Policy 2023-03: Policy on Provisionally Issued Full Licenses for Qualified Applicants:

Roisin Cahill, Deputy Director of Licensing, stated to the Board that Policy 2023-03 allows the Board to issue provisional full licenses to qualified applicants, which would permit them to start practicing while Board staff collected primary source documentation to complete their full license applications.

Ms. Cahill informed the Board that the proposed amendments to Policy 2023-03 would extend the Board's ability to issue provisional full licenses to qualified applicants who have not yet completed a full twenty-four (24) months of required postgraduate training as defined in 243 CMR 2.00 et seq. The proposed amendments would authorize issuing a provisional full license to an applicant who has successfully completed at least twenty-one (21) months of qualifying postgraduate training, so long as the Board is in receipt of written confirmation from the applicant's training program that the applicant is in good standing and is due to complete an additional three months of training within the program. This would assist applicants in addressing credentialing and other administrative matters in a timely fashion, so that they can begin practicing independently immediately upon completion of 24 months of postgraduate training.
