EEC FINANCIAL ASSISTANCE

INCOME ELIGIBILITY TABLE

The *Income Eligibility Levels* table must be used to determine if a family's income meets EEC's income eligibility criteria.

In order to meet income eligibility requirements, all families accessing EEC financial assistance must have an income at or below 50% of the State Median Income (SMI) upon initial assessment and may remain income eligible if their income remains at or below 85% SMI, provided they continue to meet EEC activity requirements.

Families with a child or parent with a documented special need may have an income at or below 85% SMI upon initial assessment and may remain income eligible up to 100% SMI, provided they continue to have a documented special need.

Step 1: Use This Form to Determine Family Eligibility

1. Find the column with the family's size written at the top.
2. Read down the column until you come to the correct income (either annual or monthly).
3. Then read directly across to the left to determine "Percent State Median Income."
4. Please refer to "Current Income Eligibility by Program" (below) to determine the family's eligibility.
