

# Behavioral Health Treatment and Referral Platform

(BH TRP)

BH TRP workflow for end users

# BH TRP User Types

---

## **Patricia Young**

Adult patient needing referral for Inpatient Psychiatric placement

## **Case Manager as Patricia's MCO**

Will support Patricia in finding her placement under EPIA protocol

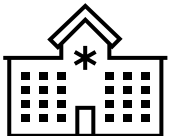

## **ED Coordinator at Cranberry Hospital**

Responsible for managing referral and coordinating Patricia's inpatient psychiatric placement

## **DMH/DDS staff**

Supporting Boarding Patient Placement

## **Admission Coordinator at GetWell Hospital**

A standalone Inpatient Psychiatric Facility that will eventually admit Patricia

## **EPIA team, MassHealth ACBH team**

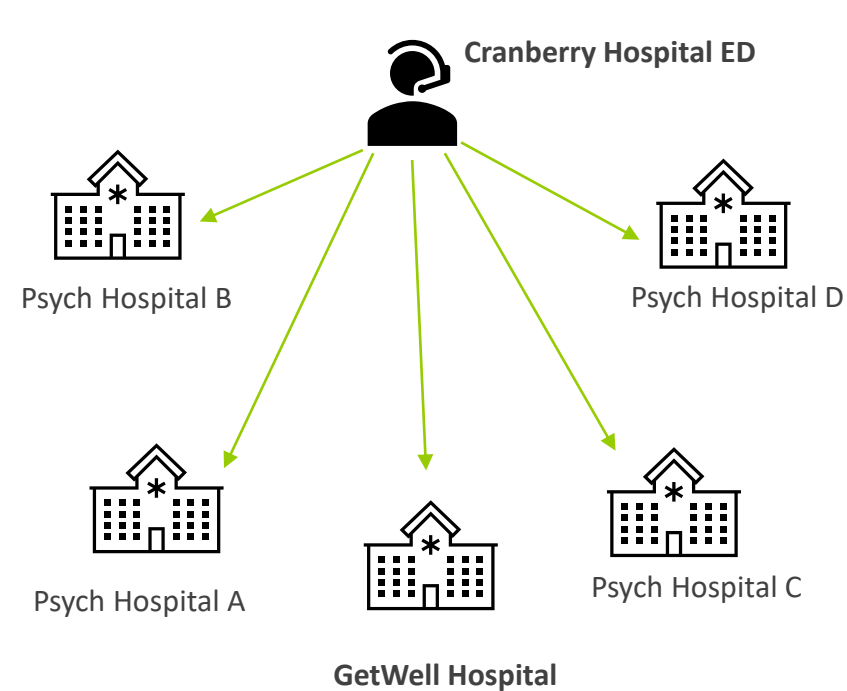

Supporting Boarding Patient Placement

# BH TRP Workflow

ED User at Cranberry submits referral for Patricia Young through the BH TRP, in which all applicable BH TRP users can view.

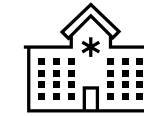

Patricia Young appears on the BH TRP dashboard for selected Inpatient Psychiatric Facilities in MA.

Inpatient Psychiatric Facilities will be able to review Patricia Young's referral (including the Admission Packet) and can accept, decline, or request more information.

# BH TRP Workflow

When Patricia Young's referral is submitted, the referral will be immediately pushed to the dashboards of involved Payer/MCO, MassHealth ACBH, EPIA, and DMH or DDS (if patient receives services).

As Patricia Young's ED boarding time reaches the 24-mark, an escalation notification is sent to the Payer/MCO/State Agencies. At the 60-hour mark, a notification is pushed to the EPIA team.

In response to the BH TRP notification, Payer/MCO, State Agencies, MassHealth ACBH and EPIA can review and monitor Patricia's referral within the BH TRP and help in the coordination of her psychiatric placement.

\* DDS, DMH only receives a notification if the patient boarding is receiving services from DDS and/or DMH

# BH TRP Workflow

GetWell Hospital has reviewed Patricia's referral details and Admission Packet, and would like to 'Accept' this patient for admission in the BH TRP.

ED user is notified via the BH TRP of a response from GetWell Hospital regarding Patricia Young.

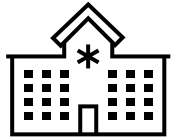

All parties working in the BH TRP will see this updated accepted status.

After coordinating with GetWell, Patricia's ED Coordinator changes the status to 'Transferring,' indicating Patricia will be placed at GetWell.

Applicable users working in the BH TRP will see the patient is Transferring.

Upon admission, GetWell staff updates status in the BH TRP to 'Admitted,' which closes out the referral.

Completed or Cancelled referrals are only visible to ACBH/EPIA users.
