The following state-chartered banks and credit unions and licensed mortgage lenders have Community Reinvestment Act descriptive ratings and evaluations describing the basis for the rating issued by the Division of Banks. BANK AND CREDIT UNION APPLICATION PROCESS TIMING

As a general rule, applications by banks and credit unions other than those that are subject to a review period set out in statute are intended to be processed and completed within the monthly cycle for which the bank and credit union applies. That review period for such processing is approximately 45 days or less from the date the application is filed with the Division. A decision on the application is generally issued within 5 business days after the review period is completed. The decision then will be reported on the monthly Activity Report for the month in which the decision was issued. The timing of the overall review process including the issuance of a decision and the listing on the monthly Activity Report will be dependent on the applicant's compliance with all statutory, regulatory and administrative requirements. Applications before the Massachusetts Board of Bank Incorporation are subject to separate timing schedules as set out in the applications of the Board.
