To the extent another cable licensee is granted a cable license by the Issuing Authority on material terms and conditions thought by the Licensee to be, taken as a whole, more favorable or less burdensome than provided herein, the Issuing Authority, upon a written request from Licensee, after providing public notice, shall hold a public hearing to afford the Licensee the opportunity to demonstrate that the other material terms and conditions of a cable license granted by the Issuing Authority, taken as a whole, is more matter favorable or less burdensome than provided herein, and following said hearing, the Issuing Authority shall make amendments to this Renewal License such that the material terms of this Renewal License are not less favorable or more burdensome, taken as a whole, than those of the additional cable licensee.

2.4 Police Powers and Conflicts with Renewal License

By executing this Renewal License, the Licensee acknowledges that its rights are subject to the powers of the Town to adopt and enforce general by-laws necessary to the safety and/or welfare of the public. The Licensee shall comply with all applicable State and Town laws, by-laws, rules, and regulations governing construction, operation and maintenance of a Cable System and the provision of Cable Service. In the event of any conflict between this Renewal License and any Issuing Authority bylaw or regulation, apart from the lawful police powers of the Town, materially contradicting the applicable

provisions of this Renewal License, this Renewal License will prevail. This Renewal License is a contract and except as to those changes, which are the result of the Issuing Authority's exercise of its general police power, the Issuing Authority may not take any unilateral action, which materially changes the explicit mutual promises in this contract. Nor may the Licensee take any unilateral action, which materially changes the explicit mutual promises in this contract. Any changes to this Renewal License must be made in writing signed by the Licensee and the Issuing Authority.

2.5 Removal

Upon termination of this Renewal License by the passage of time or otherwise, unless the Licensee has this Renewal License renewed for another term or is operating under the terms of and compliance with this Renewal License in accordance with applicable law, the Licensee shall remove all of its supporting structures, poles, transmission and distribution systems, and other appurtenances from the Public Ways and shall restore the areas to their original condition. If such removal is not complete within six (6) months of such termination, the Issuing Authority may deem any property not removed as having been abandoned.

2.6 Cable Advisory Committee

The Issuing Authority may appoint a Cable Advisory Committee to advise policy, mediate complaints and monitor ongoing matters concerning the construction, operation, rebuild, maintenance and administration of the Cable Television System, and other matters related to this License and the operation of the Cable System, subject to the Issuing Authority's ultimate authority and approval as set forth in Chapter 166A of the General Laws of Massachusetts, applicable State and Federal regulations relating to this License. The Licensee shall, by acceptance of the Renewal License granted herein, shall, at its sole cost and expense, indemnify, hold harmless and defend the Town, its officials, boards, commissions, committees, agents and/or employees against all claims, damages and expenses due to the action(s) of the Licensee, its employees, officers or agents arising out of the construction, installation, maintenance, operation, and/or removal of the Cable System under this Renewal License, including without limitation, property damage or personal injury (including accidental death) that arise out of Licensee's construction, operation, maintenance or removal of the Cable System. In the event any such claim arises, the Town shall tender the defense thereof to the Licensee and the Licensee shall have the right to defend, settle or compromise any claims arising hereunder, and the Town shall reasonably cooperate therein, but the Town shall not be required to incur financial liability in doing so. Notwithstanding the foregoing, the Licensee shall not be obligated to indemnify the Town for any damages or liability resulting from the willful misconduct or negligence of the Town or for the Town's use of the Cable System, including any PEG channels. The Town shall provide reasonable notice as not to prejudice the Licensee's ability to defend the Issuing Authority or Town.

With respect to Licensee's indemnity obligations set forth herein, Licensee shall, at its own expense, provide the defense of any claims brought against the Town by selecting counsel of Licensee's choice to defend the claim, subject to the consent of the Town, which shall not unreasonably be withheld. Nothing herein shall be deemed to prevent the Town from participating in the defense of any litigation by its own counsel at its own cost and expense, provided however, that after consultation with the Town, Licensee shall have the right to defend, settle or compromise any claim or action arising hereunder, and Licensee shall have the authority to decide the appropriateness and the amount of any such settlement. In the event that the terms of any such proposed settlement includes the release of the Town and the Town does not consent to the terms of any such proposed settlement, Licensee shall not settle the claim or action but its obligation to indemnify the Town shall in no event exceed the amount of such proposed settlement.

4.2 Insurance

(a) Licensee shall maintain in full force and effect, at its own cost and expense, during the term of this License, the following insurance coverage:

(i) Commercial General Liability Insurance in the amount of two million dollars (\$2,000,000) combined single limit for property damage and bodily injury. (v) Umbrella Liability: \$1,000,000 per occurrence.

(b) All liability insurance shall be written on an "occurrence basis".

(c) The coverage amounts set forth above may be met by a combination of underlying and/or umbrella policies so long as in combination the limits equal or exceed those required herein.

(d) The Town shall be included as additional insured under each of the insurance policies required in this Article 9 except Worker's Compensation and Employer's Liability.

(e) Licensee shall not cancel any required insurance policy without submitting documentation to the Issuing Authority verifying that the Licensee has obtained alternative insurance in conformance with this Agreement.

(f) Each of the required insurance policies shall be with sureties qualified to do business in the State of Massachusetts, with an A- or better rating for financial condition and financial performance by Best's Key Rating Guide, Property/Casualty Edition.

(g) The Licensee shall furnish the Issuing Authority with current certificates of insurance evidencing such coverage.

(h) All insurance shall be primary to any insurance coverage the Town may have.

(i) Neither this Section 4.2, nor the provision of insurance or insurance proceeds pursuant to this Section 4.2, shall limit the liability of the Licensee pursuant to this Renewal License.

4.3 Performance Bond

Licensee shall submit and maintain throughout the License a bond with corporate surety satisfactory to the Issuing Authority in the amount of twenty thousand dollars (\$20,000) securing the performance of Licensee's obligations under this Renewal License and as otherwise required by applicable law, including:

Said bond shall be a continuing obligation throughout the entire term of this Renewal License, and thereafter until Licensee has satisfied all of its obligations to the Town that may have arisen from the grant of the Renewal License or from the exercise of any privilege herein granted. In the event that the Town recovers from said surety, Licensee shall take immediate steps to reinstate the performance bond to the appropriate amount required herein. Neither this section, any bond accepted pursuant thereto, nor any damages recovered thereunder shall limit the liability of Licensee under the Renewal License. Recovery by the Town from said surety shall be subject to the provisions of Section 4.1 above. In the event that a performance bond provided pursuant to this Section 4.3 of this Renewal License is not renewed or cancelled, the Licensee shall provide a new performance bond pursuant to this Section 4.3 within thirty (30) days of such failure to renew the performance bond or cancellation.

With respect to all installations other than standard installations, Cable Service shall be provided in a reasonable period of time given the circumstances. 10.4 Acceptance of Payment Not A Release

No acceptance of any payment by the Issuing Authority shall be construed as a release or as an accord and satisfaction of any claim the Issuing Authority may have for additional sums payable as a Franchise Fee under this Renewal License.

10.5 Audit and Limitation on Recovery

If the Issuing Authority has reason to believe that any payments under this Renewal License, including Franchise Fee payment(s), payments pursuant to Section 12.4 below, or License Fee payment(s) ("Franchise Payments") are incorrect, Licensee shall have thirty (30) days after a request from the Issuing Authority to provide the Town with additional information documenting and verifying the accuracy of any such payment(s). In the event that the Issuing Authority does not find that such documentation supports the accuracy of such payment(s), the Issuing Authority may conduct an audit of such payment(s). If, after such audit and re-computation, an additional fee is found to be owed to the Town, such fee shall be paid within thirty (30) days after such audit and re-computation. In the event that any Franchise Payment or recomputed payment is not made on or before the dates specified herein, Licensee shall pay an interest charge, computed from such due date, at the annual rate of two percent (2%) over the prime interest rate. (The "Prime Rate", as used herein, and in this Renewal License hereafter, shall be as reported by the Federal Reserve or its successor, however, if a prime rate is reported by the Federal Reserve Bank of Boston it shall be the "Prime Rate" for purposes of this Renewal License.) The period of limitation for recovery of any Franchise Payment payable hereunder shall be two (2) years from the date on which payment by Licensee was due.

10.6 Late Payment

In the event that the License Fees herein required are not tendered on or before the dates fixed in sections 10.1 and 10.2, interest due on such fees shall accrue from the date at the rate of two percent (2%) above the annual Prime Rate.

10.7 Affiliates Use of System

The Licensee shall not permit the use or operation of the Cable System by Affiliates on terms which result in a diversion of revenues from operation of the Cable System to the detriment of the Town under this Renewal License. If requested by the Town, the Licensee shall be required to demonstrate that use or operation of the Cable System by an Affiliate is fair and competitive compared to such use by other third-parties. Should the Town subsequently determine otherwise, the Licensee shall enter into good faith negotiations to resolve any dispute(s) regarding Gross Revenue discrepancies on account of such a relationship.

11 Transfer of Renewal License

11.1 License Transfer

The Renewal License granted hereunder shall not be transferred or assigned or disposed of in any manner ("Transfer" or "Transferred"), without the prior written consent of the Issuing Authority, such consent not to be unreasonably withheld or delayed. Transfer of the Cable System by the Licensee without requesting Issuing Authority consent as required by applicable law shall be null and void and shall be a material breach of this Renewal License. Pursuant to applicable state and federal law, as may be amended, in considering a request to transfer control of the Renewal License, the Issuing Authority may consider the transferee's financial capability, management experience, technical expertise and legal ability to operate the Cable System under the existing Renewal License and may consider any other criteria allowable under applicable law or regulation. No such consent shall be required, however, for a Transfer in trust, by mortgage, by other hypothecation, or by assignment of any rights, title, or interest of Licensee in the Renewal License or Cable System to secure indebtedness consistent always with applicable law, unless otherwise provided by law provided always that the absence of such consent is in strict compliance with M.G.L. c.166A, para. 7 and 207 CMR 4.01 as they currently exist or as they may from time to time be amended. Within thirty (30) days of receiving applications in accordance with applicable law for Transfer, the Issuing Authority shall notify Licensee in writing of any additional information it reasonably requires to determine the legal, financial and technical qualifications of the transferee. If the Issuing Authority has not taken action on Licensee's request for Transfer within one hundred twenty (120) days or any other time as specified by state or Federal law after receiving such request, consent by the Issuing Authority shall be deemed given. If the Issuing Authority lawfully denies its consent to any such Transfer and a Transfer is or has nevertheless been effected, the Issuing Authority may revoke and terminate this Renewal License.

The consent or approval of the Issuing Authority to any Transfer of the Renewal License granted to the Licensee shall not constitute a waiver or release of the rights of the Town in and to the streets and Public Ways or any other rights of the Town under the Renewal License. Any proposed controlling or owning transferee approved by the Issuing Authority shall be subject to all of the terms and conditions contained in this Renewal License.

11.2 Transfer to Affiliates

The foregoing requirements shall not apply to any sale, assignment or Transfer to any Person that is owned or controlled by Licensee, or any Person that owns or controls Licensee. Licensee shall notify the Issuing Authority thirty (30) days prior to any such sale, assignment or Transfer and must comply with all terms and conditions of this Renewal License.

12 Records, Reports, Tests And Maps

12.1 Reports Required

The License shall provide the Issuing Authority all reports regarding the Cable System or Cable Service required to be provided to the Town pursuant to applicable federal or State law or regulation. In addition, the Licensee's schedule of charges, contract or application forms for regular Subscriber service, policy regarding the processing of Subscriber complaints, delinquent Subscriber disconnect and reconnect procedures and any other terms and conditions adopted as the Licensee's policy in connection with its Subscribers shall, if not otherwise filed with the Issuing Authority in accordance with applicable federal or State law or regulations, be filed with the Issuing Authority upon request.

Licensee's schedule of charges, contract or application forms for regular Subscriber service, policy regarding the processing of Subscriber complaints, delinquent Subscriber disconnect and reconnect procedures and any other terms and conditions adopted as Licensee's policy in connection with its Subscribers shall be filed with the Issuing Authority upon request.

Licensee shall furnish the Issuing Authority of its designee(s) no later than one hundred twenty (120) days after the end of Licensee's Fiscal Year, Cable Television Division forms 200 and 400, prepared in accordance with Generally Accepted Accounting Principles, including statements of significant assumptions and definitions as needed, or if such forms are not in use, similar forms and any other financial filings request by state or Federal Law.

12.2 Records Required

Licensee shall at all times maintain all records according to State and FCC regulations.

12.3 Inspection of Records

Licensee shall permit any duly authorized representative of the Issuing Authority, upon receipt of advance written notice to examine during normal business hours and on a non-disruptive basis any and all records as is reasonably necessary to ensure Licensee's compliance with the Renewal License. Such notice shall specifically reference the subsection of the Renewal License that is under review so that Licensee may organize the necessary books and records for easy access by the Issuing Authority. Licensee shall not be required by this Renewal License to maintain any books and records for Renewal License compliance purposes longer than three (3) years, except for service complaints, which shall be kept for one (1) year as specified above. Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Cable Act. The Issuing Authority agrees to treat as confidential any books; records or maps that constitute proprietary or confidential information to the extent such are deemed proprietary or confidential by applicable law or regulation and Licensee make the Issuing Authority aware of such confidentiality. If the Issuing Authority believes it must release any such confidential books or records in the course of enforcing this Renewal License, or for any other reason, it shall advise Licensee in advance so that Licensee may take appropriate steps to protect its interests. Until otherwise ordered by a court or agency of competent

jurisdiction, the Issuing Authority agrees that, to the extent permitted by state and federal law, it shall deny access to any of Licensee's books and records marked confidential, as set forth above, to any Person.

12.4 Subscriber Complaint Report

In accordance with the regulations of the Cable Division, Licensee shall submit annually a completed copy of Cable Division Form 500 to the Issuing Authority, or its designee, no later than thirty (30) days after submission of the Form to the Division.

Licensee shall submit annually a completed copy of Cable Division Form 500 to the Issuing Authority, or its designee, no later than thirty (30) days after submission of the Form to the Cable Division.

12.6 Annual Performance Tests

Unless required otherwise by applicable State or federal law and/or regulation, Licensee shall conduct, on an annual basis, performance tests to ensure compliance with applicable technical specifications. The costs of such tests shall be borne exclusively by Licensee.

Upon written request, the performance tests conducted in accordance with Section 12.6 above shall be submitted to the Issuing Authority.

12.7 Quality Of Service

a) Where there exists evidence which, in the reasonable judgment of the Issuing Authority, casts doubt upon the reliability or technical quality of Cable Service(s), the Issuing Authority shall have the right and authority to require Licensee to test, analyze and report on the performance of the Cable System. Licensee shall fully cooperate with the Issuing Authority in performing such testing and shall prepare the results and a report, if requested, within thirty (30) days after notice for the same. Licensee report shall include:

1. The nature of the Complaint or problem, which precipitated the special tests;
 2. The system component tested;
 3. The equipment used and procedures employed in testing;
 4. The method, if any, in which such Complaint/problem was resolved;
 5. Any other information pertinent to said tests and analysis, which may be required; and
 6. The corrective action to be taken by the Licensee and the time period for completion of the corrective action.
7. The reporting requirements contained herein shall not diminish any obligation of the Licensee pursuant to this Renewal License or applicable law or regulations.

b) Under the same circumstances described in (a) above, the Issuing Authority or its designee shall have the right to inspect the plant, equipment or other Cable System property within the Town, upon reasonable notice. Licensee shall fully cooperate in such inspections, and a representative of the Licensee shall be present for any such inspection.

12.8 Additional Information

At any time during the term of this Renewal License, Licensee shall not unreasonably deny any reasonable requests of the Issuing Authority for further information, which may be required to establish Licensee's compliance with its obligations pursuant to this Renewal License.

The Licensee shall make available to the Issuing Authority copies of any petitions or communications filed by the Licensee with any federal or State agency pertaining to compliance with any material aspect of this License or pertaining to Licensee's compliance with any law or regulation which affects the License's operation of the Cable System in compliance with this Renewal License.

12.9 Performance Evaluation Hearing

The Issuing Authority may at its discretion, but not more than once every two years, hold a performance evaluation session. The performance evaluation session shall be open to the public, unless otherwise required pursuant to applicable law or regulations. The purpose of said evaluation sessions shall be to, among other things, review Licensee's compliance to the terms and conditions of this License, and hear comments, suggestions or complaints from the public. The Issuing Authority shall provide Licensee with thirty (30) days, advance written notice of such performance evaluation session. Nothing herein shall limit the Issuing Authorities enforcement authority pursuant to Sections 14.1 – 14.4 below or as otherwise allowed pursuant to applicable law.

13 Public, Educational and Government Support

13.1 Public, Educational and Government Access Channels

Licensee shall make available to the Issuing Authority or its designee(s) sufficient bandwidth, modulators and all other necessary equipment to operate the three (3) channels currently assigned to the Town for PEG Access programming use. Use of these PEG channels by the Town or schools and organizations or producers shall be non-commercial in nature. Underwriting of the costs of access program production is permitted provided the sponsor(s) do not advertise on the programs. Underwriter acknowledgments similar to those appearing on public broadcast stations shall be permitted. The PEG channels shall be maintained by Licensee and signal quality must be maintained within FCC standards, including the System Technical Specifications found in FCC Part 76, Subpart K, 76.601 et seq. The PEG Access channels shall be provided on the Basic Cable Service tier to the extent said tier is required pursuant to applicable law or regulations or that a Basic Cable Service tier is otherwise provided by the Licensee, or as otherwise agreed to by the parties. Nothing herein prevents the PEG Access Channels from being placed on other tiers of Cable Service in addition to the Basic tier.

13.2 PEG Access Cablecasting

(a) The Licensee shall provide, maintain and operate a fiber optic PEG Channel origination network, at no charge to the Town or its PEG Access designee. This dedicated network, which shall be operational by July 1, 2015, shall enable the upstream transmission of programming to the Cable System head end for distribution to Subscribers on the Access channels. The PEG origination sites shall be designated as follows: 1) the Henry Wood Building, 40 West Street; 2) the Ruggles Lane Elementary School, 105 Ruggles Lane; and 3) the PEG Access studio/facility at the Town Hall, 2 Exchange Street. The Licensee shall provide three (3) transmitters and receivers, one for each of the three PEG Access channels. Upstream signals from the origination sites shall be aggregated at the PEG Access Studio at 2 Exchange Street before return to head end.

(b) The existing PEG Access origination sites at the Quabbin Regional High School, 800 South Street, and the Quabbin Regional School District Administration Building, 872 South Street, shall remain in place and be operational for PEG Access origination and return.

(c) The Licensee shall continue to provide, maintain, repair and operate the current PEG Channel origination network, at no cost to the Town or its Access designee for the Quabbin School sites for the term of this License, and for the PEG origination sites listed above in Section 13.2(a) until such time as the fiber optic PEG channel origination network is in place. The Issuing Authority or its access designee shall cooperate with the Licensee with respect to such connections, including, without limitation, providing Licensee with reasonable and lawful access, sufficient space and favorable environmental conditions at each such location.

- (d) The Issuing Authority or its access designee shall be responsible for delivering a suitable PEG signal to the Access connection point at each such location. The Issuing Authority and the Licensee shall work together in good faith to resolve any PEG Access interconnection issues.
- (e) Upon the written request of the Issuing Authority, the Licensee shall extend the PEG Channel origination network to an additional site(s)/building(s) within the Town. The Town or its Access designee shall be responsible for the cost thereof.
- (f) The PEG Channel origination network shall be operated in compliance with FCC regulations, including the System Technical Specifications found in FCC Part 76, Subpart K, 76.601 et seq. In the event that there are technical problems with the PEG Channel origination network, the Licensee shall negotiate, in good faith, a resolution of any such problems.
- (g) The PEG Channel origination network shall be interconnected with the Subscriber Network in order that signals originating from PEG Channel origination points can be sent upstream and then switched to a downstream Subscriber Network channel. There shall be no charge to the Town or its Access designee for such the upstream transport or switching.
- (h) The Licensee shall provide and maintain all necessary processing equipment in the Cable System headend and/or hub site in order to switch upstream channels from the PEG Access Channel origination network to the designated downstream Access Channel. Nothing herein shall require the Licensee to provide end-user equipment.
- (i) The Issuing Authority and/or its Access designee may, at its option, send PEG Access programming to the Licensee as an analog and/or digital signal, and the Licensee shall accept and cablecast said PEG Access programming in accordance with the terms of this Renewal License.
- (j) The PEG Access Channels shall be cablecast by the Licensee in digital format no later than such time that the majority of its other cable channels are cablecast in digital format. The PEG Access channels shall also continue to be cablecast in analog format for as long as any other cable channel on the Licensee's Cable System in the Town is cablecast in analog format. In addition, the PEG Access channels, whether analog or digital shall be cablecast without scrambling or its equivalent as long any other cable channel on the Licensee's Cable System in the Town is unscrambled or as long as required by applicable law or regulation.
- (k) The Licensee shall monitor the PEG Access Channels for technical quality and shall ensure that they are maintained at standards the same or better than those which apply to the Cable System's commercial Channels, provided, however, that the Licensee is not responsible for the production quality of PEG Access programming productions, nor for any deficiencies in the source signal it receives from any party over which the Licensee has no control, nor for any PEG Access equipment not owned by the Licensee.

13.3 PEG Access Equipment/Facilities Funding and Annual Support

(a) The Licensee shall make payments to the Town for the Town's PEG Access and related telecommunications equipment and facilities ("PEG Access Capital"), as determined in the Issuing Authority's sole discretion and judgment, as follows: (i) sixty thousand dollars (\$60,000) within ninety (90) days of the Effective Date of this Renewal License; and (ii) sixty thousand dollars (\$60,000) on or before the fourth anniversary of the Effective Date of this Renewal License. These payments shall be made directly to a special PEG Account, not the general fund. This grant shall be considered as an external cost for the purposes of rate regulation and may be passed on to the Subscribers and identified as a separate line item on the Subscriber's monthly statement to the extent allowed by applicable law and regulation.

(b) The Licensee shall provide payments to the Town or its designee to be used to support ongoing operations of PEG Access operations and programming (the "PEG Access Operating Support"). Such payment shall be used by the Town or its designee for personnel, operating and other related expenses incurred in connection with PEG Access programming and/or operations. The PEG Access Operating Support provided by Licensee shall be as follows: for Year One of the Renewal License term, Licensee shall pay two and one half percent (2.5%) of the annual Gross Revenues; for Year Two of the Renewal License term, the Licensee shall pay three and one-half percent (3.5%) of annual Gross Revenues; and for Year Three of the Renewal License term until the end of the Renewal License, the Licensee shall pay four percent (4%) of annual Gross Revenues; and beginning with the fourth anniversary of the Effective Date, the Issuing Authority may, upon the affirmative vote of the Issuing Authority and upon one hundred and twenty (120) days prior written notice to Licensee, increase the percentage of Gross Revenues paid by the Licensee for PEG Access Operating Support for years five through ten of the Renewal License term up to a maximum of four and one-half (4.5%) of annual Gross Revenues. All such PEG Access Operating Support payments to the Town shall be placed by the Town in a special PEG Access account, and not into the Town's general fund. Each such payment shall be accompanied by a general statement of the total amount of Gross Revenues subject to the fee which shall also provide in reasonable detail the general categories comprising Gross Revenues as defined in Section 1.1(13) above and the revenue attributable thereto, and the total PEG Access Operating Support amount due. The Licensee may externalize, line-item and/or pass-through this PEG Access Operating Support on to Subscribers to the extent allowed by applicable law and regulations.

The PEG Access Support payments shall be made quarterly no later than forty-five (45) days following the end of each calendar quarter, on or before each November 15th, February 15th, May 15th, and August 15th. For purposes of the PEG Access Support payment, the period for determining Gross Revenues shall be the preceding calendar quarter.

In the event that the PEG Access Support herein required are not tendered on or before the dates fixed above, interest due on such fees shall accrue from the date at the rate of two percent (2%) above the annual Prime Rate.

13.4 Equipment Ownership and Maintenance

The Town or its designees shall own all PEG Access end user equipment and, accordingly, shall be responsible for maintenance, repair and replacement of all such PEG Access equipment.

13.5 Editorial Control

Neither Licensee nor the Issuing Authority may engage in any editorial control of the content of the access programming on the Cable System, except as otherwise required or permitted by applicable law. In furtherance thereof, the Town will, to the extent allowed by applicable law, require program producers to assume individual responsibility for any program-based liability, subject to the Cable Act, FCC requirements or other applicable law.

13.6 Access Coordinator

The Town shall designate a PEG Access Coordinator or an Access provider who/which shall be responsible for PEG operations, equipment purchase, equipment maintenance and management, production training, and other duties as assigned by the Issuing Authority.

14 Enforcement Or Revocation

14.1 Determination Of Breach

In the event that the Issuing Authority has reason to believe that Licensee has defaulted in the performance of any material provision of the Renewal License, except as excused by force majeure, the Issuing Authority shall notify Licensee in writing, by certified mail, of the provision or provisions of which the Issuing Authority believes Licensee to be in default and the details relating thereto. Licensee shall have thirty (30) days from the receipt of such notice to:

1. Respond to the Issuing Authority in writing, contesting the Issuing Authority's assertion of default and providing such information or documentation as may be necessary to support Licensee's position; or
2. Cure any such default within thirty (30) days of notice thereof, or, in the event that by nature of the default, such default cannot be cured within such thirty (30) day period, to take reasonable steps to cure said default and diligently continue such efforts until said default is cured.

In the event that Licensee fails to respond to such notice of default, to cure the default or to take reasonable steps to cure the default, the Issuing Authority shall promptly schedule a public hearing no sooner than fourteen (14) days after a determination has been made by the Issuing Authority that Licensee has not appropriately responded, cured, nor taken appropriate measures to attempt to cure the default, and written notice, by certified mail or overnight mail, of such has been delivered to Licensee. Licensee shall be provided reasonable opportunity to offer evidence and be heard at such public hearing. If the Issuing Authority determines after public hearing that a continuing state of default exists, and that its cure is unlikely or untimely, Issuing Authority may determine to pursue any of the remedies available to it under law.

14.2 Revocation Of Renewal License

In the event that the License fails to comply with any material provision of the Renewal License in any material fashion, the Issuing Authority may revoke the Renewal License granted, subject to the procedures of applicable law and the Renewal License and M.G.L. c 166A § 11, as it exists on the date hereof.

Upon revocation or termination, Issuing Authority may apply the provision of M.G.L. 166A § 5(f) and Section 627 of the Cable Act, which requires removal of the cable system.

14.3 Enforcement

Subject to applicable federal and state law, in the event the Issuing Authority, after the hearing set forth in subsection 14.1 above, determines that Licensee is in default of any provision of this Renewal License, the Issuing Authority may:

1. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages; or

2. Commence an action at law for monetary damages or seek other equitable relief;
3. Foreclose on all or any appropriate part of the performance bond provided pursuant to Section 4.3 above;
4. Invoke any other lawful remedy available to the Town; and/or
5. In the case of a default of a material provision of this Renewal License, seek to revoke the Renewal License itself in accordance with subsection 14.2 above.

No decision by the Issuing Authority or the Town to invoke any remedy under this Renewal License or under any statute, law or ordinance shall preclude the availability of injunctive relief or revocation remedies available under applicable laws.

14.4 No Waiver/Cumulative Remedies

No failure on the part of the Issuing Authority, the Town or Licensee to exercise, and no delay in exercising, any right in this Renewal License shall operate as a waiver thereof, nor shall any single or partial exercise of any such right preclude any other right, all subject to the conditions and limitations contained in this Renewal License.

The failure of the Issuing Authority or the Town to take any action in the event of any breach by Licensee shall not be deemed or construed to constitute a waiver of or otherwise affect the right of the Issuing Authority or the Town to take any action permitted by this Renewal License at any other time in the event that such breach has not been cured, or with respect to any other breach by Licensee.

14.5 Notice of Legal Action

Except in an emergency situation, in the event that the Licensee or the Issuing Authority intends to take legal action against the other party for any reason, it shall first: (i) give the other party reasonable notice that an action will be filed; (ii) meet with the other party promptly before it files any such action; and (iii) negotiate the issue, which is the subject of any proposed legal action, in good faith with the other party and/or its representative(s).

15 General Provisions

15.1 Force Majeure

If by reason of force majeure either party is unable in whole or in part to carry out its obligations hereunder, said party shall not be deemed in violation or default during the continuance of such inability. The term "force majeure" as used herein shall mean the following: Acts of God; acts of public enemies; orders of any kind of the government of the United States of America or of the Commonwealth of Massachusetts or any of their departments, agencies, political subdivision, or officials, or any civil or military authority, whether legal or illegal; insurrections; riots; epidemics; landslides; lightening; earthquakes; fires; hurricanes; volcanic activity; storms; floods; washouts; droughts; civil disturbances; explosions; strikes; labor work actions and unavailability of essential equipment, personnel, services and/or materials beyond the reasonable control of Licensee; and the inability of Licensee to obtain, on customary and reasonable terms, easements, permits or licenses for the attachment or placement of the System, or parts thereof, to any pole or underground conduit not owned by Licensee, or any other cause or event not reasonably within the control of the disabled party.

15.2 Action of Parties

All required notices shall be in writing.

15.4 Severability

If any section, subsection, sentence, clause, phrase, or portion of this Renewal License is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of this Renewal.

15.5 Acts or Omissions of Affiliates

During the term of the Renewal License, Licensee shall be liable for the acts or omission of its Affiliates while such Affiliates are involved directly or indirectly in the construction, installation, maintenance or operation of the Cable System as if the acts or omissions of such Affiliates were the acts or omissions of Licensee.

15.6 Warranties

Licensee warrants, represents and acknowledges that, as of the Effective Date of this License:

1. Licensee is duly organized, validly existing and in good standing under the laws of the State of Delaware and the Commonwealth of Massachusetts;

3. This Renewal License is enforceable against Licensee in accordance with the provisions herein; and
4. There is no action or proceeding pending or threatened against Licensee, which would interfere with its performance of this Renewal License.

Pursuant to Section 635A(a) of the Cable Act, Licensee shall have no recourse against the Issuing Authority, the Town and/or its officials, boards, commission, committees, advisors, designees, agents, and/or its employees other than injunctive relief or declaratory relief, arising from the regulation of cable service or from a decision of approval or disapproval with respect to a grant, renewal, transfer, or amendment of this Renewal License.

15.8 Jurisdiction

All provisions in this License shall apply to the Town, Licensee and their successors and assigns. Jurisdiction and venue over any dispute, action or suit arising from this Renewal License shall be in any court of appropriate venue and subject matter jurisdiction located in the Commonwealth of Massachusetts and the parties by the instrument subject themselves to the personal jurisdiction of said court for the entry of any such judgment and for the resolution of any dispute, action, or suit.
