CIRCULAR LETTER NO. 59

TO: ALL HOSPITALS

IN RE: CHARGES OF HOSPITALS FOR SERVICES UNDER THE
WORKMEN'S COMPENSATION ACT.

Gentlemen:

Kindly refer to Department Circular Letter No. 53
on the above-named subject.

The Industrial Accident Board is informed that necessary blanks have been furnished to each hospital so that its Statement of Reimbursable Cost may be seasonably filed with the Department of Public Health. Each hospital is requested to file its statement so that the Department of Public Health will be able to certify the per diem rate by May 1, 1950. Any change in rate approved by the Industrial Accident Board will be effective June 1, 1950.

Also note the paragraph in Department Circular Letter No. 53 reading, "The rates for hospitals which fail to so submit a Statement of Reimbursable Cost to the Department of Public Health, or which have not been approved by the said Department of Public Health on or before May 1, of each year shall be determined for the ensuing year by the Board."

Very truly yours,

JOHN W. HENDERSON
Assistant Secretary
