identity theft, you also have the right to file a police report and obtain a copy of it.

Massachusetts law also allows consumers to place a security freeze on their credit reports, free of charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services. Under federal law, you cannot be charged to place, lift, or remove a security freeze.

To place a security freeze on your credit report, you must make a direct request by telephone, secure electronic means (website), or written request to each of the three major consumer reporting agencies: Equifax; Experian; and TransUnion at the addresses and/or numbers below:

Equifax Security Freeze

P.O. Box 105788
Atlanta, GA 30348
equifax.com/personal/credit-report-
services/
(800) 349-9960

Experian Security Freeze

P.O. Box 9554
Allen, TX 75013
experian.com/freeze/center.ht
ml
(888) 397-3742

**TransUnion Security
Freeze**

P.O. Box 160
Woodlyn, PA 19094
transunion.com/credit-
freeze
(888) 909-8872

In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number;
3. Date of birth;
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five (5) years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft.

The credit reporting agencies have one (1) business day after receiving a telephone or secure electronic request, or three (3) business days after receiving your written request, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both, that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (including name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze, as well as the identities of those entities or individuals you would like to receive your credit report. You may also temporarily lift a security freeze for a specified period of time rather than for a specific entity or individual, using the same contact information above. The credit bureaus have between one (1) hour (for requests made online) and three (3) business days (for request made by mail) after receiving your request to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must make a request to each of the credit reporting agencies by mail, through their website, or by phone (using the contact information above). You must provide proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have between one (1) hour (for requests made online) and three (3) business days (for requests made by mail) after receiving your request to remove the security freeze.

Implementing an Identity Protection PIN (IP PIN) with the IRS:

To help protect against a fraudulent tax return being filed under your name, we recommend Implementing an Identity Protection PIN (IP PIN) with the IRS. An IP PIN is a six-digit number that prevents someone else from filing a tax return using your Social Security number or Individual Taxpayer Identification Number. The IP PIN is known only to you and the IRS. It helps the IRS verify your identity when you file your electronic or paper tax return. Even though you may not have a filing requirement, an IP PIN still protects your account.

If you don't already have an IP PIN, you may get an IP PIN as a proactive step to protect yourself from tax-related identity theft. If you want to request an IP PIN, please note: you must pass an identity verification process; and Spouses and dependents are eligible for an IP PIN if they can pass the identity verification process. The fastest way to receive an IP PIN is by using the online Get an IP PIN tool found at: <https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin>. If you wish to get an IP PIN and you don't already have an account on IRS.gov, you must register to validate your identity.

Some items to consider when obtaining an IP PIN with the IRS:

- An IP PIN is valid for one calendar year.
- A new IP PIN is generated each year for your account.
- Logging back into the Get an IP PIN tool, will display your current IP PIN.
- An IP PIN must be used when filing any federal tax returns during the year including prior year returns.
