LOCAL HELP FOR PEOPLE WITH MEDICARE

Medicare

Medicare is a Federal Government health insurance program administered by the Centers for Medicare and Medicaid Services (CMS) for people:

- age 65 or older
- under age 65 with certain disabilities

Medicare has **four** parts:

- **Part A (Medicare Hospital Insurance)**

Helps pay for inpatient care in hospitals, skilled nursing facilities, hospice, home health care and other services.

- **Part B (Medicare Medical Insurance)**

Helps pay for outpatient medical services including doctor visits, medical equipment, home health care, outpatient care, and some preventive services.

- **Part C (Medicare Advantage Plan)**

Medicare Advantage Plans include Medicare Part A (Hospital Insurance) and Part B (Medical Insurance).

Some Medicare Advantage Plans may offer Medicare Part D, prescription drug coverage at additional charge and other services not covered by Medicare. Medicare Advantage Plans (like HMOs, PPOs) are sold by private health insurance companies approved by Medicare.

- **Part D (Medicare Prescription Drug Coverage)**

Helps pay for outpatient prescription drugs. Medicare prescription drug plans are sold by private insurance companies approved by Medicare.

There are (2) ways to get Medicare coverage:

- (1) **Original Medicare** is fee-for-service coverage administered directly by Medicare. Original Medicare covers Medicare **Part A (Hospital)** and **Part B (Medical)** services.

Under Original Medicare, you have the choice of doctors, hospitals and other providers that accept Medicare.

You may purchase optional **Medicare Supplement (Medigap)** insurance from a private company or have employer or other health insurance to help pay for deductibles and coinsurance in Original Medicare.

You may decide to purchase a **Medicare Prescription Drug plan (Part D)**

January 1, 2014

LOCAL HELP FOR PEOPLE WITH MEDICARE

to help pay for outpatient prescription drugs.

(2) Medicare Advantage Plan (like an HMO or PPO)

Medicare Advantage Plan/s (MAP) cover Medicare **Part A and Part B** Services. MAPs are sold by private companies approved by Medicare and usually charge a monthly premium.

Some plans offer additional benefits not covered by Medicare.

Most plans require use of network doctors, hospitals and other providers.

Some MAPs offer Medicare prescription drug coverage (Part D) at additional cost.

You must be enrolled in Medicare A and B, pay plan premiums, deductibles, copays and coinsurance.

(Medicare Supplement Insurance cannot be sold to MAP enrollees)

Medicare Advantage Plans sold in Massachusetts

- **Health Maintenance Organizations (HMO)**

Must be a resident of the plan's service area and use provider network

- **Preferred Provider Organization (PPO)**

Must be a resident of the plan's service area

May use out-of-network Medicare providers at higher premium

- **Point-of Service (HMO/POS)**

Must be a resident of the plan's service area

May use of out-of-network Medicare providers at higher premium

- **Private Fee-for-Service (PFFS)**

May use any Medicare provider that agrees to treat patient

The Plan determines provider and patient payment for the services

- **Special Needs Plan (SNP)**

For people with Medicare and Medicaid or special conditions

Medicare Prescription Drug Coverage (Part D)

Medicare prescription drug coverage (Part D) helps pay for prescription drugs.

Medicare prescription drug plans are sold by private companies approved by Medicare. Each plan can vary in cost and specific drugs covered.

Medicare Prescription Drug Plans (PDPs) are stand-alone plans for for enrollees in **Original Medicare**.

Most **Medicare Advantage Plans** offer optional Medicare prescription drug coverage.

Medicare Supplement Insurance (Medigap)

Medicare Supplement Insurance (also called Medigap Insurance) is sold by private insurance companies to help pay health care costs that Original Medicare does not cover such as deductibles and coinsurance.

Some Medigap insurers may include coverage for services that are not covered by Original Medicare.

Two standard Medigap policies are offered to Massachusetts residents:

Medicare Supplement Core and Medicare Supplement 1

Note: In compliance with Medicare rules, Medicare Supplement 2, (included prescription drugs), cannot be sold after December 31, 2005. Existing enrollees in Supplement 2 could choose to remain enrolled.

Medicare Supplement Insurance (Medigap) for Massachusetts residents is regulated by federal and state laws including the following:

- Medigap policies must be clearly identified as “**Medicare Supplement Insurance**”
- Policies and text are standard for all insurers, Basic benefits are the same, some may offer additional benefits
- Medigap insurance is guaranteed renewable and cannot be cancelled unless the beneficiary stops paying the premium or provides false information on the application.
- Medigap insurers cannot refuse to sell a policy, exclude or limit coverage, or require a waiting period before coverage starts due to existing health problems.
- Medigap insurers must offer the same premium (a “community rate”) to all policyholders and cannot charge a different premium based on age or health.

HMO = Health Maintenance Organization A type of plan in which you can only go to doctors, hospitals and other providers that belong to the plan network, except in an emergency.

MSA = Medical Savings Account A plan that has two parts. The first part is a high-deductible Medicare Advantage MSA Health Plan. This health plan won't begin to pay covered costs until you have met the annual deductible, which varies by plan. The second part is a Medical Savings Account into which Medicare deposits money that you may use to pay health care costs.

PPO = Preferred Provider Organization A type of plan in which you pay less if you use doctors, hospitals, and other providers that belong to the plan network. You can use doctors, hospitals, and other providers outside of the network for an additional cost.

PFFS = Private Fee for Service A type of Medicare Health Plan in which you may go to any Medicare-approved doctor or hospital that accepts the plan's payment. The insurance plan, rather than the Medicare Program, decides how much it will pay and how much you will pay for the services you have. Under this type of plan you may pay more or less for Medicare-covered benefits and you may have extra benefits that Original Medicare Plan doesn't cover.

SCO = Senior Care Option A voluntary program that combines health care services with social support services to help low-income seniors maintain their health and stay in their own homes. With SCO, a team of medical professionals works together to provide you with care that is individually tailored to meet your needs. You must be 65 years of age or older and eligible for MassHealth (Medicaid) to join; you may also have Medicare.

SNP = Special Needs Plan A special type of Medicare Advantage Plan that provides all Medicare Part A and Part B health care and services to people who can benefit the most from things like special care for chronic illnesses, care management of multiple diseases, and focused care management. These plans may limit membership to people in certain institutions (like a nursing home), eligible for both Medicare and Medicaid, or with certain chronic or disabling condition.
