MCI – Concord	BAU North	32	4
	BAU South	32	28
MCI - Framingham	BAU	20	5
	BAU NORTH	30	0
MCI - Norfolk	BAU 1	29	25
	BAU 3	11	0
MCI - Shirley	BAU 1	37	13
NCCI - Gardner	B BUILDING BAU	13	4
Old Colony Correctional Center	BAU	39	15
Total		392	157

¹As of May 18, 2022 at Souza Baranowski Correctional Center and April 4, 2022 at the other facilities, the Department ceased utilizing Restrictive Housing (with the exception of the DDU) and transitioned to a Behavior Assessment Unit (BAU) model of intervention. MCI-Framingham opened a BAU for female offenders on February 6, 2023. While in a BAU, inmates are not housed in restrictive housing, as defined by G.L. c. 127, sec. 1, the American Correctional Association, or 103 CMR 423. The BAU houses individuals removed from general population due to unacceptable risk to facility safety and operations. While in the BAU, an interdisciplinary appraisal team identifies the underlying causes of behavior, defines the individual's potential needs, and refers for placement to an appropriate setting required to meet those needs and create safer facilities. Additionally, individuals are offered a minimum of three hours out-of-cell time daily, a weekly wellness group, access to core general population programs (e.g., education and recidivism reduction programming) through tablets or packet work as applicable, and program tablets for self-directed enrichment work.

As part of the Department's continuous quality improvement process, the Department assesses past and present reports to ensure that accurate data has been and continues to be reported.
