
**Commonwealth Automobile Reinsurers’
Proposed Changes to the Rules of Operation
Docket No. C2004-02**

Order

On September 29 of this year, I issued an order setting an October 20 hearing date to consider the Revised Proposal submitted by Commonwealth Automobile Reinsurers (“CAR”) on September 24. The Revised Proposal was submitted in response to an order, issued in this matter on August 27, that remanded to CAR the Proposal to revise its Rules of Operation that it had filed on June 30.

On October 8, CAR filed a second set of revisions to Rule 11, Assessments and Participation. To ensure adequate time for interested persons to review and analyze the new proposal, I am again enlarging the date for the scheduled hearing to provide additional time for review. The hearing scheduled for October 20 is hereby continued to October 29, at 10:00 a.m. at the Division. CAR is instructed to notify its members of the new date.

Those who have submitted Notices of Intent to Testify on October 20 need not submit a new notice. Any other person who wishes to make a statement at the hearing is asked to submit a Notice of Intent to Testify on or before October 27. All other persons will be heard after those who submit such notices.

DATED: October 8, 2004

Jean F. Farrington
Presiding Officer
