

State-Supplied Adult Vaccine Availability Table

Eligibility:

- MDPH **does not** provide vaccines for adults seen at private provider sites. The only exception is tetanus-diphtheria (Td) vaccine, which MDPH continues to provide for all Massachusetts residents, regardless of where they receive care.
- MDPH provides a very limited supply of vaccines listed below for uninsured adults seen in public sector sites.¹ **Employees of public sector sites are not eligible for state-supplied vaccine.**
- Sites with billing capacity should purchase vaccine and seek reimbursement from health insurers.
- Availability of vaccines may change during an outbreak.
