Consistent with and subject to the Licensee's existing authority to operate in the Public Rights-of-Way, grant of this License does not establish priority for use over other present or future permit holders or the Town's own use of Public Rights-of-Way. Any disputes between the Licensee and other parties regarding use of the Public Rights-of-Way shall be resolved in accordance with applicable law and regulations.

2.2. *Issuing Authority Does Not Regulate Telecommunications:* The parties recognize that the FTTP Network is constructed, operated and maintained as an upgrade to and/or an extension of the Licensee's existing Telecommunications Facilities under Title II and M.G.L. c. 166. The PEG Grant and PEG Access Support, as provided in Sections 5.3 and 5.4, will not be subject to modification under this Section 2.4.1 or 2.4.2.

2.4.2. In the event the parties do not reach mutually acceptable agreement on a modification requested by Licensee, Licensee shall, at any time and in its sole discretion, have the option of exercising any of the following actions:

b. terminating the license within three (3) years from notice to the Issuing Authority;

c. if agreed by both parties, submitting the matter to commercial arbitration by a mutually-selected arbitrator in accordance with the rules of the American Arbitration Association;

d. submitting the matter to mediation by a mutually-acceptable mediator;

e. submitting the matter to the Cable Division of the Massachusetts Department of Telecommunications and Cable.

2.4.3. PEG Grant and PEG Access Support payments under this License shall be modified in accordance with the terms and conditions set forth in Sections 5.3 and 5.4 hereunder.

2.5. *Grant Not Exclusive:* This License and the rights granted herein to use and occupy the Public Rights-of-Way to provide Cable Services shall not be exclusive, and the Issuing Authority reserves the right to grant other licenses for similar uses or for other uses of the Public Rights-of-Way, or any portions thereof, to any Person, or to make any such use itself, at any time during the term of this License. The issuance of additional cable license(s) shall be subject to applicable federal laws, M.G.L. Chapter 166A and applicable regulations promulgated thereunder.

2.6. *License Subject to Applicable Federal and State Law:* This License is subject to and shall be governed by all applicable provisions of federal and State law(s) and regulations as they may be amended, including but not limited to Title VI and M.G.L. Chapter 166A.

2.7.1. The failure of the Issuing Authority on one or more occasions to exercise a right or to require compliance or performance under this License, M.G.L. Chapter 166A or any other applicable law shall not be deemed to constitute a waiver of such right or a waiver of compliance or performance by the Issuing Authority, nor to excuse the Licensee from complying or performing, unless such right or such compliance or performance has been specifically waived in writing.

2.7.2. The failure of the Licensee on one or more occasions to exercise a right under this License or applicable law, or to require performance under this License, shall not be deemed to constitute a waiver of such right or of performance of this License, nor shall it

excuse the Issuing Authority from performance, unless such right or performance has been specifically waived in writing.

2.8. *Construction of License:*

2.8.1. The provisions of this License shall be liberally construed to effectuate their objectives.

2.8.2. Nothing herein shall be construed to limit the scope or applicability of Section 625 of the Communications Act, 47 U.S.C. § 545.

2.9. *Police Powers:* Nothing in this License shall be construed to prohibit the reasonable, necessary and lawful exercise of the Town's police powers, provided that the Town shall not exercise its police powers in a manner that would result in a material alteration of the terms and conditions of this License. Any disputes arising from the Town's exercise of its police powers shall be resolved by a court of competent jurisdiction or by mutual agreement, by mediation or arbitration.

2.10. *Compliance with Federal and State Privacy Laws:* Licensee shall comply with the privacy provisions of Section 631 of the Communications Act and all other applicable federal and State privacy laws and regulations. The parties agree that, during the term hereof, Licensee shall not be subject to any local laws or ordinances which conflict with such applicable federal and/or State privacy laws, or which would impose additional or distinct requirements upon Licensee with respect to Subscriber privacy other than those which are expressly set forth in applicable federal and/or State privacy laws.

2.11. *Transfer of the License:*

2.11.1. Subject to Section 617 of the Communications Act, M.G.L. Chapter 166A and Section 2.11.2 below, the Licensee shall not transfer this License without the prior consent of the Issuing Authority, provided that such consent shall not be arbitrarily or unreasonably withheld, delayed or conditioned. Such consent shall be given only after a public hearing upon a written application therefore on forms prescribed by the Cable Division and/or the FCC. Subject to applicable law, the Licensee shall submit to the Issuing Authority an original and one (1) copy of the application on FCC Form 394 requesting such transfer request. The Issuing Authority shall have one hundred twenty (120) days, or such other time frame that may be established by applicable law, from the filing of the completed Form 394 to take final action on it. If the Issuing Authority has not taken final action within such 120 day period, then the application shall be deemed approved, unless said 120 day period is extended by mutual consent of the parties.

2.11.2. The Licensee shall not be required to obtain the Issuing Authority's consent to transfer this License in connection with any transaction that does not constitute a transfer of control under applicable State laws and regulations, including, without limitation, the following: (i) (A) a transfer of an ownership or other interest in the Licensee to the parent of the Licensee or to another Affiliate of the Licensee; (B) transfer or assignment of this License or control thereof to the parent of the Licensee or to another Affiliate of the Licensee;

(C) any action which is the result of a merger of the parent of the Licensee; or (D) any action which is the result of a merger of another Affiliate of the Licensee; or (ii) in connection with a transfer in trust, by mortgage, by other hypothecation, by assignment of any rights, title, or interest of the Licensee in this License or the Cable System in order to secure indebtedness; provided, however, that to the extent that any of the foregoing transactions are determined to constitute a transfer of control pursuant to 207 CMR 4.01, then such transaction shall be subject to the Cable Division's transfer regulations (207 CMR 4.00, et. seq.).

2.11.3. Pursuant to 207 CMR 4.04, as may be amended, and applicable federal law, in considering a request to transfer control of this License, the Issuing Authority may consider only the transferee's management experience, technical expertise, financial capability and legal ability to operate the Cable System under this License, and any other criteria allowable under applicable law and/or regulation.

2.11.4. The consent or approval of the Issuing Authority to a transfer of this License shall not constitute a waiver or release of the rights of the Town under this License.

2.11.5. In the event that this License is transferred, the transferee shall be subject to all of the terms and conditions contained in this License.

4.1.1. The Cable System shall be operated with an initial digital passband of between 50 and 860 MHz.

4.1.2. The Cable System shall be operated to be an active two-way plant for subscriber interaction, if any, required for the selection or use of Cable Service.

4.1.3. The Cable System shall comply with applicable FCC technical standards, as such standards may be amended from time to time.

4.1.4. The Cable System shall conform in all material respects to the following standards to the extent applicable: Occupational Safety and Health Administration regulations, the National Electrical Code and the National Electrical Safety Code.

4.1.5. The Cable System shall be capable of passing through stereo signals to Subscribers.

4.2. *Emergency Alert System:* The Licensee shall comply with the Emergency Alert System ("EAS") requirements of the FCC and applicable State and local EAS Plans in order that emergency messages may be distributed over the Cable System.

4.3. *Parental Control Capability:* The Licensee shall comply with all applicable requirements of federal law governing Subscribers' capability to control the reception of any Channels being received on their television sets.

5. PEG ACCESS SERVICES AND SUPPORT

5.1. *PEG Access Channels:*

5.1.1. The Licensee shall continue to make available to the Issuing Authority and/or the PEG Access Designee, as designated in writing by the Issuing Authority, three (3) SD PEG Access Channels on its Basic Service Tier. In accordance with Section 5.1.2 below, the Issuing Authority may also request one (1) HD PEG Access Channel for a total of four (4) PEG Access Channels.

5.1.2. In addition to the three (3) SD PEG Access Channels referenced above, the Licensee shall make one (1) HD PEG Access Channel available to the Issuing Authority and/or the PEG Access Designee, as designed in writing by the Issuing Authority, as follows: Starting on the Effective Date of this Renewal License, the Issuing Authority may make a written request for such an HD PEG Access Channel to the Licensee. Upon receipt of the Issuing Authority's written request, the Licensee shall make such an HD PEG Access Channel available to the Issuing Authority or the PEG Access Designee within two hundred and seventy (270) days of the Licensee's receipt of such written notice from the Issuing Authority. The Issuing Authority shall include in its written notice a statement of whether the programming on such HD PEG Access Channel shall either be a simulcast of existing SD PEG Access Channel programming or distinct programming. The Issuing Authority or the PEG Access Designee may subsequently change the programming on the HD PEG Access Channel from an SD PEG Access Channel simulcast to distinct programming, or from distinct programming to an SD PEG Access Channel simulcast, upon one hundred (180) days prior written notice from the Issuing Authority to the Licensee which change shall not occur more than once during the License term. To the extent permitted by law, the Licensee shall be allowed to recover from Subscribers applicable costs incurred to transmit HD PEG Access Channel programming of any type.

5.1.3. All programming content for the HD PEG Access Channel shall be transmitted to Licensee in HD-SDI format with a resolution of 720p. Licensee reserves the right to reassign channel number and location for any or all of the PEG Access Channels at any time during the term. The Issuing Authority expressly acknowledges that an HD PEG Access Channel may not be available at all times during the term of this License on Licensee's Basic Service Tier and that in order to view the HD PEG Access Channel, a Subscriber may be required to upgrade equipment at an additional charge.

5.1.4. The Licensee may carry PEG Access Programming within and outside the Town's jurisdictional boundaries, provided that PEG Access Programming from

outside the Town which is carried in the Town shall not be cablecast on the PEG Access Channels made available to the Issuing Authority and/or the PEG Access Designee. The Licensee reserves the right to make or change PEG Access Channel assignments in its sole discretion. If a PEG Access Channel provided under this Article is not being utilized by the Town and/or the PEG Access Designee, the Licensee may utilize such PEG Access Channel by providing at least sixty (60) days advance written notice to the Issuing Authority. In the event that the Town and/or the PEG Access Designee determines to use such PEG Access capacity for PEG Access purposes, the Issuing Authority shall have the right to utilize such PEG Access Channel by providing at least sixty (60) days advance written notice to the Licensee.

5.2. PEG Interconnection and Cablecasting:

5.2.1. The Licensee shall continue to connect to equipment owned by the Town and/or the PEG Access Designee at the PEG Access studio, 10 William Way, Unit A, Bellingham, MA 02019. The Issuing Authority or, if designated by the Issuing Authority in writing to Licensee, the PEG Access Designee, shall be required to pay Licensee for all costs associated with: (i) any equipment upgrade where the need for the upgrade is initiated by the Issuing Authority or PEG Access Designee; (ii) relocating any connection where the need for relocation is initiated by the Issuing Authority or PEG Access Designee; (iii) re-installing and/or replacing any connection at an existing location where the need for such re-installation and/or replacement is initiated by the Issuing Authority or PEG Access Designee; or (iv) installing any new connection if initiated by the Issuing Authority or PEG Access Designee; provided, however, that Issuing Authority and/or PEG Access Designee responsibility for the foregoing costs is subject to the Issuing Authority's express written consent, and subject further to Licensee's prior disclosure of such costs and prior consent to same by the Issuing Authority or PEG Access Designee.

5.2.2. The demarcation point between the Licensee's signal processing equipment (which the Licensee shall own, install and maintain) and the Town's PEG equipment shall be at the output of the Town's signal processing equipment at the PEG Access studio, 10 William Way, Unit A, Bellingham, MA 02019. The Town and/or the PEG Access Designee shall be solely responsible for operating its switching equipment and the picture and audio quality of all PEG access programming up to the demarcation point and for ensuring all PEG access programming is inserted on the appropriate upstream PEG Access Channel. All PEG access programming shall be transmitted to the Licensee in baseband, SD-SDI or HD-SDI format with either mono or stereo audio signals, and with signals received by Licensee in stereo cablecast by Licensee in stereo. Notwithstanding the foregoing, the Licensee shall not be obligated to provide the Town or PEG Access Designee with either cablecast equipment and facilities or the personnel responsible for maintaining and operating equipment and facilities on the Town's side of the demarcation point and used to generate or administer any PEG access signals, except as necessary to implement the Licensee's responsibilities specified herein. The Issuing Authority and the Licensee shall work together in good faith to resolve any connection issues. If the Issuing Authority issues a license to, or renews a license with, a competing VSP, the competing VSP may not connect its system to Licensee's System for the purposes of obtaining PEG access programming from the PEG Access Channels transmitted on Licensee's System without Licensee's prior written consent.

5.3. *PEG Capital Grant:* Licensee shall pay to the Town a PEG Capital Grant to be used for PEG Access capital funding purposes (the “PEG Grant”), as follows:

(1) Within forty-five (45) days of the Effective Date, Licensee shall pay to the Town the sum of Twenty Thousand Dollars (\$20,000). Four additional payments of Twenty Thousand Dollars (\$20,000) shall be paid by the Licensee to the Town on the first, second, third and fourth anniversaries of the Effective Date of the License; and

(2) The Licensee shall pay to the Town the sum of six tenths of a percent (0.6%) of Gross Revenue as defined in Section 1.19 above, payable on a quarterly basis. Said payments shall be made on the following quarterly basis: (i) on or before May 15th of each year of this License for the previous (3) month period of January, February and March; (ii) on or before August 15th of each year of this License for the previous three (3) month period of April, May and June; (iii) on or before November 15th of each year of this License for the previous three (3) month period of July, August and September; and (iv) on or before February 15th of each year of this License for the previous three (3) month period of October, November and December. The first six tenths of a percent (0.6%) PEG Grant payment under this License shall be made on or before February 15, 2020, for the previous period from the Effective Date through December 31, 2019. Each such payment shall be accompanied by a Gross Revenue reporting form substantially in the form of **Exhibit B**.

5.3.1. If the Issuing Authority enters into any new or renewed cable license agreement with any other VSP which contains obligations associated with a PEG Grant or other comparable program that are lesser than the obligations set forth above, the Licensee’s obligations under this Section shall be reduced, on an annual basis and upon the effective date of said agreement, to an amount equal to the lowest total payment required to be made by any VSP to the Town. The relief available in the event of the foregoing is equitable relief going forward, and the Licensee shall not recover amounts already paid to the Town. Notwithstanding the foregoing, if at any time during the term of this License, any other VSP ceases to provide cash grants to the Town in support of the production of local PEG programming in accordance with the terms of its respective license agreement, then Licensee’s PEG Grant obligation shall also cease. The Issuing Authority shall provide notification to Licensee within thirty (30) days of such other VSP’s failure to provide a cash grant in accordance with the schedule set forth in such VSP’s license agreement with the Issuing Authority. Equipment, services and other in kind, non-monetary contributions to the Town by such VSP shall not count towards the cash grants referenced in this paragraph.

5.4. *PEG Access Support:*

5.4.1. *PEG Access Support:* The Licensee shall provide annual funding to the Issuing Authority for PEG Access Channel operating support or other PEG Access Channel costs and expenses (“PEG Access Support”) in the amount of four percent (4%) of Licensee’s annual Gross Revenue, subject to the limitation in Section 6.2; however, if the Town issues or renews any cable licenses after the Effective Date that provide for a higher or lower percentage of PEG Access Support, then the percentage of the Licensee’s PEG Access Support payments shall be increased or reduced to match such higher or lower percentage over that same

time period. The Issuing Authority shall place Licensee's PEG Access Support payments in a restricted account for cable related purposes in the nature of a grant account and not into the general fund, which account will be under the Issuing Authority's control.

The PEG Access Support payments shall be made no later than forty-five (45) days following the end of each calendar quarter. Each such payment shall be accompanied by a Gross Revenue reporting form substantially in the form of **Exhibit B**. The Licensee shall be allowed to provide an extra payment if needed to correct any payments that were incorrectly omitted, and shall have the right to offset against future payments any payments that were incorrectly submitted, in connection with the quarterly remittances within ninety (90) days following the close of the calendar quarter for which such payments were applicable. For purposes of the PEG Access Support payment, the period for determining Gross Revenues shall be the preceding calendar quarter. If Cable Services are provided to Subscribers in conjunction with Non-Cable Services, then the calculation of Gross Revenues shall be adjusted, if needed, to include only the value of the Cable Services billed to Subscribers, as reflected on the books and records of Licensee in accordance with FCC rules, regulations, standards or orders.

5.4.2. Recovery of Costs: To the extent permitted by applicable federal law, the Licensee shall be allowed to recover the costs of the PEG Grant, the PEG Access Support and any other costs, including interconnection costs (to the extent allowable by applicable law(s) and/or regulation(s)), arising from the provision of PEG Access services from Subscribers and to include such costs as a separately billed line item on each Subscriber's bill.

5.4.3. Late Payments: In the event that the PEG Grant (Section 5.3), the PEG Access Support fee (Section 5.4) or the License Fee (Section 6.1) is not paid within thirty (30) days after the due dates set forth in this License for such payments, then interest shall accrue from thirty (30) days after the due date until the date paid at a rate equal to the Prime Rate.

5.5. PEG Access Channel Maintenance/Technical Standards/Performance Tests: The Licensee shall monitor the PEG Access Channels for technical quality consistent with applicable FCC technical standards, as such standards may be amended from time to time, and shall ensure that they are maintained at standards the same as those which apply to the Cable System's commercial channels of similar format and resolution; provided that the Licensee is not responsible for the production quality of PEG Access Programming productions, nor for any deficiencies in the signal that it receives from the Town and/or the PEG Access Designee. Upon the written request of the Issuing Authority, the Licensee shall make available to the Town a copy of the Licensee's most recent annual performance tests.

5.6. Listing of PEG Access Channels On Licensee's Electronic Program Guide: If the Licensee lists PEG Access Channel program content titles on its electronic program guide in any other municipality in the State (other than on a test or trial basis), then it shall, upon written request, discuss in good faith with the Issuing Authority the technical feasibility and commercial reasonability of listing the Town's PEG Access Channel program content titles on the Licensee's electronic program guide; however, the Licensee shall not be required to list the Town's PEG Access Channel program content titles on its electronic program guide.

5.7. *PEG Access Video-On-Demand:* If the Licensee provides any other municipality in the State with PEG Access Programming “video-on-demand” (VOD) (other than on a test or trial basis), it shall, upon written request, discuss in good faith with the Issuing Authority the technical feasibility and commercial reasonability of providing PEG Access Programming VOD in the Town; however, the Licensee shall not be required to provide PEG Access Programming VOD in the Town.

5.8. *Censorship:* The Licensee, the Town and the PEG Access Designee shall comply with applicable laws regarding program censorship or any other control of the content of the PEG Access Programming on the Cable System.

5.9. *PEG Operational Rules.* The Issuing Authority and/or the PEG Access Designee shall establish rules and regulations that require all local producers and users of any of the PEG Access facilities or Channels to assume individual responsibility for any program-based liability including but not limited to liability for copyright infringement or defamation, and to hold the Town and the Licensee harmless for same, subject to applicable Title VI and FCC requirements. The PEG Access Designee shall establish rules and regulations for use of PEG Access facilities consistent with, and as required by, Section 611 of the Communications Act (47 U.S.C. § 531) and this License.

5.10. *Non-Commercial Programming:* The Issuing Authority and/or PEG Access Designee shall not use the PEG Access channels to provide for-profit commercial programming. Nothing in this Section 5.10 shall prohibit the Issuing Authority and/or PEG Access Designee from having memberships, sponsorships, underwriting or acknowledgements (such as underwriting and acknowledgements accepted by PBS), to the extent not otherwise prohibited by applicable law and regulation.

5.11. *No PEG Access Designee Rights:* The Issuing Authority and the Licensee herein acknowledge and agree that any PEG Access Designee is not a party to this License and that any provisions herein that may affect a PEG Access Designee are not intended to create any rights on behalf of any PEG Access Designee.

6. LICENSE FEES

6.1. *License Fee:* Pursuant to Section 9 of M.G.L. Chapter 166A, the Licensee shall pay to the Town, throughout the term of this License, a license fee equal to fifty cents (\$.50) per Subscriber per year.

6.2. *Maximum License/Franchise Fee Obligation:* Any fee, tax, assessment, grant, contribution of any type (including in-kind) or expenditure paid or incurred by the Licensee under this License and/or under applicable State law in connection with the provision by Licensee of Cable Service in the Service Area is subject to classification as a “franchise fee” and the five percent (5%) cap on such fees in accordance with Sections 622(b) and (g) of the Communications Act (47 U.S.C. § 542) and applicable federal rules and regulations.

6.3. *Payment Information:* In determining the License Fee, the number of Subscribers shall be measured as of December 31st of the preceding calendar year. The License Fee shall be paid no later than March 15th of each year during the term of this License.

6.4. *Limitation on Actions:* The period of limitation for recovery of any payment obligation under this License shall be three (3) years from the date on which payment by the Licensee is due.

6.5. *Recomputation:*

6.5.1. Tender or acceptance of any payment made pursuant to Article 5 and/or 6 herein shall not be construed as an accord that the amount paid is correct, nor shall such acceptance of payment be construed as a release of any claim that the Issuing Authority may have for additional sums, including interest payable under Section 5.4.4 above and/or pursuant to this Section 6.5. All amounts shall be subject to audit and recomputation by the Issuing Authority pursuant to this Section 6.5.

6.5.2. If the Issuing Authority has reason to believe that any such payment is incorrect, it shall notify the Licensee thereof in writing within ninety (90) business days after receiving such payment. The Licensee shall then have ninety (90) business days after receipt of such notice to provide the Town with additional information documenting the accuracy of such payment. In the event that the Issuing Authority does not reasonably believe that such documentation supports the accuracy of such payment, then the Issuing Authority may conduct an audit of such payment, provided that the Issuing Authority shall be limited to one audit every three years during the term of this License, which audit shall be applicable to the previous three (3) year period in accordance with Section 6.4 above. If, after such audit and recomputation, the Issuing Authority determines that an additional fee is owed to the Town, then the Licensee shall be provided with a reasonable opportunity to review the results of such audit and to dispute any audit results, and shall pay any such undisputed amounts within thirty (30) business days after completion of such review, together with any applicable late charges calculated pursuant to Section 5.4.4 above. Any auditor employed by the Issuing Authority shall not be compensated on a success-based formula (e.g., payment based on a percentage of underpayment, if any).

6.6. *Method of Payment:* All License Fee payments by the Licensee to the Town pursuant to this License shall be made payable to the Town and deposited with the Town Treasurer.

6.7. *Other Payment Obligations and Exclusions:* Subject to Section 622(g)(1) of the Communications Act, the License Fee payments shall be in addition to and shall not constitute an offset or credit against any and all taxes or other fees or charges of general applicability which the Licensee or any Affiliate shall be required to pay to the Town, or to any State or federal agency or authority, as required herein or by law; the payment of said taxes, fees or charges shall not constitute a credit or offset against the License Fee payments herein.

6.8. *Affiliates Use of System:* Use of the Cable System by any Affiliates of the Licensee shall be in compliance with applicable State and/or federal laws.

7. CUSTOMER SERVICE

Customer Service Requirements are set forth in **Exhibit C**, which shall be binding unless amended by written consent of the parties. Licensee shall comply with the billing and termination of service provisions set forth in 207 CMR 10.00, as amended, which shall supersede any conflicting provisions set forth in **Exhibit C**.

8. REPORTS AND RECORDS

8.1. *Open Books and Records*: Upon at least thirty (30) business days written notice to the Licensee, the Issuing Authority or its designee shall have the right to inspect at a location reasonably and mutually convenient to the parties hereto the Licensee's books and records pertaining to the Licensee's provision of Cable Service in the Town at any time during Licensee's regular business hours and on a reasonable and nondisruptive basis, as is reasonably necessary to ensure compliance with the terms of this License. Such notice shall specifically reference the section or subsection of this License which is under review, so that the Licensee may organize the necessary books and records for appropriate access by the Issuing Authority. The Licensee shall not be required to maintain any books and records for License compliance purposes longer than three (3) years. Notwithstanding anything to the contrary set forth herein, the Licensee shall not be required to disclose information that it reasonably deems to be proprietary or confidential in nature, nor disclose any of its or an Affiliate's books and records not relating to the provision of Cable Service in the Town. If the Licensee believes that the requested information is proprietary or confidential, the Licensee shall provide the following information to the Issuing Authority: (i) specific identification of the information; (ii) a statement attesting to the reason(s) the Licensee believes the information is confidential; and (iii) a statement that the documents are available at the Licensee's designated offices for inspection by the Issuing Authority. The Issuing Authority shall take reasonable steps consistent with applicable law to protect the proprietary and confidential nature of any books, records, maps, plans or other documents requested by the Issuing Authority that are provided pursuant to this License to the extent they are designated as such by the Licensee. In the event that the Issuing Authority receives a request to disclose any information provided to the Issuing Authority by the Licensee pursuant to this License, which information is deemed by the Licensee to be confidential or proprietary, then the Issuing Authority shall promptly notify the Licensee in writing of such request, prior to disclosure of such information, consistent with applicable law, and to maintain such information as confidential and proprietary consistent with applicable law. The Licensee shall not be required to provide Subscriber information in violation of Section 631 of the Communications Act, 47 U.S.C. § 551.

8.2. *Records Required*: The Licensee shall at all times maintain:

8.2.1. Records of all written Complaints for a period of three (3) years after receipt by the Licensee.

8.2.2. Records of outages for a period of three (3) years after occurrence, indicating date, duration, area, and the number of Subscribers affected, type of outage, and cause;

8.2.3. Records of service calls for repair and maintenance for a period of three (3) years after resolution by the Licensee, indicating the date and time service was required, the date of acknowledgment and date and time service was scheduled (if it was scheduled), and the date and time service was provided, and (if different) the date and time the problem was resolved; and

8.2.4. Records of installation/reconnection and requests for service extension for a period of three (3) years after the request was fulfilled by the Licensee, indicating the date of request, date of acknowledgment, and the date and time service was extended.

8.3. *Dual Filings:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of any documents or forms filed by the Licensee with the FCC and/or the DTC that materially pertain to the Licensee's Cable System in the Town.

8.4. *Proof of Performance Tests:* Upon written request of the Issuing Authority, the Licensee shall provide a copy of proof of performance tests required by applicable law.

8.5. *Annual Performance Review:* The Issuing Authority or its designee may, at its discretion but not more than once per twelve-month period, hold a performance evaluation session. The purpose of such evaluation session shall be to review the Licensee's compliance with the terms and conditions of this License. The Issuing Authority shall provide the Licensee with thirty (30) days advance written notice of such evaluation session. The Issuing Authority shall provide the Licensee with a written report with respect to the Licensee's compliance within sixty (60) days after the conclusion of such evaluation session.

8.6. *Quality of Service:* If there exists credible evidence which, in the reasonable judgment of the Issuing Authority, casts doubt upon the reliability or technical quality of the Licensee's Cable Services in the Town, then, after notice to the Licensee and an opportunity to cure, the Issuing Authority shall have the right to require the Licensee to test, analyze and report in writing on the performance of the Cable System.

9. INSURANCE AND INDEMNIFICATION

9.1. *Insurance:*

9.1.1. The Licensee shall maintain in full force and effect, at its own cost and expense, during the term of this License, the following insurance coverage:

9.1.1.1. Commercial General Liability Insurance in the amount of five million dollars (\$5,000,000) per occurrence for property damage and bodily injury. Such insurance shall cover the construction, operation and maintenance of the Cable System, and the conduct of the Licensee's Cable Service business in the Town.

9.1.1.2. Automobile Liability Insurance in the amount of one million dollars (\$1,000,000) combined single limit each accident for bodily injury and property damage coverage.

9.1.1.3. Workers' Compensation Insurance meeting all legal requirements of the Commonwealth of Massachusetts and Employers' Liability Insurance in the following amounts: (A) Bodily Injury by Accident: \$100,000; and (B) Bodily Injury by Disease: \$100,000 employee limit; \$500,000 policy limit.

9.1.2. The Town shall be included as an additional insured as their interests may appear under this License on the Commercial General Liability Insurance and Automobile Liability Insurance required herein.

9.1.3. Upon receipt of notice from its insurer(s) the Licensee shall provide the Issuing Authority with thirty (30) days' prior written notice of cancellation of any required coverage.

9.1.4. Each of the required insurance policies shall be with insurers qualified to do business in the State of Massachusetts, with an A.M. Best Financial Strength rating of A- or better.

9.1.5. Upon written request, the Licensee shall deliver to the Issuing Authority Certificates of Insurance showing evidence of the required coverage.

9.2. *Indemnification:*

9.2.1. The Licensee shall, at its sole cost and expense, indemnify and hold harmless the Issuing Authority, the Town, its officials, boards, commissions, committees, agents and/or employees against all claims for damage, including without limitation damage to Persons or property, real and personal, due to the actions of the Licensee, its employees, officers or agents arising out of the installation, maintenance and/or operation of the Cable System under this License. Indemnified expenses shall include all reasonable attorneys' fees and costs incurred by the Town up to such time that the Licensee assumes defense of any action hereunder. The Issuing Authority shall give the Licensee written notice of its obligation to indemnify and defend the Issuing Authority within ten (10) business days of receipt of a claim or action pursuant to this section, or such amount of time as may be necessary to avoid entry of a default judgment.

9.2.2. With respect to the Licensee's indemnification obligations set forth in Section 9.2.1, the Licensee shall, at its own expense, provide the defense of any claims brought against the Town by selecting counsel of the Licensee's choice to defend the claim, subject to the consent of the Issuing Authority, which shall not unreasonably be withheld. Nothing herein shall be deemed to prevent the Issuing Authority from cooperating with the Licensee and participating in the defense of any litigation by its own counsel at its own cost and expense, provided however, that after consultation with the Issuing Authority, the Licensee shall have the right to defend, settle or compromise any claim or action arising hereunder, and the Licensee shall have the authority to decide the appropriateness and the amount of any such settlement. In the event that the terms of any such settlement includes the release of the Town

and the Issuing Authority does not consent to the terms of any such settlement or compromise, the Licensee shall not settle the claim or action but its obligation to indemnify the Town shall in no event exceed the amount of such settlement.

9.3. *Performance Bond.* The Licensee shall maintain, without charge to the Town, throughout the term of the License a faithful performance bond running to the Town, with good and sufficient surety licensed to do business in the State in the sum of Fifty Thousand Dollars (\$50,000). Said bond shall be conditioned upon the faithful performance and discharge of all of the obligations imposed by this License. The performance bond shall be effective throughout the term of this License and shall be conditioned that in the event that the Licensee shall fail to comply with any one or more provisions of this License, or to comply with any order, permit or direction of any department, agency, commission, board, division or office of the Town having jurisdiction over its acts, or to pay any claims, liens or taxes due the Town which arise by reason of the construction, upgrade, maintenance and/or operation of the Cable System, the Town shall recover from the surety of such bond all damages suffered by the Town as a result thereof, pursuant to Article 11 below. Said bond shall be a continuing obligation of this License, and thereafter until the Licensee has satisfied all of its obligations to the Town that may have arisen from the grant of the License or from the exercise of any privilege herein granted. In the event that a performance bond provided pursuant to this License is not renewed or cancelled, the Licensee shall provide a new performance bond pursuant to this Section 9.3 within thirty (30) days of such failure to renew or cancellation. Neither cancellation, nor termination nor refusal by the surety to extend the bond, nor the inability of the Licensee to file a replacement bond or replacement security for its obligations under this License, shall constitute a loss to the Town recoverable under the bond. Neither this section, any bond accepted pursuant thereto, or any damages recovered thereunder shall limit the liability of the Licensee under the License. Recourse by the Issuing Authority of remedies available under this Section 9.3 shall not be exclusive of other lawful remedies available to the Town at law and equity. Said bond shall be substantially in the form of **Exhibit D** attached hereto.

10. RENEWAL OF LICENSE

The Issuing Authority and the Licensee agree that any proceedings undertaken by the Issuing Authority that relate to the renewal of this License shall be governed by and comply with the provisions of Section 626 of the Communications Act, 47 U.S.C. § 546, and M.G.L. Chapter 166A. The Issuing Authority shall notify the Licensee of any ascertainment proceedings conducted pursuant to Section 626 of the Communications Act, and shall provide the Licensee with a copy of the record of such proceeding.

11. ENFORCEMENT AND TERMINATION OF LICENSE

11.1. *Notice of Violation:* If at any time the Issuing Authority believes that the Licensee has not complied with the terms of this License, the Issuing Authority shall informally discuss the matter with the Licensee, however the Issuing Authority reserves the right to inform the Licensee of such non-compliance in writing prior to informal discussions. If such informal

discussions do not lead to resolution of the problem in a reasonable time, the Issuing Authority shall then notify Licensee in writing of the exact nature of the alleged noncompliance (for purposes of this Article, the "Noncompliance Notice").

11.2. *The Licensee's Right to Cure or Respond:* The Licensee shall have thirty (30) days from receipt of the Noncompliance Notice to: (i) respond in writing to the Issuing Authority, if the Licensee contests (in whole or in part) the assertion of noncompliance; (ii) cure such noncompliance; or (iii) in the event that, by its nature, such noncompliance cannot be cured within such thirty (30) day period, initiate reasonable steps to remedy such noncompliance, continue such efforts until said noncompliance is cured, and notify the Issuing Authority at no more than twenty-one (21) day intervals as to the Licensee's efforts and progress to remedy such noncompliance. Upon a jointly agreed upon cure of any noncompliance by the Issuing Authority and the Licensee, the Issuing Authority shall provide the Licensee with written confirmation that such cure has been effected.

11.3. *Public Hearing:* In the event that the Licensee fails to respond to the Noncompliance Notice pursuant to the procedures set forth in Section 11.2 above, and if the Issuing Authority seeks to continue its investigation into the alleged noncompliance, then the Issuing Authority shall schedule a public hearing. The Issuing Authority shall provide the Licensee at least thirty (30) days prior written notice of such public hearing, which will specify the time, place and purpose of such public hearing and whether revocation of this License is a possible consequence. At any designated public hearing where revocation of this License is not a possible consequence, the Licensee shall be provided a fair opportunity for full participation, including the right to be represented by legal counsel and to introduce relevant evidence. At any designated public hearing where revocation of this License is a possible consequence, the Licensee shall be provided a fair opportunity for full participation, including the right to be represented by legal counsel and to introduce relevant evidence, and shall also have the right to require the production of evidence, to compel the relevant testimony of the officials, agents, employees or consultants of the Issuing Authority, to compel the testimony of other persons as permitted by law, and to question and/or cross examine witnesses. A complete record shall be made of such hearing. Within thirty (30) days of the close of the hearing, the Issuing Authority shall issue a written determination of its findings.

11.4. *Enforcement:* In the event the Issuing Authority, after the public hearing set forth in Section 11.3 above, determines that the Licensee is in default of any provision of this License, the Issuing Authority may:

11.4.1. Seek specific performance of any provision, which reasonably lends itself to such remedy, as an alternative to damages;

11.4.2. Commence an action at law for monetary damages or seek other equitable relief;

11.4.3. Assess liquidated damages in accordance with the schedule set forth in Section 11.6 below;

11.4.4. Submit a claim against an appropriate part of the performance bond pursuant to Section 9.3 above;

11.4.5. In the case of a substantial noncompliance of a material provision of this License, seek to revoke this License in accordance with Section 11.5; or

11.4.6. Invoke any other lawful remedy available to the Town.

11.5. *Revocation:* In the event that the Issuing Authority determines that it will revoke this License pursuant to Section 11.4 above, the Licensee may appeal such written determination of the Issuing Authority to an appropriate court or to the Cable Division, which shall have the power to review the decision of the Issuing Authority consistent with applicable law and regulation. The Licensee shall be entitled to such relief as the court finds appropriate. Such appeal must be taken within sixty (60) days of the Licensee's receipt of the written determination of the Issuing Authority. The Issuing Authority may, at its sole discretion, take any lawful action that it deems appropriate to enforce the Issuing Authority's rights under this License in lieu of revocation of this License.

11.6. *Liquidated Damages:* The parties agree and acknowledge that the Licensee's failure to comply with certain provisions of this License will result in injury to the Issuing Authority, the extent of which will be difficult to estimate. As such, the parties agree to the liquidated damages provided for in this Section 11.6, and that said liquidated damages, if imposed by the Issuing Authority pursuant to the terms of this License, are fair and reasonable compensation for such damage. Any such liquidated damages shall be assessed as of the date that the Licensee received written notice of the provision(s) with which the Issuing Authority believes the Licensee has failed to comply, provided that the Issuing Authority has made a determination of default in accordance with the procedures set forth in Sections 11.1 through 11.4. Such liquidated damages shall not be a limitation upon any other remedy available under the provisions of this License or applicable law; provided, however, that in the event the Issuing Authority collects liquidated damages for a specific breach for a specific period of time, pursuant to this Section 11.6, the collection of such liquidated damages shall be deemed to be the exclusive remedy for said specific breach for such specific period of time only.

On an annual basis, the Licensee shall not be liable for liquidated damages that exceed five thousand dollars (\$5,000). All violations or failures for the same factual events affecting multiple Subscribers shall be assessed as a single violation, and a violation or a failure may only be assessed under one of the below referenced categories

The liquidated damages shall be assessed in the following manner: for failure to operate and maintain the System in accordance with Section 4.1, two hundred fifty dollars (\$250) per day for each day that such failure continues.

In the event such federal or State law, rule or regulation is subsequently repealed, rescinded, amended or otherwise changed so that the provision hereof that had been preempted is no longer preempted, such provision shall thereupon return to full force and effect, and shall thereafter be binding on the parties hereto, without the requirement of further action on the part of the Issuing Authority.

EXHIBIT C

CUSTOMER SERVICE STANDARDS

These standards shall apply to the Licensee to the extent it is providing Cable Services over the Cable System in the Town.

DEFINITIONS

- A. Respond: Licensee's investigation of a Service Interruption by receiving a Subscriber call and opening a trouble ticket, if required.
- B. Service Call: The action taken by the Licensee to correct a Service Interruption the effect of which is limited to an individual Subscriber.
- C. Service Interruption: The loss of picture or sound on one or more cable Channels.
- D. Significant Outage: A significant outage of the Cable Service shall mean any Service Interruption lasting at least four (4) continuous hours that affects at least ten percent (10%) of the Subscribers in the Service Area.
- E. Standard Installation: Installations where the Subscriber is within two hundred fifty (250) feet of trunk or feeder lines.

SECTION 1: TELEPHONE AVAILABILITY

- A. The Licensee shall maintain a toll-free number to receive all calls and inquiries from Subscribers in the Town and/or residents regarding Cable Service. Licensee representatives trained and qualified to answer questions related to Cable Service in the Service Area must be available to receive reports of Service Interruptions twenty-four (24) hours a day, seven (7) days a week, and other inquiries at least forty-five (45) hours per week. Licensee representatives shall identify themselves by name when answering this number.
- B. The Licensee's telephone numbers shall be listed, with appropriate description (e.g. administration, customer service, billing, repair, etc.), in the directory published by the local telephone company or companies serving the Service Area, beginning with the next publication cycle after acceptance of this License by the Licensee.
- C. Licensee may use an Automated Response Unit ("ARU") or a Voice Response Unit ("VRU") to distribute calls. If a foreign language routing option is provided, and the Subscriber does not enter an option, the menu will default to the first tier menu of English options.

After the first tier menu (not including a foreign language rollout) has run through three times, if customers do not select any option, the ARU or VRU shall forward the call to a queue for a live representative. The Licensee may reasonably substitute this requirement with another method of handling calls from customers who do not have touch-tone telephones.

D. Under Normal Operating Conditions, calls received by the Licensee shall be answered within thirty (30) seconds. The Licensee shall meet this standard for ninety percent (90%) of the calls it receives at all call centers receiving calls from Subscribers, as measured on a cumulative quarterly calendar basis. Measurement of this standard shall include all calls received by the Licensee at all call centers receiving calls from Subscribers, whether they are answered by a live representative, by an automated attendant, or abandoned after 30 seconds of call waiting.

E. Under Normal Operating Conditions, callers to the Licensee shall receive a busy signal no more than three (3%) percent of the time during any calendar quarter.

F. Upon request from the Town, but in no event more than once a quarter thirty (30) days following the end of each quarter, the Licensee shall report to the Town the following for all call centers receiving calls from Subscribers except for temporary telephone numbers set up for national promotions:

(1) Percentage of calls answered within thirty (30) seconds as set forth in Subsection 1.D.

(2) Percentage of time customers received busy signal when calling the Verizon service center as set forth in Subsection 1.E.

Subject to consumer privacy requirements, underlying activity shall be made available to the Town for review upon reasonable request.

G. At the Licensee's option, the measurements and reporting above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change at least thirty (30) days in advance of any implementation.

SECTION 2: INSTALLATIONS AND SERVICE APPOINTMENTS

A. All installations shall be in accordance with FCC rules, including but not limited to, appropriate grounding, connection of equipment to ensure reception of Cable Service, and the provision of required consumer information and literature to adequately inform the Subscriber in the utilization of the Licensee-supplied equipment and Cable Service.

B. The Standard Installation shall be performed within seven (7) business days after the placement of the Optical Network Terminal ("ONT") on the customer's premises or within seven (7) business days after an order is placed if the ONT is already installed on the customer's premises.

The Licensee shall meet this standard for ninety-five percent (95%) of the Standard Installations it performs, as measured on a calendar quarter basis, excluding customer requests for connection later than seven (7) days after ONT placement or later than seven (7) days after an order is placed if the ONT is already installed on the customer's premises.

C. The Licensee shall provide the Town with a report upon request from the Town, but in no event more than once a quarter thirty (30) days following the end of each quarter, noting the percentage of Standard Installations completed within the seven (7) day period, excluding those requested outside of the seven (7) day period by the Subscriber. Subject to consumer privacy requirements, underlying activity shall be made available to the Town for review upon reasonable request.

At the Licensee's option, the measurements and reporting of above may be changed from calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change not less than thirty (30) days in advance.

D. The Licensee shall offer Subscribers "appointment window" alternatives for arrival to perform installations, Service Calls and other activities of a maximum four (4) hours scheduled time block during appropriate daylight available hours, usually beginning at 8:00 AM unless it is deemed appropriate to begin earlier by location exception. At the Licensee's discretion, the Licensee may offer Subscribers appointment arrival times other than these four (4) hour time blocks, if agreeable to the Subscriber. These hour restrictions do not apply to weekends.

SECTION 3: SERVICE INTERRUPTIONS AND OUTAGES

A. The Licensee shall promptly notify the Town of any Significant Outage of the Cable Service.

B. The Licensee shall exercise commercially reasonable efforts to limit any Significant Outage for the purpose of maintaining, repairing, or constructing the Cable System. Except in an emergency or other situation necessitating a more expedited or alternative notification procedure, the Licensee may schedule a Significant Outage for a period of more than four (4) hours during any twenty-four (24) hour period only after the Town and each affected Subscriber in the Service Area have been given fifteen (15) days prior notice of the proposed Significant Outage.

C. Licensee representatives who are capable of responding to Service Interruptions must be available to Respond twenty-four (24) hours a day, seven (7) days a week.

D. Under Normal Operating Conditions, the Licensee must Respond to a call from a Subscriber regarding a Service Interruption or other service problems within the following time frames:

(1) Within twenty-four (24) hours, including weekends, of receiving Subscriber calls respecting Service Interruptions in the Service Area.

(2) The Licensee must begin actions to correct all other Cable Service problems the next business day after notification by the Subscriber or the Town of a Cable Service problem.

E. Under Normal Operating Conditions, the Licensee shall complete Service Calls within seventy-two (72) hours of the time Licensee commences to Respond to the Service Interruption, not including weekends and situations where the Subscriber is not reasonably available for a Service Call to correct the Service Interruption within the seventy-two (72) hour period.

F. The Licensee shall meet the standard in Subsection E of this Section for ninety percent (90%) of the Service Calls it completes, as measured on a quarterly basis.

G. The Licensee shall provide the Town with a report upon request from the Town, but in no event more than once a quarter within thirty (30) days following the end of each calendar quarter, noting the percentage of Service Calls completed within the seventy-two (72) hour period not including Service Calls where the Subscriber was reasonably unavailable for a Service Call within the seventy-two (72) hour period as set forth in this Section. Subject to consumer privacy requirements, underlying activity shall be made available to the Town for review upon reasonable request. At the Licensee's option, the above measurements and reporting may be changed for calendar quarters to billing or accounting quarters. The Licensee shall notify the Town of such a change at least thirty (30) days in advance.

H. Under Normal Operating Conditions, the Licensee shall provide a credit upon Subscriber request when all Channels received by that Subscriber are out of service for a period of twenty-four (24) consecutive hours or more. The credit shall equal, at a minimum, a proportionate amount of the affected Subscriber(s) current monthly bill. In order to qualify for the credit, the Subscriber must promptly report the problem and allow the Licensee to verify the problem if requested by the Licensee. If Subscriber availability is required for repair, a credit will not be provided for such time, if any, that the Subscriber is not reasonably available.

I. Under Normal Operating Conditions, if a Significant Outage affects all Video Programming Cable Services for more than twenty-four (24) consecutive hours, the Licensee shall issue an automatic credit to the affected Subscribers in the amount equal to their monthly recurring charges for the proportionate time the Cable Service was out, or a credit to the affected Subscribers in the amount equal to the charge for the basic plus enhanced basic level of service for the proportionate time the Cable Service was out, whichever is technically feasible or, if both are technically feasible, as determined by Licensee provided such determination is non-discriminatory. Such credit shall be reflected on Subscriber billing statements within the next available billing cycle following the outage.

J. With respect to service issues concerning cable services provided to Town facilities, Licensee shall Respond to all inquiries from the Town within four (4) hours and shall commence necessary repairs within twenty-four (24) hours under Normal Operating Conditions. If such repairs cannot be completed within twenty-four (24) hours, the Licensee shall notify the Town in writing as to the reason(s) for the delay and provide an estimated time of repair.

K. Licensee may provide all notices identified in this Section electronically or on-screen.

SECTION 4: CUSTOMER COMPLAINTS

Under Normal Operating Conditions, the Licensee shall investigate Subscriber complaints referred by the Town within seventy-two (72) hours. The Licensee shall notify the Town of those matters that necessitate an excess of seventy-two (72) hours to resolve, but those matters must be resolved within fifteen (15) days of the initial complaint. The Town may require reasonable documentation to be provided by the Licensee to substantiate the request for additional time to resolve the problem. For purposes of this Section, "resolve" means that the Licensee shall perform those actions, which, in the normal course of business, are necessary to investigate the Customer's complaint and advise the Customer of the results of that investigation.

SECTION 5: BILLING

A. Subscriber bills must be itemized to describe Cable Services purchased by Subscribers and related equipment charges, and shall include the information required by 207 CMR 10.03(1) in clear, concise and understandable language and format. Bills shall clearly delineate activity during the billing period, including optional charges, rebates, credits, and aggregate late charges. Licensee shall, without limitation as to additional line items, be allowed to itemize as separate line items, License fees, taxes and/or other governmentally imposed fees. The Licensee shall maintain records of the date and place of mailing of bills.

B. Every Subscriber with a current account balance sending payment directly to Licensee shall be given at least five (5) days from the date statements are mailed to the Subscriber until the payment due date.

C. A specific due date shall be listed on the bill of every Subscriber.

D. Any Subscriber who, in good faith, disputes all or part of any bill shall have the option of withholding the disputed amount without disconnect or late fee being assessed until the dispute is resolved provided that:

- (1) The Subscriber pays all undisputed charges;
- (2) The Subscriber provides notification of the dispute to Licensee within thirty (30) days after the due date; and
- (3) The Subscriber cooperates in determining the accuracy and/or appropriateness of the charges in dispute.

E. The Licensee shall notify the Subscriber of the result of its investigation of any complaint and shall give an explanation for its decision within 30 business days after the receipt of the complaint. The Subscriber shall forfeit any rights under 207 CMR 10.07 if he or she fails

to pay the undisputed balance within 30 days. Any Subscriber who disagrees with the results of Licensee's investigation shall promptly inquire about and take advantage of any complaint resolution mechanism, formal or informal, available under this License or through the Issuing Authority before the Cable Division may accept a petition. The Subscriber or Licensee may petition the Cable Division to resolve disputed matters within 30 days of any final action.

F. The Licensee shall forward a copy of any Cable Service related billing inserts or other mailing sent to Subscribers to the Town upon request.

G. The Licensee shall provide all Subscribers with the option of paying for Cable Service by check or an automatic payment option where the amount of the bill is automatically deducted from a checking account designated by the Subscriber. Licensee may in the future, at its' discretion, permit payment by using a major credit card on a preauthorized basis. Based on credit history, at the option of the Licensee, the payment alternative may be limited.

H. The Issuing Authority hereby requests that Licensee omit the information specified in 47 C.F.R. § 76.952(a) from its Subscriber bills.

SECTION 6: DEPOSITS, REFUNDS AND CREDITS

A. The Licensee may require refundable deposits from Subscribers with 1) a poor credit or poor payment history, 2) who refuse to provide credit history information to the Licensee, or 3) who rent Subscriber equipment from the Licensee, so long as such deposits are applied on a non-discriminatory basis. The deposit the Licensee may charge Subscribers with poor credit or poor payment history or who refuse to provide credit information may not exceed an amount equal to an average Subscriber's monthly charge multiplied by six (6). The maximum deposit the Licensee may charge for Subscriber equipment is the cost of the equipment which the Licensee would need to purchase to replace the equipment rented to the Subscriber.

B. The Licensee shall refund or credit the Subscriber for the amount of the deposit collected for equipment, which is unrelated to poor credit or poor payment history, after one year and provided the Subscriber has demonstrated good payment history during this period.

C. Under Normal Operating Conditions, refund checks shall be issued within the next available billing cycle following the resolution of the event giving rise to the refund (e.g., equipment return and final bill payment).

D. Credits for Cable Service shall be issued no later than the Subscriber's next available billing cycle, following the determination that a credit is warranted, and the credit is approved and processed. Such approval and processing shall not be unreasonably delayed.

E. Bills shall be considered paid when appropriate payment is received by the Licensee or its' authorized agent. Appropriate time considerations shall be included in the Licensee's collection procedures to assure that payments due have been received before late notices or termination notices are sent.

SECTION 7: RATES, FEES AND CHARGES

A. The Licensee shall not, except to the extent expressly permitted by law, impose any fee or charge for Service Calls to a Subscriber's premises to perform any repair or maintenance work related to Licensee equipment necessary to receive Cable Service, except where such problem is caused by a negligent or wrongful act of the Subscriber (including, but not limited to a situation in which the Subscriber reconnects Licensee equipment incorrectly) or by the failure of the Subscriber to take reasonable precautions to protect the Licensee's equipment (for example, a dog chew).

B. The Licensee shall provide reasonable notice to Subscribers of the possible assessment of a late fee on bills or by separate notice.

SECTION 8: DISCONNECTION /DENIAL OF SERVICE

A. The Licensee shall not terminate Cable Service for nonpayment of a delinquent account unless the Licensee mails a notice of the delinquency and impending termination prior to the proposed final termination. The notice of termination shall be mailed to the Subscriber to whom the Cable Service is billed. The notice of delinquency and impending termination may be part of a billing statement.

B. Cable Service terminated in error must be restored without charge within twenty-four (24) hours of notice. If a Subscriber was billed for the period during which Cable Service was terminated in error, a credit shall be issued to the Subscriber if the Service Interruption was reported by the Subscriber.

C. Nothing in these standards shall limit the right of the Licensee to deny Cable Service for non-payment of previously provided Cable Services, refusal to pay any required deposit, theft of Cable Service, damage to the Licensee's equipment, abusive and/or threatening behavior toward the Licensee's employees or representatives, or refusal to provide credit history information or refusal to allow the Licensee to validate the identity, credit history and credit worthiness via an external credit agency.

D. Charges for cable service shall be discontinued at the time of the requested termination of service by the Subscriber, except equipment charges may be applied until equipment has been returned. No period of notice prior to requested termination of service can be required of Subscribers by the Licensee. No charge shall be imposed upon the Subscriber for or related to total disconnection of Cable Service or for any Cable Service delivered after the effective date of the disconnect request, unless there is a delay in returning Licensee equipment or early termination charges apply pursuant to the Subscriber's service contract. If the Subscriber fails to specify an effective date for disconnection, the Subscriber shall not be responsible for Cable Services received after the day following the date the disconnect request is received by the Licensee. For purposes of this subsection, the term "disconnect" shall include Subscribers who elect to cease receiving Cable Service from the Licensee and to receive Cable Service or other multi-channel video service from another Person or entity.

SECTION 9: COMMUNICATIONS WITH SUBSCRIBERS

A. All Licensee personnel, contractors and subcontractors contacting Subscribers or potential Subscribers at the homes of such Subscribers or potential Subscribers shall wear a clearly visible identification card bearing their name and photograph. The Licensee shall make reasonable effort to account for all identification cards at all times. In addition, all Licensee representatives shall wear appropriate clothing while working at a Subscriber's premises. Every service vehicle of the Licensee and its contractors or subcontractors shall be clearly identified as such to the public. Specifically, Licensee vehicles shall have the Licensee's logo plainly visible. The vehicles of those contractors and subcontractors working for the Licensee shall have the contractor's / subcontractor's name plus markings (such as a magnetic door sign) indicating they are under contract to the Licensee.

B. All contact with a Subscriber or potential Subscriber by a Person representing the Licensee shall be conducted in a courteous manner.

C. The Licensee shall send annual notices to all Subscribers informing them that any complaints or inquiries not satisfactorily handled by the Licensee may be referred to the Town.

D. All notices identified in this Section shall be by either:

(1) A separate document included with a billing statement or a message included on the portion of the monthly bill that is to be retained by the Subscriber;

(2) A separate electronic notification;

(3) A separate on-screen notification; or

(4) Any other reasonable written means.

E. The Licensee shall provide reasonable notice to Subscribers of any pricing changes or additional changes (excluding sales discounts, new products or offers) and, subject to the foregoing, any changes in Cable Services, including channel line-ups. Such notice must be given to Subscribers a minimum of thirty (30) days in advance of such changes if within the control of the Licensee, and the Licensee shall provide a copy of the notice to the Town including how and where the notice was given to Subscribers.

F. The Licensee shall provide information to all Subscribers about each of the following items at the time of installation of Cable Services, annually to all Subscribers, at any time upon request, and, subject to Subsection 10.E., at least thirty (30) days prior to making significant changes in the information required by this Section if within the control of the Licensee:

(1) Products and Cable Service offered;

(2) Prices and options for Cable Services and condition of subscription to Cable Services. Prices shall include those for Cable Service options, equipment rentals, program guides, installation, downgrades, late fees and other fees charged by the Licensee related to Cable Service;

(3) Installation and maintenance policies including, when applicable, information regarding the Subscriber's in-home wiring rights during the period Cable Service is being provided;

(8) Licensee practices and procedures for protecting against invasion of privacy; and

(9) The address and telephone number of the Licensee's office to which complaints may be reported.

A copy of notices required in this Subsection 10.F. shall be given to the Town at least fifteen (15) days prior to distribution to Subscribers if the reason for notice is due to a change that is within the control of Licensee and as soon as possible if not with the control of Licensee.

G. Notices of changes in rates shall indicate the Cable Service new rates and old rates, if applicable.

H. Notices of changes of Cable Services and/or Channel locations shall include a description of the new Cable Service, the specific channel location, and the hours of operation of the Cable Service if the Cable Service is only offered on a part-time basis. In addition, should the channel location, hours of operation, or existence of other Cable Services be affected by the introduction of a new Cable Service, such information must be included in the notice.

I. Every notice of termination of Cable Service shall include the following information:

(1) The name and address of the Subscriber whose account is delinquent;

(2) The amount of the delinquency for all services billed;

(3) The date by which payment is required in order to avoid termination of Cable Service; and
