Bureau of Forestry Pre-Management Tour June 14th, 2022

The DCR Forest Management Program will be leading tours of prepared forest management areas, discussing forest management techniques, and expected outcomes. A detailed prescription for each operation will be provided to attendees. These tours culminate a public process that included public meetings and a written comment period on each project.

This tour will follow current state and local requirements concerning COVID 19.

The tours will be conducted rain or shine as indicated below. Attendees are encouraged to dress for the weather and to wear sturdy shoes. Walking within these project areas may be difficult due to fallen trees, rocks and other obstacles. For additional information about the tours and DCR forest management on State Forests, Parks, and Reservations, please contact Tom Brule', Management Forestry Program Supervisor, at 413-545-3891.

Tuesday June 14th, 2022, 3:00 p.m. – 4:30 p.m. Myles Standish State Forest, Carver/Plymouth
DCR Forester **Paul Gregory** will lead a tour of the **Charge Pond Campground Complex Protection Plan** project, a **30-acre** planned forest management project within **pitch pine and white pine** forest types. Meet at the **Myles Standish State Forest Headquarters at 194 Cranberry Road in Carver** (see attached map). Attendees will caravan to the Charge Pond Road parking lot. Attendees will then walk within the project area to view the planned operation. This tour will involve walking off trail. Attendees should be prepared to be away from their vehicles for an extended amount of time and distance for this tour.
