Citizenship Affirmation	I am a U.S. Citizen
Residency Affirmation	I am a resident of the Commonwealth of Massachusetts
Statement of Intent	I intend to comply with and advance the policy established by this Act.
Statement of Interest	It is an honor to be considered for the Citizens Commission. It is my hope that my personal and professional experience allow me to significantly contribute. In my career I have developed a deep understanding of corporate strategy. This was further expanded through my MBA studies MIT Sloan focused on corporate sustainability. Now, in my position as Lecturer and Sr Assoc. Director at MIT Sloan's Sustainability Initiative, I address the impact corporations have in influencing society. My research and teaching focus on corporate engagement in the political process. Serving on the commission will improve the quality of my work. Through my civic engagement as the president of Boston's Bay Village Neighborhood Association, as a board member of the Environmental League of Massachusetts, and on the Alumni Advisory Board for the Boston Area Chamber of Commerce, I understand the impact of corporate policy on communities and the environment. These experiences combined allow me to have a balanced perspective on these positive and negative impacts. It is a thorny issue. We cannot deny that corporations play an essential role creating jobs and improving lives. While protecting privacy, they should have a voice in the political process. This is a historic moment. In serving on the commission I welcome the opportunity to contribute thoughtfully and with measure to a changing conversation that leads to what I believe can be a more transparent corporate role improving society.

### **DETAILED WORK EXPERIENCE**

### MIT SLOAN SCHOOL OF MANAGEMENT, SUSTAINABILITY INITIATIVE

Establish and develop relationships with students interested in pursuing a career in sustainability acting as advisor and mentor; create content/recruit speakers for weekly lunch series focused on skills development; teach structured problem solving and work design; increase exposure to sustainability through curriculum development and cross-campus collaboration. Build Alumni network and develop engagement opportunities to strengthen the community of Sloan graduates. Cultivate relationships with government, private sector, and NGO practitioners to engage in long-term research projects. Manage donor development pipeline and fundraising efforts. Manage all aspects of business and financial operations and cost accounting including \$1M annual operating budget.

### **Constituent Engagement:**

- Positioned the program to be ranked #1 in the US for Social Impact by the leading ranking entities: Corporate Knights, Net Impact and Business Because.
- Diversified and grew participation in masters-level courses and programming across MIT. More than tripled enrollment in flagship sustainability certificate program over 5 years from 21 – 61 students, overtaking established tracks of study including Finance. Increased the diversity of certificate enrollments to include members of programs from across the institute: Urban Studies, Engineering, Supply Chain, and Technology Policy
- Enriched curriculum by introducing an array of new courses and cases including managing the development of a now oversubscribed sustainable finance course and embedding sustainability related case materials into required core business school curriculum.

- Lead engagement efforts that resulted in 80% of business school students taking at least 1 sustainability course, and 35% taking at least three courses in their two years of study.
- Developed a platform for Alumni collaboration in Renewable Energy Finance.

# Fundraising, Development & Strategy:

- Created systems and processes that led to annual giving increase of 40% over three+ years
- Increased caliber of organizational collaborators to include Patagonia, Gap, Allagash Brewery, Amazon, Coca-Cola

# HOUGHTON MIFFLIN HARCOURT

# **Business Strategy:**

Successfully integrated *Cliffs Notes*, the single largest strategic business unit acquisition for HMH in the last decade on time and under budget. Developed key growth initiatives for the Trade Division of HMH, primarily in the areas of Digital and International. Built business cases for new strategic international partnerships.

### PERSEUS BOOKS GROUP

# **Financial Operations:**

Responsible for overall profitability of the department, individual sales and marketing efforts & new business initiatives.

- Prepared Int'l Sales financial targets maintaining 20% avg growth year-on-year
- Managed business to targeted operating expense goals maintaining 30% profit margin year-on-year
- Created P&Ls across multiple business areas (e.g. developed a model to determine optimal third-party client distribution rates for prospective Int'l clients.)

# **Business Operations:**

- Successfully lead strategic integrations, meeting all major baseline schedule dates and resulting in overall stakeholder satisfaction, including: Corporate acquisition of *Publishers Group West*, a \$300M Sales, Marketing and Distribution Company and High-profile International and industry Joint Venture *Faber Factory Powered by Constellation*.
- New Business Development: Instituted a process for evaluating new int'l ebook distribution partners based on revenue and operational expertise; Participated in contract negotiations resulting in 5 new partners (Eg. Amazon UK, Apple EU) with annual revenues of \$1.5M

# **Sales Operations:**

Primary point of contact for Int'l export sales and support staff regarding policy interpretation & operating procedures.

- Drafted & implemented over 20 new Standard Operating Procedures across multiple business functional areas (Eg. Streamlined the Sales Projection process which resulted in reducing print overages, and more accurate forecasting)
- In consultation with warehouse operations, improved delivery times to major int'l customers on average by 30%
- Negotiated 10% reduction in overseas carrier rates by consolidating shipments for in-house clients and owned business units.
- Streamlined the process of digital sales reporting, revenue recognition, & cash application reducing days receivable/Cash on Account by 3-4 months.
- Developed process and framework for analysis of ebook sales trends specifically in the areas of pricing promotions, category and regional/channel analysis, as well as profitability.

### Additional Roles/Other Experience/Accomplishments:

- **Core Committee Member:** Int'l representative in a cross-functional executive team charged with addressing operational complexities, inefficiencies, redundancies and cash exposures across all business units. Group of 9 representatives, considered "brain trust" of Perseus operations.
- Sales Channel Management/Personnel Management: Built Int'l Sales Program from the ground up. Managed key markets: Canada, UK, Australia/NZ, India, South Africa & a team of sales reps in the non-English speaking markets, increasing sales by 85% over 4 years.
- **Contract Negotiation:** Responsible for negotiating terms with key int'l consignment distributors (reducing discounts on average by 5 7% points), freight carriers and digital distribution vendors.

### HACHETTE BOOK GROUP (Formerly Time Warner Book Group)

### Sales Management & Client Services:

- Managed 1<sup>st</sup> tier retail accounts & 100+ independent gift reps, generating a yearly net income of \$5.4 million, 20% of yearly net departmental revenue *Examples of Accounts Served:* Urban Outfitters, TJMaxx/Marshalls, Guggenheim
- Department liaison with distribution client Disney Publishing Worldwide, representing 25% of yearly departmental revenue (\$6 Million). Created sales plans & marketing initiatives. Produced monthly sales reports for the group.

### Sales Operations:

 In cooperation with IT, streamlined & automated processes (eg. Commissioned payments – reducing time from 3 days to ½ day; Electronic Catalog – Created a bi-weekly report displaying all available titles used in sales material development; Sales Reporting – Developed a snapshot report of monthly sales by distribution channel – used for identifying areas for improved sales growth)
