Nothing in this License shall be construed to prohibit Licensee from offering any service over its Cable System that is not prohibited by federal or state law.

(b) This Renewal License is granted under and in compliance with the Cable Act and M.G.L.c. 166A, and in compliance with all rules and regulations of the FCC and the Cable Division in force and effect during the period for which this Renewal License is granted.

(g) In the event that Licensee demonstrates that an existing or future Cable Service provider in the City has been provided relief by the Issuing Authority from any obligation of its license, then Licensee shall be awarded an equivalent amount of relief from obligations herein. Such relief shall be in writing and in the form of an amendment to this License. The Issuing Authority shall convene a public hearing on the issue within sixty (60) days of Licensee's notification to the Issuing Authority requiring such relief, unless otherwise mutually agreed to. Licensee shall provide reasons for its belief in the notification. At the public hearing, the Issuing Authority shall afford Licensee an opportunity to demonstrate that any existing or future service providers in the City have been provided relief by the Issuing Authority from any obligation of its cable television license. Licensee shall provide the Issuing Authority with such financial or other relevant information as is requested to justify its belief; provided, however, that the parties' counsels mutually and reasonably deem said information is non-proprietary.

In the event that the problem is caused by equipment not under control or ownership of the Licensee, the Licensee reserves the right to charge the City for any technical assistance requested by the City whether or not the Licensee is actually able to resolve the problem.

(h) Pursuant to this Section, the I-Net shall be operated, maintained, serviced and/or repaired, as necessary, by the Licensee at no charge to the City. Licensee reserves the right to pass maintenance cost of the I-Net through to its subscribers pursuant to applicable law.

(i) The I-Net shall not be physically and/or directly connected to and/or with the Cable System and/or facilities of any other Cable System operator in the City without the express written agreement between the Licensee and such other cable system operator.

(b) The construction, maintenance and operation of the Cable Television System for which this Renewal License is granted shall be done in conformance with all applicable laws, bylaws/ordinances of general applicability, codes and regulations, including but not limited to OSHA, the National Electrical Safety Code, and the rules and regulations of the FCC as the same exist or as same may be hereafter changed or amended.

SECTION 4.2 - REPAIRS AND RESTORATION [SEE M.G.L.c. 166A §5(g)]

Whenever Licensee takes up or disturbs any pavement, sidewalk or other improvement of any public right of way or public place, the same shall be replaced and the surface restored in as good condition as possible as before entry as soon as practicable. If Licensee fails to make such restoration within a reasonable time, the Issuing Authority may fix a reasonable time for such restoration and repairs, and shall notify Licensee in writing of the restoration and repairs required and the time fixed for the performance thereof. Upon failure of Licensee to comply within the time specified, the Issuing Authority may cause proper restoration and repairs to be made and the expense of such work shall be paid by Licensee upon written demand by the Issuing Authority.
