<p><u>Community Autism Resources</u></p>	<p>As a regional Autism Support Center, that provides support to both the ID and ASD non-ID populations, Supported Technology is already a cornerstone of the services we offer. We provide our services where they are needed, so we travel throughout the region. This is particularly important for AT services because assessments and trials of devices and programs should be conducted in the environments in which they will be used.</p>	<p>3 Staff: Assistive Technology Professionals (ATP), all with Master's Certificates in Assistive Technology. M.Ed. in Severe Special Needs with a Specialization in Autism; Speech-Language Pathology; Communication Disorders</p>	<p><u>For additional information please contact: Shannon Sousa, MS, CCC-SLP, ATP; switter@community-autism-resources.com 508-379-0371 ext 28</u></p>	<p><u>5</u></p>	<p><u>Yes</u></p>	<p>SE</p>
